One of the most unusual sights ever seen in a London office is that of a rabbit, carefully muzzled, making the office his own. He was caught wild, tamed, and taught to keep within the bounds of the room. Owing to his nibbling habits, he has to be muzzled during the day, as his depredations on clothing in these expensive days cannot be tolerated.

Every day brings a new use for "J. C." RIBBONS adding to the distinction of dress. Here a rich and individual "J. C." Tapestry Ribbon lines a fur neck-piece producing a new and beautiful dress achievement.

**The Hands
of a Gentlewoman**

THE first you see but the tips of her fingers, you know at once that she is dainty, exquisite, aristocratic. Do your nails tell the same story? They can and should. For the secret of such nails is simply training. With Lustrite Cuticle Cream, the cuticle is easily softened and pushed back until the little half-moons at the base of each nail show in all their perfection. This method means nail health and lasting nail beauty, for it avoids the possibility of infection, always present when cuticle is removed.

Prove for yourself how delightfully easy it is to care for your nails the Lustrite way. The four Lustrite essentials—Lustrite CUTICLE CREAM, Lustrite NAIL WHITENER, Lustrite SALVE ENAMEL, and Lustrite NAIL CARE—are on sale at all drug and department stores at thirty-five cents each. You can also buy a handsome BOUDOIR SET containing all these products for \$1.50.
