

NEED PERSHING AS LEADER, SAYS LINCOLN MAN

President of Commercial Club States Opinions In Regard to Prospects of Military Hero Have Changed.

Lincoln, Neb., March 18.—(Special.)—E. C. Hardy, president of the Lincoln Commercial club and member of the Hardy Furniture company of this city, today announced his support of General Pershing in a statement to Mrs. W. Woods, chairman of the Pershing-for-President organization.

Mr. Hardy said: "Eight months ago it would have been difficult to convince many that a military man should be chosen as the next president of the United States. Most of us felt that it would not be for the best to put any man who had controlled in any way the vast power of our armies in supreme political power as president of this land. Besides, we were all tired and sick of war with its attendant horrors; and power, based upon the strength of the military, was not what many thoughtful men cared to have remain in the ascendancy.

Opinions Have Changed.
"But since the end of the war various influences have contributed to a change of opinion. Who would have believed that a few months after the close of the war, soldier heroes would be shot down in cold blood on the streets or our own cities, for upholding the integrity of our own government? Other influences such as this have complicated and prolonged the period of readjustment, and have contributed to produce an industrial inefficiency difficult to control.

"This makes the selection of a strong and able president a matter of supreme importance. We need a president who will enforce the laws of this land without favor, and who will not listen to the demands of a group as against the best interests of the whole.

Man of Good Judgment.
"I believe that General Pershing is just such a man. He has good judgment as well as great ability. He is tireless and indefatigable when given a task to perform. He cannot be swayed from what he has marked out as his path of duty.

"These are the outstanding points of character clearly noticeable in his work as a young man at the University of Nebraska and they are clearly seen and better understood in his work in France as military head of the great army of the United States.

"Having the character and mental qualifications necessary for the great office of president of the United States, I am the better pleased to support General Pershing as a candidate, as he is a citizen of Nebraska and of Lincoln."

To Peel Off Freckled, Blotchy, Pimpled Skins

As March winds, flying dust and dirt are apt to injure any complexion, this information will be of special value right now. If you have any cutaneous blemish, don't use paint, powder or anything else to cover it up. Too often this only emphasizes the defect. Besides, it's much easier to remove the discoloration with ordinary mercurized wax. Applied nightly, the wax will gradually remove freckles, pimples, moth patches, sallowness, red or yellow blotches or any surface eruption. The effective article is absorbed, a little each day, until the clear, soft, youthful and beautiful skin beneath is brought wholly to view. Ask the druggist for one ounce of mercurized wax and use this like you use cold cream. Remove in the morning with soap and water. Many who have tried this simple, harmless treatment report astonishing results.

Standardization of Hospitals Urged by Dr. Donald Macrae, jr.

Standardization of hospitals under the plan of the American College of Surgeons was urged by Dr. Donald Macrae, jr., of Council Bluffs, Ia., in a talk at the noonday luncheon of the Concord club at the Hotel Fontenelle yesterday.

He declared that the patient is now entirely in the hands of his surgeon from the time he enters the hospital until he leaves and that if the surgeon should make a mistake in an operation, ethics of the profession would seal the lips of those who knew of the error.

Men Who Went to Canada Held as Draft Evaders

David D. Goertzen and John B. Goertzen, brothers, of Aurora, Neb., were brought to Fort Omaha yesterday to be held for trial as draft evaders.

According to federal officials, the two men in August, 1918, obtained consent of the Aurora draft board to take a business trip to Canada before being called to the colors, signing an oath they would return in 30 days. It is charged they evaded military service by remaining across the Canadian boundary until a month ago.

They were arrested when they quietly slipped into Aurora to settle business affairs. Sheriff James E. Howard of Hamilton county, and Special Agent N. F. Scheible, federal department of justice, brought the brothers to Fort Omaha.
