

SAYS HYSTERIA LED TO CHARGES OF RADICALISM

Attorney for Suspended New York Assemblymen Speaks Five Hours in Defense of Clients.

Albany, N. Y., March 3.—Morris Hillquit, summing up in a five-hour speech in defense of the suspended socialist assemblymen who have been under investigation for the past seven weeks, told the assembly judiciary committee it had no right to impose upon these five men qualifications for office not demanded by the constitution.

Declaring that the whole proceeding against his clients was "a part of the national hysteria against radicalism," Mr. Hillquit demanded that the judiciary committee frame a report recommending the seating of the five socialists and completed his summing up with a warning that if the assemblymen are unseated "that stain upon democracy will never be washed off, never be removed."

"That precedent once created,"

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at tongue! Remove poisons from stomach, liver and bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear.

Mother! You must say "California."

he asserted, "will work towards the undoing of the entire constitutional, representative system so laboriously built up and upheld in this country."

Mr. Hillquit, replying to charges made against socialists, said:

That the socialist party was revolutionary and that socialists are revolutionists in the sense that they revolve a program that will take the industrial system out of the hands of private individuals and turn it over to the people to organize it properly.

That socialism has come to build and not to destroy and that the mass action the socialist party has in view is the legal organized action of large masses in the community.

Protest Was Duty

That the socialist party did its sacred duty to protest against the war, inasmuch the socialist party did not believe that democracy would be assured as the result of the war.

That the socialist party has a right to tell candidates elected on the socialist platform to get out of the party should they prove untrue to platform pledges and promises.

That the socialist party is not an anti-national party and that if socialism is international, so is capitalism, art and modern life.

That the socialist party does not approve of the soviet government of Russia and does not seek to introduce a soviet form of government in the United States, although sympathizing with the Russian socialists in the maintenance of their soviet government.

Drawing Room Dances Swell Income of Many London Home Owners

London, March 3.—A new and popular as well as paying custom in London is the letting of drawing rooms for dances. Advertisements appear daily offering dancing accommodations by the night or a series of nights. Owners who let their rooms for these purposes absent themselves to "let the dance go on."

"We go out for the evening and return quietly at midnight and creep up to bed, half scared to be seen in our own homes," said one owner to Universal Service today. "The money helps in these economical times. Our house is in a good locality, we supply services and have a piano, so we charge from \$50 to \$100 an evening, according to the size of the party."

Belgian Chamber Favors Votes for Women Idea

London, March 3.—The Belgian chamber has voted in favor of votes for women 21 years of age, as well as men, in communal elections, says the Brussels correspondent of the London Times.

An amendment offered by Burgomaster Max excluding women of "notorious misconduct" was adopted.

In view of the fact that voting at elections is compulsory, the presence of only one woman in the public gallery during the debate would seem to indicate women take little interest in the question.

BISHOP ACCUSES OFFICER OF PLAN TO ENTRAP HIM

Charge Made at Hearing Before Naval Board of Inquiry In Vice Probe.

Newport, R. I., March 3.—A protest that an effort was being made by Lieut. E. M. Hudson, United States navy, to "entrap" him was voiced from the witness stand by Bishop James DeWolfe Perry of the Episcopal diocese of Rhode Island, at a hearing before a naval board of inquiry into charges that the naval anti-vice squad was guilty of vicious practices.

Bishop Perry, under cross-examination by Judge Advocate Hyneman, said the letter of protest addressed by a number of ministers to President Wilson was not written in the spirit of "acts 16:37."

At Tuesdays' hearings the Rev.

Stanley C. Hughes, chairman of the ministers' committee which requested the inquiry, testified that in a letter to Bishop Perry, he had mentioned the case of the Rev. Samuel Neale Kent, who was acquitted of vice charges, and had quoted acts 16:37, relating to the false imprisonment of St. Paul.

"I know the spirit in which I signed it," Bishop Perry said, discussing the letter. "It was to protect the liberties of American citizens and the standard which I felt the president would hold himself responsible to preserve."

Previously in answer to a question bearing on the alleged vicious methods employed by the navy "vice squad," he had said: "The public conscience of the United States has been outraged by these practices."

May Reduce Acreage

Pierre, S. D., March 3.—Farmers in some sections of South Dakota are threatening to reduce their grain acreage sharply this year unless labor prospects become improved, according to information received at the state capital.

Bishop Perry, under cross-examination by Judge Advocate Hyneman, said the letter of protest addressed by a number of ministers to President Wilson was not written in the spirit of "acts 16:37."

At Tuesdays' hearings the Rev.

American Farm Bureau Federation Organized At Chicago Meeting

Chicago, March 3.—The American farm bureau federation was organized Wednesday at a meeting of representatives from 28 state farmers' bureaus. J. R. Howard of Clemens, Ia., was elected president and J. W. Coverdale, Ames, Ia., secretary.

The objects of the federation, it was announced, are to correlate and strengthen the individual state farm bureaus and similar state organizations in national body, to promote,

protect and represent the business, economic, social and educational interests of the farmers of the nation, and to develop agriculture.

The membership of the federation was placed at 700,000. It was announced that \$200,000 had been received as membership dues from the state bureaus.

The federation was divided into four groups, the northeast, the central, the southern and the far western.

60,000 Men on Strike

London, March 3.—Two hundred tin plate mills are made idle through strikes. Sixty thousand men now are affected by the South Wales steel strike.

Refuse to Allow Yankee Citizen to Enter Mexico

Washington, March 3.—Blunt rejection met the effort of the State department to induce the Mexican government to permit Henry Forres, an American citizen, to re-enter Mexico after testifying before the senate subcommittee on Mexican conditions. Answering a note presented by George T. Summerlin, charge to the American embassy, Hilario Medina, subsecretary of foreign affairs, said that "in view of the antecedents" of Forres, his entry could not be permitted. Medina also charged that Forres had conducted a propaganda against Mexico "among persons attending the sessions" (of the subcommittee.)
