Lincoln, March 28 .- (Special.) -"The women of Nebraska should not listen to the siren song of William J. Bryan in his effort to get them into the democratic party," is the statement made by Mrs. Lula Andrews, assistant secretary of the republican state committee.

Mrs. Andrews does not believe that with the record that the democratic party has on the side of the booze question that Mr. Bryan will be able to convince them that it is their duty to go into the democratic party just so they can vote for him for delegate at large. She says

"Republican women of Nebraska are not going to be misled by the siren song of the democratic leaders who are urging them to forswear the republican party and enter the primary as democrats in order to vote for a dry democrat.
