Spring Sewing Week

A Page of Interesting News for the Home Dressmaker

"Dress yourself beautifully, not finely, unless on occasion, but then very finely and beautifully, too. Also you are to dress as many other people as you can; and to teach them how to dress, if they don't know; and to consider every ill-dressed woman or child whom you see anywhere as a personal disgrace; and to get at them, somehow, until everybody is as beautifully dressed as birds."

—Ruskin.

It is the aim of Burgess-Nash Company to help you dress beautifully and as finely as you may desire, and as the time has come to consider the problem of Spring and Summer clothes, we have arranged for those who care to make their own garments, special displays of the newest and most popular of the season's materials and all the little needed things that simply must be right or they spoil the beauty of the garments.

Always Use Pictorial Patterns

You can, without question, be the style leader of your community whether you are matron or miss, if you select from The Pictorial Review Fashion Book for Spring. On sale in the pattern department on main floor.
