

BRICK PAVING UNTOUCHED BY ORDER OF COURT

Judge Enjoins Only Bitulithic Part of County Contract—Rest to Be Started Immediately.

The 5.33 miles of brick paving on concrete foundation, contract for which was let by the Douglas county commissioners to the Allied Contractors, Inc. February 25, will not be stopped by injunction as was originally announced by District Judge Sears last Monday when he granted a permanent injunction against laying 12 miles of "Warrenite bitulithic" paving.

Judge Sears yesterday signed the injunction order in accordance with his decision of last Monday. But, since Monday, the plaintiffs in the case, through John P. Breen, asked the court not to include the brick paving with the Warrenite bitulithic in the injunction.

Favor Brick Paving.

"We did not ask to have the brick paving enjoined," said Mr. Breen.

"We are in favor of brick paving. That is what we are fighting for. We are against Warrenite bitulithic paving because we do not consider it permanent. The court knocked it out on the ground that the patent No. 727305, on it, expires May 5, 1920, and on the further ground that Warren Brothers did not file their agreement as to the cost at which they would supply their compound to any contractor until one or two days before the bids were to be opened. Neither of these objections applies to the brick contract.

"The Allied Contractors, Inc., have already about \$40,000 worth of material and apparatus on the ground. They went ahead with this because our suit did not seek to enjoin brick paving. Therefore, we agreed in asking the court not to stop the brick paving."

To Start Work at Once.

W. L. Carey, vice president of the Allied Contractors, Inc., stated that his company will proceed with this paving at once and that it will be completed "before the snow flies." This stretch will extend from the end of the present paving on the Lincoln highway to a point half way between Elkhorn and Waterloo.

The county commissioners and Allied Contractors, Inc., say they have no intention of appealing the injunction suit on Warrenite bitulithic paving.

New specifications are to be prepared by the state engineer and new bids will be asked for further paving of county roads. Work on other projects will start this summer, county commissioners say.

Samardick to Leave Police Force April 15; To Work for Uncle Sam

Robert P. Samardick, former head of the police morals squad, turned in his resignation yesterday to Chief of Police Eberstein to take effect April 15.

Incidentally, Samardick has been granted 10 days' leave of absence from the police force. Samardick told Chief Eberstein he has been appointed to a position with the federal government.

Following charges brought against him by Policeman Fred Blyken, Samardick declared he would not resign from the police force on April 1 as he said he had planned originally and it was for this reason he decided to wait until April 15 before leaving the department.

"I'm sorry Mr. Samardick has left us," Chief Eberstein said. "He was a thorough worker in his line of police duty."

Five Alleged Pickpockets

Given Three Months Each

Five alleged pickpockets, arrested Friday in the vicinity of Union station, where police say they have been following their "profession," were sentenced to 90 days in jail each yesterday in Central police court. They appealed to district court.

The men were well groomed as they appeared in court and told the judge they were enroute from Kansas City to St. Paul, stopping in Omaha for just a few days.

They gave their names as Louis Bianchi and Fred Martin of St. Paul, James Cameron, Charles Daley and J. C. Warren of Kansas City.

The first two were arrested at Union station, the other three at Sixteenth and Farnam streets. Police say they were acting suspiciously in the crowds.

D. V. Sholes Co. Report
