Rheumatism A Home Cure Given By One Who Had It. In the spring of 1912 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case. I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-sought-for means of curing your rheumatism, you may send the price of \$1.00. Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today. Mark H. Jackson, No. 559 F, Gurney Bldg., Syracuse, N. Y. Mr. Jackson is responsible. LINCOLN WHITE RIBBONERS IN FACTION FIGHT

Blocking Plans to Get Republican Woman Vote for Bryan Starts Merry Row.

Lincoln, April 6.—(Special.)—Members of the Lincoln branch of the W. C. T. U. are not at all pleased with the way that Mrs. W. S. Cleaver of this city blocked the plans of Mr. Bryan to have the women of the state go over into the democratic primaries and register so they could vote for him for delegate to the national democratic convention. The local branch has come out in a signed statement by three of its

officers saying that the meeting was not called to discuss politics, but for another purpose, and that Mrs. Cleaver was the first to bring politics into the meeting. Mrs. Cleaver denies this and says that she read in a Lincoln paper the night before that the women would "discuss candidates," and she was interested in knowing what they would say that caused her to attend the meeting and it was only after several of the women had eulogized Mr. Bryan and urged that "we ought to stand by him because he had always been a dry man," that she took a hand in the discussion and gave them some facts regarding Mr. Bryan's early political history when he used to say in his addresses that "it is not for me to say what a man should eat or what he should drink," which resulted in the meeting taking no action favorable to Mr. Bryan.

How to Have Red Lips!

The girl with red lips and pink cheeks may be thankful for both denote health—vigorous, forceful, magnetic health, and while it may be impossible for some to attain owing to morbid states of health, yet a vast majority of seemingly healthy young women and men are almost colorless, because of a lack of red blood corpuscles. When the blood is improved and enriched with these red corpuscles, the weight increases and a beautiful tint appears on the cheeks, while the lips assume a healthy red color. Many physicians and beauty doctors prescribe three-grain hypo-nutrine tablets, which are said to invariably increase the red blood corpuscles after a course of treatment lasting several months. The nervous system and general health also improve rapidly. The best apothecary shops supply this tablet in sealed packages.
