Aged People Suffer

And Weaken Their Vitality by Constipation, Liver, Kidney and Other Irregularities.

Sulphur Tablets, a Mild, Efficient Formula, Gains Wide Popularity in Recent Years.

A "young" woman, 77 years old, writes: "I am taking Sulphur Tablets, and I think they are a splendid remedy for constipation. I am 77 years old and have tried many remedies but have found none as effective as this. I am recommending them to all my friends suffering from the effects of constipation. They are not only laxative, but a fine tonic also. I feel much better and stronger since I began to take them."

"Sincerely and gratefully yours," (Mrs) Ellen A. Bennick, "Cambridge, Mass."

Sulphur Tablets (not sulphur tablets) are composed of sulphur, cream of tartar and the fine extracts of roots and herbs, and are purely suited for children or adults to overcome the ills that follow a dormant liver, constipated bowels and inactive kidneys. Headaches, backaches, dizzy spells, pimples, rash, boils, nervousness, all follow the train of irregular elimination of impurities. A week's treatment will please and gratify the most skeptical. "Sold by leading druggists everywhere at 60c per tube."

Has Wide Circle Of Friends

Mrs. W.W. Bradley

Although Mrs. Bradley has lived in Omaha for less than two years, she already has a wide circle of friends and acquaintances in the city. At the recent election of the Woman's society of the First Presbyterian church she was elected to the secretaryship. One of her chief interests is in the Humane society. She is at present assisting in the poster contest sponsored by that organization. One hundred dollars will be given to school children as prizes in this contest. Awards will be made during Humane week, April 7-14. Mrs. Bradley, who is a Wesleyan college graduate, was born and reared in Vermont, in the town of St. Johnsbury. She and Mr. Bradley came to Omaha from Minnesota. Summer plans of the Bradleys are already made. They leave in June for Lake Minnetonka, Minn., where they have a summer home and not until the days of early fall will they return to Omaha.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow-complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for cod liver oil—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a pure vegetable compound mixed with olive oil. You will know them by their olive color. No pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like cod liver oil—yet have no dangerous after effects.

They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah, how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

Suffrage Leader Speaks

In her speech at Wilmington, Del., March 18, 1920, Mrs. Carrie Chapman Catt said:

"For 60 years the educational work for the enfranchisement of women went forward without a pause. Victories were won here and there and sentiment increased everywhere. When a quarter of a million women voted in the city of Chicago in 1914, this sentiment throughout the country seemed to double over night. It gathered in groups, it became outspoken, it asked that something be done. When in 1916 the two big political parties came out squarely for woman suffrage, a sharp turn in the onward march of the movement was taken and every signboard along the way pointed to certain victory not far ahead. When a year later (1917), the great state of New York by a majority of over 100,000 gave the vote to women, the final victory was practically won."

The inconsistencies and anomalies of the situation began to work upon the imagination of our people. A woman, for instance, might move from Delaware to New York or California or many another state, and there she could not only vote, but she might be elected to the assembly and help make laws for the state. She might even be elected to congress and help make laws for the nation, and then she might return to Delaware where she would be denied the right to vote for a dog-catcher. An American woman has just been elected to the British House of Commons and was elected by her

husband's common sense and American humor, but should she decide to return to her old home in Virginia, she would not be trusted to vote for a school director under the present law. Kansas City is one of two cities, one in Kansas, one in Missouri, with the big Missouri river flowing between. On the Kansas side the women are voting, enrolled with the parties, serving as election officials and keeping things clean. On the Missouri side women hold precisely the same political status as that accorded to idiots and criminals. These anomalies and many more have made people laugh at the absurdity—laugh, think and draw conclusions. They saw

that a continuation of this condition was states rights gone mad. More, the republican and democratic parties, in 30 states where women have the right to vote for president in any event, are urging women to organize, speak, work and raise money for them because therein women are voters, but in 18 other states where they are not voters the women are holding these same parties blameable for their disfranchisement. The leaders have seen clearly that this is an impossible condition. As Lincoln said, "the nation cannot exist half slave and half free," so now all intelligent people see that it cannot pose as a friend and sponsor of woman suffrage in New York and be its enemy in Delaware.

All these absurdities have been fermenting in the minds of the nation and bringing convictions which are sound and unshakable. So it happened that when congress on June 4, 1919, submitted a federal suffrage amendment it found the nation glad to receive it. From the very first day when Gov. Henry T. Allen of Kansas, republicans and dry, and Gov. Alfred Smith of New York, democrat and wet, responded to our telegraphed appeal for a special session with a prompt call which brought ratification in six days after the submission, all through the months governors, legislators, the chairmen and national committees of the two big parties have given such frank, sincere and generous aid to the campaign of ratification that the amendment has broken all records.

The 12th amendment made the shortest time of any yet added to the constitution. It went through in nine months and 13 days, but there were only 17 states then and 13 had ratified. Our amendment had been in the process of ratification just nine months and 13 days yesterday and had been ratified by 34 states. But the really significant part of the story is that 25 of these ratifications took place in special sessions.

On the whole, the ratifications have moved forward in splendid triumphal procession. Men have stood by the amendment in splendid, heroic fashion and many incidents of courage, nobility of character and proud scorn of political enemies, have won the gratitude of the women of the nation. We are confident that the men of Delaware are no exception to this nationwide record and that the legislature will respond to the call of justice as readily as other states have done.

The opponents are not all convinced and it is natural and normal that they should have concentrated their frantic efforts on the last two or three states. There are women who do not want to vote and men who are determined they shall not vote, even if they all wanted to. But there are men who not only do not want to vote but do not vote. That does not prevent men who want to vote from possessing the rights. The vote is a liberty extended. If on election day a man desires to go fishing, instead of voting, he is no patriot, but he is within his rights. The vote is therefore no burden, no oppression—one may use it or not use it. But the denial of the vote is an oppression, for there are those who desire to exercise their citizen's right to a share in the government which they support with their taxes.

Mrs. Carrie Chapman Catt in a recent lecture, said: "If women ever own 51 per cent of the wealth of the country, it will no longer be a man's world in which we live with man-made laws, ethics, ideals and policies."

During the world war Great Britain mobilized more than 4,000,000 women.

Industrial Survey Of Iowa Being Planned

Miss Mary Anderson, chief of the federal women's bureau of the Department of Labor, in Washington, D. C., is to receive an invitation to make a survey of industrial conditions in Iowa next fall for the Iowa Federation of Women's clubs, according to a resolution passed at the board meeting in Des Moines last week. This invitation is extended so that Miss Anderson may know the club women will support her in such an undertaking, which is said to be made at the request of the governor and state commissioner of labor. Mrs. C. E. Hunn of Des Moines, chairman of the federation committee, stated that Iowa is considered one of the six most backward states in the matter of legislation for women, and it has 90,000 women in industry.

Cleanup and paintup campaigns are especially urged this spring by Mrs. Eugene Henely of Grinnell, chairman of civics, so that Iowa may look its loveliest for the many women coming to attend the biennial meeting of the General Federation of Women's clubs, in Des Moines. Cleanup of railway and of transfer points is included.

Where Prices and Quality Meet

HIGH values and service in relation to our prices bring customers back again day after day. Thus the business of this store has grown, day by day, year by year, just as circles spread out when a boy throws a stone into the water. Each test of our SHOPPING SERVICE and true values gains us either a new patron or a more frequent visitor.

Patrick Henry, in his famous speech, declared: "I have no lamp by which my feet are guided, save the lamp of experience." We realize that this is very true, and in using this as a guide in our attitude toward customers, see that the very same lamp guides you in choosing this store as your store. It's a good store which stands the test of experience.
