MANY PAROLED TO ANDREASEN, IS ACCUSATION

Adult Probation Officer Should Resign for Good of Service, Declares Dr. Callfas.

Mrs. Jennie Callfas, who is leading Omaha women in a fight for reform of M. Andreasen, adult probation officer for Douglas county, charged yesterday his recent action in obtaining release from the penitentiary of James C. Donahue, convicted of assault on a young girl, demonstrated his unfitness to handle properly the numerous probation cases assigned to him.

Investigation of Douglas county court records, she announced, discloses that up to January 1, 1926, district court judges had paroled to Andreasen, during his two years in office, 124 men and women convicted of charges in Douglas county courts. She is distributing copies of the long list of parolees turned over to Andreasen.

Charges in the cases listed include manslaughter, grand larceny, forgery, aiding delinquency of girls and wife and child desertion.

"We are particularly interested in the cases involving women and girls," Mrs. Callfas declared. "We are convinced Mr. Andreasen has shown his unfitness and unwillingness to protect Douglas county women and girls against male offenders. He ought to resign for the good of the public service."

Mrs. Callfas explained that none of the persons listed as paroled by county judges to Officer Andreasen had ever served any part of the sentences imposed. They were released on parole, she said, immediately after getting their sentences.

She charged that Andreasen made no effort to prefer charges for parole violation in numerous instances where men on parole were later brought into police court on new complaints of law breaking.

South Side Deserter Who Escaped Prison Gives Self Up

Love of Girl, Now Married, Causes Soldier to Evade The Guard for Second Time.

"I am tired of dodging military and police officers and ready to go back and finish my sentence," was the greeting given Desk Sergeant Carey at the South Side police station Wednesday afternoon by Addison Neal, 26 years old.

Neal said he had served seven years in the United States army, having enlisted at Pittsburgh, Pa., in 1913 and had served three years in France. He said he escaped from the Leavenworth disciplinary barracks last Sunday and had come to Omaha to meet an old sweetheart, who, he found, had married a rival and had gone to California to live.

According to the story told Sergeant Carey, Neal, with some other young doughboys, was stationed in France, near Paris, and a little over a year ago asked permission to go to Paris on three days' leave, which was denied. Neal and several other men dodged the guard and took their proposed trip to Paris and after being absent three days were charged with desertion. Neal was sentenced to 18 months at Leavenworth and had 11 months to serve when he had a hankering to come to Omaha and see his girl. He had been made a trusty and found it easy to escape.

"I'll get six months more added to my sentence for my little jaunt to Omaha," said Neal, "and with my remaining 11 months, will have to serve almost the amount of my original sentence, but I am glad to go back. I have found out something I wanted to know. I hope yet to show that I am a loyal soldier and when my time is up will try and forget."

Try Making Your Own Cough Remedy

You can save about \$2. and have a better remedy than the ready-made kind. Easily done.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as Pinex. Pinex is a pure, home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2 1/2 ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs. To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions, and we'll accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded.
