

H. C. L. WAR OFFICE HAS POWDER TO BLOW UP OMAHA

Reports of Sufficient Information of Profiteering On File to Stir City Says Official.

The office of the Department of Justice, working in connection with Mrs. C. G. Ryan, federal fair price commissioner for Nebraska, probably has sufficient information of profiteering in Omaha on file "to blow up the town if made public," according to M. F. McIntosh, assistant in the office of Mrs. Ryan in the federal building. When this information will be acted upon, or its exact nature, was not revealed.

Beet sugar, according to records on file, has been sold in Omaha by the Western Sugar company of Denver at 12 1/2 cents a pound and retailed at from 17 to 25 cents. Much of the investigation made by the Department of Justice was carried on prior to the arrival at the reasonableness of complaints on prices now being reported.

PIMPLY? WELL, DON'T BE
People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights. Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and easy instead of severe and irritating. No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face. Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c.

BLIND FAITH IN ECONOMY PROVES COSTLY TO PAIR

Judge, Jurymen and Attorneys Hoped to Try It—Or Him—Cost \$500.

James Johnson and Nick Johnson believed in Economy on August 2, 1919. They believed that Economy should be encouraged.

So, when Police Judge Fitzgerald was about to take Economy away from the world and shut him up in the county jail, the Johnsons signed a bond for \$1,000 based on their belief that Economy would remain with the people of Omaha.

Yesterday in district court they paid 500 by agreement with the county attorney because Economy—Anastas Economy, charged with robbery, has departed from the city and failed to appear for trial. District Judge Troup was going to try Economy. Twelve jurymen and a couple of deputy county attorneys were going to try Economy.

Now they can't try Economy even with the high cost of living where it is, because there isn't any Economy in Omaha.

Anastas Economy was charged with stealing a gold ring and some diamonds and watches of the total value of \$240 from John Dina on April 29.

By economizing on his presence in Omaha, Economy escaped arrest until August 1.

"It's purely a matter of Economy to pay this \$500," chuckled Deputy County Attorney Coffey as the Johnsons sadly paid over the money.

MAN STEALS COAL FROM TRACKS TO WARM SICK WIFE

Gets Suspended Three-Day Sentence In Court and \$5 Purse From Sympathetic Policemen.

While his wife lay seriously ill at home in the sole care of her two small children, Charles Allen, 2606 North Fourteenth avenue, was arraigned in Central police court yesterday with disguised face on a charge of petty larceny.

He was given a suspended sentence of three days.

Allen's face showed the result of a fight with Special Officer Penn of the Northwestern railroad. Penn arrested Allen Thursday night on a charge of stealing coal from the railroad yards.

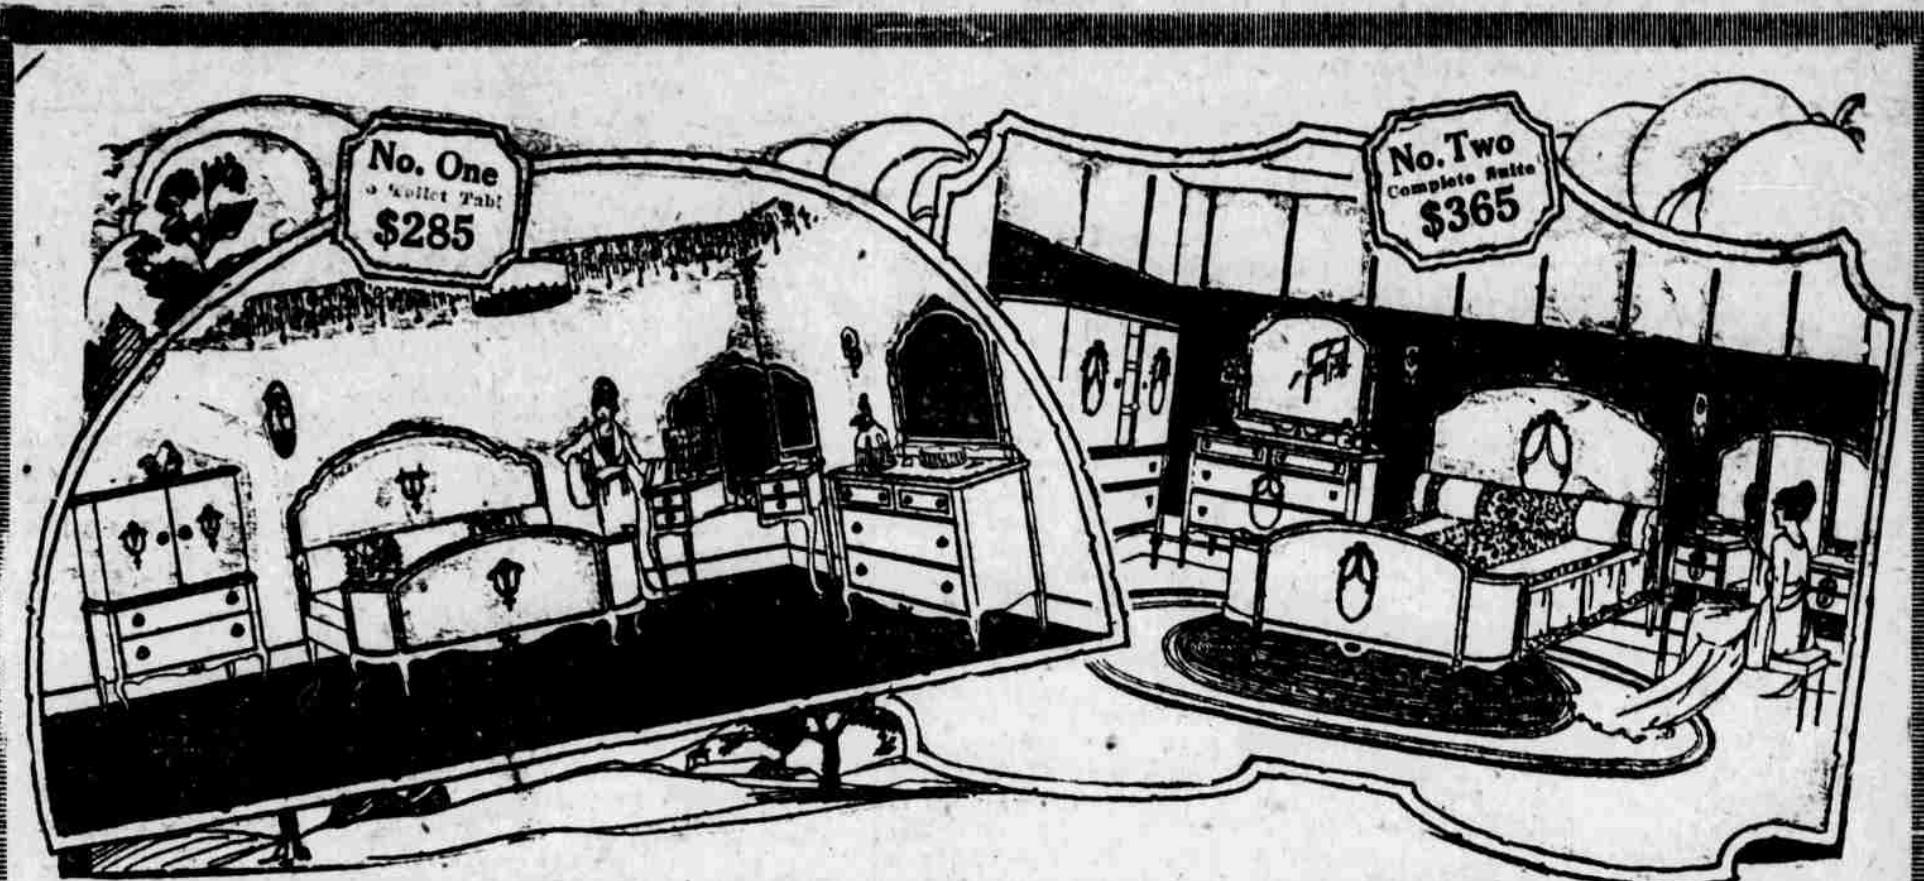

Allen is said to have resisted arrest and a fight ensued between them.

His injuries were dressed at Central police station. Officers on duty took up a collection of \$5 for Allen to protect himself.

Special Officer Penn testified in police court yesterday that he beat Allen to protect himself.

Allen said he had to pick up coal along the tracks to keep his wife warm for his sick wife. She is suffering with tuberculosis, he said.
