

# SPICY CHARGES MADE AT HEARING ON BONUS BILL

Witnesses for Two Soldier Organizations Clash Before the House Committee.

Chicago Tribune-Omaha Bee Special Wire. Washington, March 5.—Hearings of the house ways and means committee on soldiers' bonus legislation degenerated Friday into an investigation of charges and counter-charges made by officials of rival soldiers' organizations. When the hearing adjourned for the day Representative Fordney of Michigan, chairman of the committee, remarked that time had not been wasted.

The two organizations involved were the Private Soldiers' and Sailors' Legion and the Rank and File Veterans, Inc., affiliated with the World War Veterans. Among the witnesses who took turns on the stand, making all manner of charges against each other, was Marvin G. Sperry, national commander of the Private Soldiers' and Sailors' Legion, who by his own admission was court-martialed four times during his army service.

**Denounces Witnesses.**  
Another of the witnesses, S. Lovenheim, chairman of the Rank and File Veterans' association, who was vehement in his denunciation of Sperry and Martin. As a backfire against Lovenheim the other crowd put on George W. Boyce, a private detective formerly with the naval intelligence service, who testified that he had been under investigation by the department of justice for disloyal speeches and by the postoffice department for receiving subscriptions to a soldiers' paper after the paper suspended publication.

Boyce said that he had investigated Lovenheim's organization and never had been able to find but four men who had any connection with it.  
All of the spicy testimony of the day was brought out as a result of the charges before the committee earlier in the week by H. D. Halper, former secretary of the Private Soldiers' and Sailors' Legion, but now an associate of Lovenheim, against Sperry and Martin. Sperry during the day produced what he claimed was proof that Halper had sought to deliver the Private Soldiers' and Sailors' Legion over to the communist party and that it was on that account he was ousted as secretary.
