Otis Skinner will be seen at the Brandeis Thursday, Friday and Saturday of this week, with matinee on Saturday, in his new comedy, "Pietro," by Maud Skinner and Jules Eckert Goodman.

Scenes of interest abound in Robert Lauis Stevenson's play, "The Master of Reliantrae," which Walker Whiteside is presenting at the Brandeig theater. The amusing scenes between James Durie and Markellar are gems of light comedy, and witty dialogue, of cut and thrust reparter and subtle irony. There is much uncanny mystery in the play; numerous dramatic enisodes, and one of the most stunning finishes that the stage has ever known. A Well-known Man

Dr. Pierce of Buffalo, N. Y., the celebrated physician, known throughout the entire civilized universe because of his many years of successful medical

practice, once said:
"At this time of year most people suffer from what we term 'spring fever' because of a stagnant condition of the blood, because of the toxins (poisons) stored up within the body during the long winter. We eat too much meat, with little or no green vegetables."

Bloodless people, thin, anemic people, those with pale cheeks and lips, who have a poor appetite and feel that tired, worn or feverish condition in the springtime of the year, should try the refreshing tonic powers of a good alterative and blood purifier. Such a tonic as druggists have sold for fifty years, is Doctor Pierce's Golden Medical Discovery. It is a standard remedy that can be obtained in tablet or liquid form. Made without alcohol from wild roots and barks. If your druggist does not have the tablets send 10 cents for trial package to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

Ask your neighbors, they have tried it! MULBERRY. KANS .- "I am glad to recommend Dr. Pierce's medicines. My son, at the age of 10 years, was taken with pneumonia.
