

MISCONDUCT OF LANGLEY JURY NOT SUSTAINED

Fifty-Seven Reasons Advanced For New Trial of Man Convicted of Cortland Murder Overruled.

Beatrice, Neb., March 27.—(Special Telegram.)—Judge Pemberton today overruled the motion for a new trial in the Langley murder case, the defendant being found guilty some weeks ago by a jury in the district court of second degree murder in the killing of Justice Chris Pfeiffer at Cortland last August.

Fifty-seven reasons, among them misconduct of certain jurors, were given by defendants as grounds for the new trial. The court held that the evidence fully sustained the verdict of the jury and that the allegations relative to misconduct of the jurors was not sustained. Langley will probably be sentenced Monday. The case will be appealed to the supreme court.

Beatrice Mechanic Badly Burned by Molten Metal

Beatrice, Neb., March 27.—(Special Telegram.)—August Bucholz, 21 years old, was seriously burned by molten metal while at work in the Dempster plant here. He slipped and fell with a ladle of the metal, burning his arms, legs and back. His hair was almost burned from his head. He was taken to a hospital where physicians say he will recover.

Why Installation Should be Immediate

Now you can enjoy the advantage of our large discounts effective on all payments before September 1.

Rogers One-Pipe Furnace

Will absolutely heat comfortably the entire house with but one register. It saves fuel by its scientific construction.

The Oldest Furnace House in Omaha

stands behind every Rogers' One-Pipe. Our expert mechanics are always at hand to assist you in emergencies. One of our salesmen would be glad to call and give a free estimate.

New Dentistry Is Better Dentistry

Old time methods are giving way to new, up-to-date, more scientific ways of doing things. Old methods wasted time—new methods save it. In the past, one dentist tried to do everything, consequently he was not only slower, but less skillful—now, and particularly under our methods, each operation is performed by the dentist who is especially skilled in that particular line of work—thus time is saved and the work is better. These efficiency methods reduce the cost of your dentistry. Examination with exact estimate of cost is free.

Columbus Organizes Rotary Club With 20 Charter Members

Columbus, Neb., March 27.—(Special.)—With 20 representative business and professional men as charter members, the Columbus Rotary club was organized here at a dinner at the Evans hotel. Fifty Rotarians from Fremont, Norfolk, Lincoln and Omaha assisted in the organization of the new club.

The Columbus club was formed with C. J. Garlow, president; Dr. W. S. Evans, vice president; Horatio Adams, secretary, and G. W. Phillips, treasurer. After dinner Ray W. Hammond, president of the Fremont club, took charge of the meeting and called upon several of the visitors for talks. Among the speakers were President E. E. Stauffer of Midland college, Fremont; Charles Gardner of Omaha, Sol G. Meyer of Norfolk, Roy Ferris of Fremont and Charles Stratton of Lincoln. Mr. Stratton is governor of the Rotary organization in a territory comprising Nebraska, Iowa and Missouri.

Big Increase Given To Land Valuations In Nemaha County

Auburn, Neb., March 27.—(Special.)—At a meeting of the precinct assessors of Nemaha county at the court house County Assessor Blessing issued instructions that the valuations of land and improvements in the county should be raised for purpose of taxation from \$75 an acre, the valuation of four years ago, to \$130 an acre.

Christian Churches Will Hold Convention at Blair

Blair, Neb., March 27.—(Special Telegram.)—The Christian churches of the Second district will hold their annual convention in Blair next Tuesday and Wednesday. This district covers the northeastern part of the state, including 23 congregations and about 5,000 members.

The program includes the missionary, benevolent and educational departments of the Christian church. Men and women of state prominence are on the program.

FARMER LIVES AFTER TRACTOR RUNS OVER BODY

Coat Catches in Wheel and Drags Him Under Machine—Narrowly Escapes Plow.

Auburn, Neb., March 27.—(Special.)—Charles Rohlfing, a farmer living between Cook and Talmage, was run over by a tractor yesterday and is still alive, although badly injured. He was plowing in a field with his tractor and walking alongside the machine trying to adjust some parts which were not working properly when his heavy duck coat was caught in the lugs of a wheel. He was pulled under the machine and a wheel of the tractor passed over his body. Unable to extricate himself, he was being dragged along the ground just in front of the plow. A neighbor, Earl Windgate, plowing in another field, saw that Rohlfing's tractor was moving in circles, and realizing something was wrong, hurried over and stopped the machine just as Rohlfing's body was in peril of being caught by the plow. Rohlfing was cut in various parts of the body, but it is thought he will recover.

Arlington Couple Who Wed In Omaha In 1869 Observe Anniversary

Arlington, Neb., March 27.—(Special.)—Fifty-one years ago Sunday, Mr. and Mrs. John S. Knight were married in Omaha.

They will celebrate their anniversary at the home of their son, John Knight, jr., in Norfolk.

Mr. Knight was born in Pomeroy, O., 74 years ago. He is a Civil war veteran, as well as a pioneer of Nebraska.

When 15 years old, he enlisted in the federal forces. He served in the battles of Shiloh, Missionary ridge, and other engagements. In 1864 he was captured by the confederates, and spent six weeks in the famous Andersonville prison, being released on an exchange of prisoners.

Mr. Knight passed in the Grand review in Washington in 1865, where he met his future bride, and has since made his home there.

Seven children live to honor them: Mrs. C. H. Gran, Washington, Neb.; Frank Knight, Antioch, Neb.; Richard Knight, Norfolk, Neb.; Mrs. L. M. Gaines, Valley, Neb.; Mrs. C. J. Anderson, Arlington; Mrs. William McDonald, of Texas, and John Knight of Norfolk, Neb.

Grand Island Retains Place as Third Largest City In Commonwealth

Washington, March 27.—Population statistics for 1920 announced today by the census bureau included: Grand Island, Neb., 13,960, an increase of 3,634, or 35.2 per cent over 1910.

Scottsbluff, Neb., 6,912; increase, 5,166, or 95.9 per cent.

Jamestown, N. D., 6,627; increase, 2,269, or 52.1 per cent.

Hastings, Neb., 11,647; increase, 2,309, or 24.7 per cent.

Ashland Debaters to Meet Omaha Commercial Squad

Ashland, Neb., March 27.—(Special.)—The Ashland high school debating team won over Denton here Friday night. This was one of the debates on the State High School Debating league schedule and entitles Ashland to meet Omaha High School of Commerce. Prof. J. F. Duncan of Cotner university and Prof. E. H. Wells of Wesleyan university acted as judges.

The visiting team, which supported the negative, consisted of Mr. Miller, Miss Taylor and Miss Giles. Ashland's team was made up of Edwin Rosecrans, Ellis Lucas and Gerald Almy. They had the affirmative of the question, "Resolved, that congress should prohibit strikes on railroads doing interstate business."

Ashland recently lost to St. Edwards' negative team and won from the teachers' college high school of Lincoln. Ashland's negative team has lost to Fairbury and to Syracuse and has won from Bethany, Lloyd Deane, Theodora Finch, Ted Thompson and Wayne Funk made up the negative team.

Omaha Merchants to Leave On European Trip in April

George Brandeis. E. John Brandeis.

With the idea of putting the Brandeis stores of Omaha in the van of big American stores in resuming importations of European goods, George and E. John Brandeis will leave here in April on a European inspection and buying expedition.

They will visit newly reopened markets of England, France, Belgium and Germany and expect to be able to obtain for Omaha customers stocks of imported gloves, hosiery, laces and linens, fine wools and latest gowns and hats of the Paris boulevards. They plan to remain in Europe for several months. After making a preliminary inspection of merchandise being offered for exportation, they will summon buyers from the various departments of the Omaha store.

"For two reasons American buyers practically have been ruled out of European markets since the war started five years ago," Mr. George Brandeis explained. "Because of war conditions buyers could not get into Europe and even those who have succeeded in reaching there since the armistice have found few goods ready for export. Our European representative, however, has cabled us mills and industries now are resuming operations on a large scale and the market will soon be back to something near normal. We want the Brandeis stores to have their share of the first European stocks available."

Tentative prices now being quoted on European goods are far above prewar values. Mr. Brandeis says, but he points out the financial exchange situation is such that it will be possible to retail imported goods in Omaha at reasonable prices.

Retail Grocers Sell Products at Loss, Say Association Members

While Mrs. C. G. Ryan, federal fair price commissioner for Nebraska, is concerned in running the "iniquitous profiteer" to earth in a government campaign to lower the high cost of living, the humble grocer himself is having a difficult time to make both ends meet, members of the Retail Grocers' Association declare. They indicate it would be unjust to call the grocer a profiteer. J. J. Cameron, secretary of the association, says the grocer is a "slave" to the public and asks why any retail grocer should sell 40 per cent of his goods for less than cost. Cameron says in part:

"The average overhead expense of a retail grocery store doing a delivery and credit business cannot be figured less than 18 per cent. The margins on 15 of the staple articles are as follows:

"Sugar, 12 per cent; bread, 12; butter, 8; eggs, 8; potatoes, 15; flour, 12 1/2; prunes, 17; raisins, 16; milk, 16; lard substitutes, 14; cornmeal, 17; rice, 16; can milk, 13; cottolene,

Teachers Seek Jobs In Omaha Under New Boosted Pay Schedule

Many applications for teaching positions under the new schedule of pay approved by the Board of Education last week and which will be in force next September are being received by Superintendent J. H. Beveridge.

"There were five in my office before 9 this morning," he stated, "and I have received more than 25 applications this week."

Teachers starting in the Omaha system next September will be paid a minimum of \$1,200, or \$1,800 if the applicant has had one year's experience, and \$1,400 if she or he has had two or more years' experience.

Woman Who Wounded Officer and Neighbor Held to District Court

Mrs. Rosetta Pope, 2312 North Twentieth street, who shot and wounded motorcycle Officer C. C. Cain and Fred Nelson, 2314 North Thirtieth street, last Wednesday afternoon, was bound over to district court in Central police court yesterday on two separate charges of shooting with intent to kill.

Mrs. Nelson, wife of one of the shooting victims, appeared against Mrs. Pope.

Both wounded men are still in the Swedish Mission hospital. They are recovering, hospital authorities say.

Bid on Federal Road.

Table Rock, Neb., March 27.—(Special.)—Sealed bids are being received at the office of the state department of public works at Lincoln for grading, culverts and incidental work on the "Table Rock-Lewistown Project, No. 97A, Federal Aid Road," for which contracts are to be let April 6.

THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

What It Is and How It Increases Weight, Strength and Nerve Force In Many Instances

SHOULD BE PRESCRIBED BY EVERY DOCTOR AND USED IN EVERY HOSPITAL

Says Editor of "Physicians' Who's Who."

Take plain bitro-phosphate is the advice of these physicians to thin, delicate, nervous people who lack vim, energy and nerve force, and there seems to be ample proof of the efficiency of this preparation to warrant the recommendation. Moreover if we judge from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, necks and bust, and replacing ugly hollows and angles, by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body

cells with the necessary phosphoric food elements, bitro-phosphate should produce a welcome transformation in the appearance; the increase in weight frequently being astonishing.

Clinical tests made in St. Catherine's hospital, N. Y. C., showed that two patients gained in weight 29 and 27 pounds, respectively, through the administration of organic phosphate; both patients claim they have not felt as strong and well for the past twelve years.

Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear, dull eyes ought to brighten and pale cheeks glow with the bloom of perfect health.

Physicians and hospitals everywhere are now recognizing its merits by its use in increasing quantities. Frederick Kelle, M. D., editor of New York Physicians' "Who's Who" says: "Bitro-phosphate should be prescribed by every doctor and used in every hospital to increase strength and nerve force and to cure all blood."

Joseph D. Harrigan, Former Visiting Specialist to North Eastern Dispensary, says: "Let those who are weak, thin, nervous, anemic, or run-down, take a natural, unadulterated substance such as bitro-phosphate and you will soon see some astonishing results in the increase of nerve energy, strength of body and mind and power of endurance."

Bitro-Phosphate is made entirely of the organic phosphate compound referred to in the National Standard Dispensary as being an excellent tonic and nerve and a preparation which has recently acquired considerable reputation in the treatment of neurasthenia. The standard of excellence, strength and purity of its substance is beyond question, for every Bitro-Phosphate tablet is manufactured in strict accordance with the U. S. Pharmacopoeia test requirements. Bitro-Phosphate is therefore not a patent medicine and should not be confused with any of the secret nostrums, so-called tonics or widely advertised "cure-alls."

CAUTION—While Bitro-Phosphate is unsurpassed for the relief of nervousness, general debility, etc., those taking it who do not desire to put on flesh should use extra care in avoiding fat-producing foods.
