## Yellow Mustard For Rheumatism

A good hot mustard plaster is pretty sure to overcome most rheumatic pains and even gout, but it's a messy affair and generally blisters. Heat is absolutely necessary if you want permanent relief. **Beg's Mustarine**, made of true yellow mustard with pain relieving ingredients added is just as hot, is cleaner, and more effective than the old-fashioned poultice or plaster and cannot blister. Besides rheumatic pains and swellings, Beg's Mustarine is speedily effective for lumbago, backache, neuritis, pleurisy, bronchitis, sore throat, chest colds and all aches and pains because heat eases pain—30 and 60 cents at druggists or by mail, S. ## CLUB DOM

EYES of members of the General Federation of Women's clubs, are turned toward Des Moines, where the next biennial meeting will be held in June, 1920. Nebraska will send a large delegation to this neighboring state which even now has definite plans for the gathering. The Des Moines Register of recent date describes the outlook as follows: "Mrs. Littleberry J. Haley, Birmingham, Ala., chairman of the program committee, says: 'The Des Moines convention will be epochal in the history of the general federation. The program will emphasize its great opportunity and purpose to turn all of its influence growing out of the great war as they bear upon our individual and national life. This is a day of many dangerous 'isms' and the Des Moines convention will stress sane, healthful and progressive ideas that will lead to a better understanding of the woman's responsibility and opportunity in these momentous times.' 'Preparations are being made to entertain a minimum of 5,000 guests by the local biennial board, of which Mrs. Gardner Cowles is the chairman. Mrs. Homer A. Miller, the Iowa member of the board of directors of the G. F. W. C., is chairman of the biennial convention committee, and Mrs. Fred-

## Federation Notes

The Tuesday club of West Point gave a home talent play recently for the benefit of civic improvements. Standing room was in demand at the auditorium where it was given and the large audience was highly entertained by the production.

Miss Jane L. Pinder of Grand Island spoke before a meeting of the Wood River Woman's club at a recent meeting on the "Economy Campaign in Nebraska."

The Herman Woman's club has made arrangements to sponsor a series of four entertainments—musical, dramatic, literary and social—to be given next season, beginning early in October.

The Harvard Woman's club gave an "Americanization Tea" at the school house, February 6, which was a success both financially and socially. Guests were met at the door by Uncle Sam and Miss Columbia. A fine program representing Russia, Italy and Sweden was given under the direction of Mrs. L. A. Sherburn. After the program Mrs. A. J. Jenson, president of the club, announced that the proceeds would be used to purchase needed accessories for school play grounds. At the top of the drum the guests joined in a grand march to the refreshment booths, dropping their nickles and dimes in the honor of the school as they passed. Decorations of halls and refreshment booths were characteristic of the countries represented. The club women were in costume.

The Madison Woman's club met Thursday afternoon, February 26, with Mrs. Foster. At the preceding meeting, Miss Harriet Long gave an interesting account of her experience in field library work among the soldiers from the time she began on the Mexican border until she left France and Germany to return to the United States.

## For Women Voters

Nebraska women are to vote this year. Their votes may be decisive. Quite usually, they are confronted with many new questions, both as to the theory of voting and the issues involved. The Bee, under this heading, will answer each day such questions as its readers may ask. The questions need not be exclusively by women, although special attention will be paid the women's problems. Address "The Woman Voter," The Bee.

How many members are there in the constitutional convention?

## The Fiftieth Anniversary

Just fifty years ago this winter Dr. Pierce gave to the world his famous "Favorite Prescription" for the distressing weaknesses and complaints of women. For many years he had been in the active practice of medicine and his specialty was the diseases of women. Later he desired to give this to the public, and he received a trade-mark protection from the United States patent office for this medicine which is an herbal, "temperance" prescription with all the ingredients printed on the bottle wrapper. In his every day practice in the early days he also used a tonic and alterative for the blood, which was so universally beneficial that he determined to place this medicine in the drug stores of the United States, where it could be readily procured by the public. This he called his "Golden Medical Discovery" which he had prescribed many years for the stomach, liver and blood. Both these medicines met with instant success, and during the past half century have sold in greater quantities than any other proprietary medicines. Neither of Dr. Pierce's medicines contains alcohol and both are herbal extracts of native medicinal plants. For the past fifty years forty-eight million bottles have been used by the American public, and they are today the standard tonic for men and women. They are now put up in tablet as well as liquid form, and sold by every druggist in the land. A trial package can be obtained by sending 10 cents to Dr. Pierce's Invalide' Hotel in Buffalo, N. Y. Write Dr. Pierce if you want free confidential medical advice, or a free booklet on any chronic disease.
