

SAYS HYSTERIA LED TO CHARGES OF RADICALISM

Attorney for Suspended New York Assemblymen Speaks Five Hours in Defense of Clients.

Albany, N. Y., March 4.—Morris Hillquit, summing up in a five-hour speech in defense of the suspended socialist assemblymen who have been under investigation for the past seven weeks, told the assembly judiciary committee it had no right to impose upon these five men qualifications for office not demanded by the constitution.

Declaring that the whole proceeding against his clients was "a part of the national hysteria against radicalism," Mr. Hillquit demanded that the judiciary committee frame a report recommending the seating of the five socialists and compelling his summing up with a warning that if the assemblymen are unseated "that stain upon democracy will never be washed off, never be removed."

"That precedent once created," he asserted, "will work towards the undoing of the entire constitutional, representative system so laboriously built up and upheld in this country."

Mr. Hillquit, replying to charges made against socialists, said: "That the socialist party was revolutionary and that socialists are revolutionists in the sense that they favor a program that will take the industrial system out of the hands of private individuals and turn it over to the people to organize it properly."

That socialism has come to build and not to destroy and that the action of the socialist party has in view is the legal organized action of large masses in the community.

Protest Was Duty.

That the socialist party did its sacred duty to protest against the war, inasmuch as the socialist party did not believe that democracy would be assured as the result of the war.

That the socialist party has a right to tell candidates elected on the socialist platform to get out of the party should they prove untrue to platform pledges and promises.

That the socialist party is not an anti-national party and that its socialism is international, so is capitalism, art and modern life.

That the socialist party does not approve of the soviet government of Russia and does not seek to introduce a soviet form of government in the United States, although sympathizing with the Russian socialists in the maintenance of their soviet government.

Kentucky Republican Delegates Uninstructed

Louisville, March 4.—The Kentucky republican state convention endorsed A. T. Hert, Gov. E. P. Morrow, Mrs. John Glover South, Frankfort, and Dr. S. H. George, negro, Paducah, as the four delegates from the state-at-large to the republican national convention in Chicago. The convention voted that they shall be uninstructed.

Famous Cayuse Indian Given Notable Burial

Pendleton, Ore., March 4.—The largest funeral ever held on the reservation took place when the late Yum Umkin was buried at the reservation. He was asphyxiated at Chicago while on his way to Washington, D. C., on business for his tribe. He was a famous Cayuse Indian and left an \$80,000 estate.

Blame the High Cost of Living to Eating "Too Far Up on Hog, Too Far Back on Beef"

Chicago, March 4.—Southern laborers who are "eating too high up on the hog" and American housewives who "eat too far back on the beef" are to blame for the continued high cost of living, the American Institute of Meat Packers announced today. With the export market for meat shattered by adverse foreign exchange and wholesale prices back to where they were a year and two years ago, the American consumer is chiefly responsible, the institute's bulletin on February conditions says.

Discovery of Helium Gas Praised by Dutch Expert

Washington, March 4.—Admiration for "remarkable work" done in the United States in connection with its discovery of helium, the non-inflammable balloon gas developed by the Navy department during the war, was expressed by Prof. Kamerlingh Onnes of the University of Leiden, Holland, in a letter received at the department. Specimens of the gas recently were sent to Prof. Onnes, an international authority in this field of chemistry and the only person to succeed in liquefying the gas. He pronounced the specimens "practically perfect" and tendered the use of his famous laboratories at Leiden for any further experiments the department might wish to conduct.

Government to Pay Expenses of Bringing Back Hero Dead

Washington, March 4.—Assurances that the government will pay all expenses incident to the return of American soldier dead from Europe was given by Secretary Baker to a committee of Gold Star Fathers. The War department bears all expenses of transportation from Europe to the home of next of kin, Mr. Baker explained, and the War Risk Bureau is authorized to pay funeral expenses up to \$100 in each case. Purchases of cemetery lots is included in the funeral expenses.

OMAHA PIONEER AND WAR VETERAN DIES IN FLORIDA

Col. Curtis Ends Eventful Career as Plainsman, Miner, Soldier and Politician.

Col. Samuel S. Curtis, 82 years old, died at Palm Beach, Fla., Wednesday, according to information received here.

He had been ill for several days with heart disease. During the summer months he has been making his home at the Blackstone and Fontenelle hotels for several years.

Colonel Curtis was a retired Omaha real estate dealer and capitalist. He moved to Omaha to make his permanent home in 1882. He was a member of the Omaha Real Estate Exchange, Loyal Legion and G. A. R.

He was born in McCormelsville, O., March 7, 1838, and received his education in the public schools of Wooster, O.; Keokuk, Ia., and St. Louis. He left school at the age of 15 years and first visited Omaha, making the trip from St. Louis to Council Bluffs on a steamboat.

Locates in Bluffs.

Mr. Curtis again visited Omaha in 1855 and business brought him to this city nearly every year after that until he decided to locate here. He crossed the plains to the Rocky mountains eight times before the first railroad line was built.

Mr. Curtis was appointed postmaster of Denver in 1861 and served until the following year, when he left to bear arms in the civil war. He was the first postmaster of Denver appointed by a republican administration. During his entire lifetime he was affiliated with this political party.

He served as a major in the Second Colorado infantry, lieutenant colonel and A. D. C. in the Missouri state militia, lieutenant colonel of the Third Colorado infantry and as a major of the Second Colorado cavalry.

Following the war he made a trip to Europe in 1866 and on his return he was appointed assistant United States attorney at Keokuk, Ia., in 1868. He moved to St. Louis in 1871, returning to Keokuk in 1874, where he resided until he came to Omaha in 1882.

On 1896 he was appointed master-in-chancery of the United States circuit court, district of Nebraska, and served until 1912. He conducted a real estate office at Eighteenth and Harney streets, retiring a few years ago.

He made a steamboat trip from Fort Sully, N. D., to St. Louis on the Calypso in December, 1865.

Mr. Curtis was married to Miss Kate Bird in New York in 1868. Two children survive him, Mrs. E. D. Bird of New York and Miss Kate Belinda Curtis, who was with him at the time of his death.

Funeral services will be held in New York city, where his wife is buried. Miss Curtis left Palm Beach immediately with the body of her father.

DUBLIN POLICE ARREST MANY IN VARIOUS RAIDS

Sinn Fein Member of Commons and Head of Transport Workers Fall to Officers.

Dublin, March 4.—The military and police Wednesday raided Liberty Hall, the headquarters of Larkin's transport workers; Banba Hall, headquarters of the Grocers' Assistants' organization, now on strike; the Gaelic league offices, the rooms of the Leinster College of Irish and numerous private houses. The principal arrest today was that of William O'Brien, leader of the transport workers, who was prominent in the corporation and recently successfully demanded the removal of the mace and sword.

Thomas Hunter, Sinn Fein member of parliament for northeast Cork, was also arrested, together with his partner, Peter Clancy, in the tailoring business under the style "republican tailors."

The theft of the letters of Viscount French, lord lieutenant, which were taken from a mail van by armed men today, has caused great excitement at military and police headquarters. All the houses in the district have been searched and numerous arrests made, though the letters and other mail have not yet been discovered. Virtually every house in Eccles streets is occupied by the military.

Queenstown, March 4.—A large force of infantry, fully armed, with seven officers and police surrounded the Rushbrooke docks and held up and searched 300 workers, from manager to messenger boy. Every department of the docks was searched with the object of finding recently stolen military rifles.

Drawing Room Dances Swell Income of Many London Home Owners

London, March 4.—A new and popular as well as paying custom in London is the letting of drawing rooms for dances. Advertisements appear daily offering dancing accommodations by the night or a series of nights. Owners who let their rooms for these purposes absent themselves to "let the dance go on."

"We go out for the evening and return quietly at midnight and creep up to bed, half scared to be seen in our own homes," said one owner to Universal Service today. "The money helps in these economical times. Our house is in a good locality, we supply services and have a piano, so we charge from \$50 to \$100 an evening, according to the size of the party."

Strike Puts End to Sioux City Light and Street Car Service

Sioux City, March 4.—Two-score employees of the power plant of the Sioux City Service company quit work at 6 o'clock Wednesday night, tying up street car traffic and cutting off the light service in business houses, hotels and cafes.

The men submitted a demand for a wage increase of 10 to 15 per cent on February 21 last. The strike followed a refusal of the demand by the local manager of the company. The strike throws many motorists and conductors out of work.

New York School Teachers To Get Salary Increases

Albany, N. Y., March 4.—A bill designed to give salary increases to the school teachers of the state was introduced in the legislature, providing an appropriation of \$25,000,000.

Vermont Overwhelmingly In Favor of "Wet" Cities

Rutland, Vt., March 4.—Complete returns from 12 out of the 14 counties in this state on the results of Tuesday's town meetings showed that 124 towns had voted "wet," the highest number in the history of the state. The missing counties were Essex and Grand Isle.

Briscoe Motor Chief Claims Lightweight Cars Win Popularity

Frederick Cowin, president of the Briscoe Motor corporation, who arrived here from many parts of the country yesterday to attend the automobile show, holds that motor car builders are recognizing the advantages of light-weight cars, the principle of which has been embodied in all Briscoes.

"If there is one basic idea that can be said to be responsible for the inception of the Briscoe more than any other, it was that every pound of surplus weight meant a definite shortening of tire life and an added load on the motor," Mr. Cowin wrote, in announcing his coming.

A new Briscoe is on display, in the annex at the show. Changes this year include motor refinements, semi-elliptical springs and stronger frame with deeper channel.

Leap Year Statistics Show Women Quick to "Pop the Question"

New York, March 4.—Leap year statistics for the first two months of the year indicate by the large increases in marriages over the corresponding period of 1919 that women are taking advantage of their privilege and that men are coyly responding "yes" at the popping of the question.

New York's increase in marriage licenses issued in January and February, as compared with the first two months in 1919, was almost 20 per cent, while Dallas, Tex., showed an increase of nearly 100 per cent.

A great number of women are paying the \$1 license fee, declared an official of the marriage license bureau.

Suffrage Ratified by West Virginia House; Senate Fails to Move

Charleston, W. Va., March 4.—The house of delegates of the West Virginia legislature ratified the federal suffrage amendment Wednesday by a vote of 45 to 42. Later two members opposing it in the initial vote changed, making the final vote 47 for ratification to 40 against.

The senate this afternoon rejected the resolution to reconsider its action of Monday when the suffrage amendment was defeated. It was said then no further attempt would be made by the senate to ratify the amendment at this special session.

BOLIVIA CAUSES DISTURBANCE IN LATIN-AMERICA

Determined to Seek Window On Pacific at Expense of Peru or Chile—Appeals to League of Nations.

By HENRY WALES.

Paris, March 4.—(New York Times - Chicago Tribune Cable, Copyright, 1920.)—Bolivia's determination to seek a window on the Pacific at the expense of either Peru or Chile by appealing to the league of nations has caused a disturbance in Latin-American circles in Paris. According to dispatches received in Paris from Lima, the Bolivian government at La Paz has directed its minister to Paris to demand that the league of nations award the provinces of Tacna and Arica, now held by Chile, to Bolivia. The Peruvian minister made an energetic protest against any such action, even denying the right of the league of nations to interfere in the affair in any manner.

Senor Abancz, Chilean minister to Paris, states the Santiago government would never accept any decision or allocation of disputed provinces by the league of nations.

Chile Seizes Provinces.

Following the Peru-Chile war, Chile seized the provinces of Tacna and Arica as a guarantee that Peru would pay indemnity for the war. According to the peace treaty, Chile agreed to hand back the provinces to Peru when the peace conditions were carried out at the expiration of 15 years. The limit long since has expired, but Chile has refused to restore the provinces to Peru, because meanwhile immensely valuable nitrate and potash deposits have been discovered there, making the contested provinces the richest in Chile.

In 1916 Peru felt in a strong enough position to attack Chile and to retake the provinces by force. But Peru lacked munitions and war material and could not buy them from the United States, as all the American factories were under contract to supply the allies. Peru sought to place orders in Japan, and, lacking cash, offered to cede the Easter Islands in the Pacific to Japan in exchange for the submarines, 20 batteries of artillery and a big consignment of shells, machine guns and other war materials.

The United States State department got wind of the deal and intimated America would not countenance a transfer of the Easter Islands to Japan because an archipelago might form a powerful strategic base against the Panama canal. The United States declared war against Germany, and through exerting strong pressure at Lima and Santiago, staved off the possibility of a war between Peru and Chile for the time being.

Peru, however, regards the Tacna and Arica provinces exactly as France regards Alsace-Lorraine and complained continually and bitterly against Chile continuing to hold the provinces.

Now Bolivia is hoping to profit through the dispute over the claims to the contested provinces by getting an outlet to the sea. Bolivia wishes to tell the league of nations that Tacna and Arica are just as necessary to her as Danzig is to Poland or Fiume is to the Jugoslavs, giving her an outlet on the Pacific.

Youthful "Bad Man" Stages Dime Novel Holdup in Gotham

New York, March 4.—Armed with an old-fashioned pistol and blank cartridges, Tony Diadota, 14 years old, is alleged by the police to have treated Brooklyn to a trolley car "holdup" in true wild west style. The youngster, according to police, stopped the street car by firing three shots. The passengers were panic-stricken when the boy leaped out of the darkness into the light, waving the pistol. But before he could clamber aboard a special officer arrested him. Tony, who was locked up charged with juvenile delinquency, told the police that he had meant no harm.

No More Corn Suffering

"Gets-It" Never Leaves a Corn On Any Foot For Very Long.

The hurting "pop" goes right out of that corn the moment a few drops of "Gets-It" lands there. It is through, and "for keeps."

You'll have no more pain but will notice the corn getting loose and wobbly. In a day or so, you lift it right off without any feeling. That's the end of the corn and of your troubles. Millions have proved "Gets-It" to be the one and only unfailing, common sense corn remover. Why not you?

"Gets-It" costs but a trifle at any drug store and carries a money-back guarantee. Mfd. by E. Lawrence & Co., Chicago.
