THE vanity box of Manhattan spread out for all to view!

"ON

WITH the DANCE!

—masks, music, money!
the soul story of a Slavic temperament, lassoed by a wedding ring. The tale of what New York did to four persons tossed in its bitter-sweet caldron!

—beautiful girls!
the click-clack of high heels on polished floors to the soft throbbing of music and the swish of incredible gowns.

—and Manhattan!
the entire vanity box of the world's wonder city turned over and spread out for the delectation of those who've seen and those who've never seen New York!
