

PREDICTS MOVE TO BRING PEACE WILL BE ADOPTED

Opposition to Knox Resolution By President Would Be Reversal of Stand in 1916, Says Norris.

By E. C. SNYDER, Washington Correspondent Omaha Bee. Washington, March 20. — (Special Telegram.) — "If the president opposes the passage of the Knox resolution to declare a state of peace between the United States and Germany, he will have completely reversed his campaign slogan of 1916, and instead of keeping us out of war, he will be keeping us in war," said Senator Norris.

He made the statement in connection with a prediction by him that the Knox resolution will pass the senate in any event by a substantial majority. "It would pass by a nearly unanimous vote if the president did not interfere," said the senator, who believes also that the house will pass it as soon as the senate has acted. "There is some doubt, however, about whether the necessary two-thirds can be mustered in the event of a veto."

Favors Knox Resolution. Senator Knox expressed the opinion that it was highly desirable for the Knox resolution to pass, so that the United States and the world can really go on to a peace basis.

Discussing the vote by which ratification of the treaty failed, Senator Norris said:

"If every member of the senate had voted his honest convictions, the treaty in my judgment would have been defeated by a much larger vote. There were two classes of senators who did not vote their conscientious convictions. In the democratic party it was those who followed the president; in the republican party, those who followed their political leaders for partisan reasons."

Illinois Miners Back Proposed Strike Throughout Kansas

Peoria, Ill., March 20.—The unqualified support of 90,000 Illinois miners through representatives in session here gave unqualified support of State President Alexander Howat of Kansas, when he announced a program for the launching of a general miners' strike in Kansas, in defiance of state laws there which are said to now prohibit strikes of any nature. Howat was one of the leaders of the coal miners recently cited for contempt by Federal Judge Anderson at Indianapolis.

NO TIGHT FITTING COATS FOR MEN IN NEW DESIGNS

Natural Fitting Jacket, Not so Narrow and Fraction Longer, to be Vogue.

New York, March 20.—New designs for men's spring and summer attire to be displayed at the annual fashion show and dinner of the New York Custom Cutters' club Monday night virtually eliminate the tight-fitting suit of war days. Instead, a natural fitting coat, not so narrow and just a fraction longer, has been decreed by fashion arbiters as its substitute. The "toothpick" label also has been discarded and in its place a more modest peak has been decided upon.

Experts agree that the American man prefers three buttons on his coat instead of two. As a solace for any disappointment that might be felt through the loss of the tight-clinging styles, the narrow sleeves will be retained. The correctly dressed man will also have a 10-inch opening in the back of his coat. Slash pockets have gone, but those in the waistcoat and coat will have a slight curve.

Trousers will have little changes. The average man, a statement said, "likes his covering for the lower limbs narrow and with cuffs, and that is the way he will get it."

Only slight changes have been made in evening dress and in the cutaway for the promenader. The "very modish" will get a snappy, "short sack suit" with wide belt and two pleats, which the designers have stamped as "correctly biased." The solons further decree there will be no orgy of color schemes.

The light spring overcoat will be "shapely in front with full box back and no vent." It will have the popular circular patch pockets. Light colors will predominate.

Stud Poker Game With Marked Cards Rehearsed in Court

New York, March 20.—A stud poker game with marked cards was reproduced in court during the trial of Louis Krohnberg a shirt manufacturer, who is charged with obtaining money in a game of chance by fraud.

J. M. Silverman, one of a half dozen complainants, laid before the magistrate two hands from a deck which he said he took from Krohnberg's game. These proved to have shadings in the fleur de lis design on the backs which indicated the nature of the cards.

Illustrating with the marked deck, Silverman testified that Krohnberg saw that the fifth card of a stud hand would make him have two pairs against one pair for his opponent and thereby won \$5,700.

The Fashions That Will Dominate the New Season Find Fitting Expression in These Showings

A CAREFUL consideration of the styles which merit attention because of their originality, beauty and the enthusiasm of their reception in the east, has led us to make selections with a great degree of accuracy, maintaining at all times the standards of intrinsic excellence upon which the Thompson-Belden reputation has been established.

Good taste and quality prevail in every instance, for with either of these essentials omitted there must, of necessity, be a lack of distinction, without which no costume serves its true purpose.

With each new season the question of the length of a sleeve, the line of a skirt, or the hue of one's wardrobe in general attains vast importance. Displays that are known to be dependable criterions of style are viewed with interest.

Worthy of Note Is the Fact--

- ☐ That Chinese green is very good.
- ☐ That suits are to be Eton, bolero, blouse, ripple or straight-line—according to your figure.
- ☐ That hips are returning—perhaps.
- ☐ That coats are of camels' hair polo cloth.
- ☐ That skirts are accordion and box pleated.
- ☐ That sleeves stop almost where they begin.
- ☐ That among silks taffeta is reigning favorite and foulard a very close "second".
- ☐ That laces are attaining renewed popularity.
- ☐ That feather fans complement summer frocks.
- ☐ That sport hats are hand made of silks and various new straws.

In making your selections there remains only the pleasant task of meeting your individual needs and tastes. Matters of quality and style have been previously considered and only the worth while and desirable are included in our showing.
