

Dakota Farmers Form Meat Ring to Bring Down Prices

"People up my way have a novel plan to knock out old man H. C.," said A. E. Wambright of Belle Fourche at South Side stock yards Friday. "In our county about 70 families of farmers have organized a 'community meat ring' for the purpose of furnishing a regular supply of meat to its members at reasonable prices, and as a result of this organization farmers this winter have been getting steaks at from

18 to 25 cents a pound while the local retail market price has been 40 to 50 cents a pound."

Passes Worthless Check

Police are on the trail of a self-styled deputy sheriff named Dunn, who is said to have left a trail of worthless checks behind him. The Glasgow grocery, Sixteenth and Witt streets, reported an attempt to pass a check for \$12.50. The Blumenthal grocery, Twenty-fourth street and Capitol avenue, lost \$30.

LAW STUDENTS IN STATE COLLEGE BOOM PERSHING

Dean Issues Statement That Pupils Like to Recall That General Was One of Them.

Lincoln, Neb., March 26.—(Special.)—W. G. Hastings, dean of the law college of the University of Nebraska, today declared in favor of General Pershing for president of the United States in a statement to Mark W. Woods, chairman of the Pershing organization.

"The lads of the law college like to recall that General Pershing was once of their number," said Dean Hastings, "and it will be difficult to lead them to support any other candidate of any party as long as General Pershing is in the field."

Following is Dean Hastings' statement to Mark Woods:

"Some enthusiastic students in the University of Nebraska law college desire an official reminder to be sent out at this time that General Pershing in 1893 received from our law college a Bachelor of Laws degree while he was acting also as military instructor and commandant. The lads like to recall that he was once of their number, and it will be difficult to lead them to support any other candidate of any party as long as General Pershing is in the field. "Of course we have followed with great pride his successful career and would feel an assurance in the event of his election to the presidency of the United States that he would use the same sound judgment and devotion to the country which he exhibited in organizing and employing its military resources in the immortal campaign of 1918. "I take pleasure in sending this statement from the students of the law college and myself."

Lodge Cancels Date in Omaha; Speaks in Lincoln March 29

Sir Oliver Lodge, famous psychologist, who was scheduled to appear in Omaha March 19, has cancelled his engagement. The change was necessary because of inability to get a theater on a date in his rearranged tour, Manager C. V. Wales has announced. He will appear at the auditorium in Lincoln, March 29.

Wants More Service Men

Police Commissioner Ringer wishes to receive more applications from ex-service men for the police department. He states that this class of men who have been appointed during the last year have given satisfaction and he wishes to appoint at least six more.

One-Minute Store Talk

"Are you people ever going to stop growing? Why, every time I come here, I see more and more celebrated makers' merchandise. And the fact that you never discontinue on your previously established lines can mean but one thing—vast success," said a customer.
