

## "Just a Club" Say Dry Demo Women of Wet Rivals and Vice Versa

"Oh, that's just a small club of women who call themselves the democratic party," exclaim members of the "wet" democratic headquarters in Hotel Fontenelle, when asked concerning the "dry" women's headquarters in the Patterson block.

"Why, they are just a small group of women who have organized a

club to assume the burdens of the democratic party," declare the women in the "dry" headquarters of the "wet" section.

"There is only one democratic party," announces Mrs. John Mulen, committeewoman for the Seventh ward. "There is no distinction made at the polls except by a handful of women who have formed a club and call it a political party."

"Wet and dry issues are merely a matter of conscience."

The whole trouble started several weeks ago, when a former member of the Women's Christian Temperance union in Omaha is said to

have been elected to a responsible office with the "wet" democrats.

### "Chef" Name Applied to Paris Publicity Head

"Chef de Publicite" was the letter-head emblazoned in artistic type across the top of a letter received Thursday from Paris by Arthur C. Thomas, manager of the publicity bureau of the Omaha Chamber of Commerce.

"I suppose they call 'em chefs over there because of the journalistic hash press agents and publicity men are supposed to be continually cooking up," he remarked.

The letter was from Etienne Damour, general secretary of the national conference of "chefs," and

informed Mr. Thomas that the publicity bureau's plan of advertising the city was being considered for adoption by several French cities, as a part of their reconstruction work.

### Commencement Exercises For Night Students Held

Commencement exercises for night students at South and Comenius High schools were held Thursday night.

Certificates and diplomas were issued to students who had completed from one to three years' work. J. Dean Ringer spoke at South

High and Superintendent J. H. Bevelidge presented 137 certificates and four diplomas. The school orchestra furnished music.

Belle M. Ryan, assistant superintendent of schools, presented the diplomas at Comenius school.

Registration for the term beginning numbered 437, of which 366 were called for evening high school

work and 70 for evening elementary work. Certificates are given at the close of each year and diplomas upon the completion of a three-year term.

Painters and decorators in London, Ont., have suspended work until there is an adjustment made of their wages.

## "How Delightfully Surprising" —The Edison Period Cabinets of course

A woman came into our store and saw the Edison Period Phonographs!

"How delightfully surprising!" said she. "I'd made up my mind to have a New Edison purely because of its musical merit. Now I find that I get a beautiful piece of furniture as well."

As Elsie de Wolfe and Lady Randolph Churchill, furniture authorities of international prestige, have both written—all Edison cabinets have the purity of design and honesty of craftsmanship which characterized the golden age of furniture.

Our showing of Edison Period Phonographs has created universal interest as a furniture exhibit.

All Edison cabinets are period models.

Whatever the requirements of your taste, your space, your decorative scheme, you will find in this exhibit a design of exquisite appropriateness—and a new conception of what a phonograph can mean to your home.

Won't you give us the pleasure of a visit?
