In the cotton market a vigorous advance emphasized the unfavorable weather which parts of the crop belt have been experiencing. Probably low call money also had its effect in speculation in the staple, for it was noted in market gossip that the impression that day to day credit is to be plontiful for a time was an absorbing factor.

> Nebraska Fraternal Organization Tells Court of Loss In Pioneer Certificates Of Company.

Lincoln, Neb., April 7 .- (Special.) -Royal Highlanders replying to a suit in district court here to enjoin the assessment of higher rates, alleges that its bylaws were regularly adopted and that they work no hardship on any member.

The court is informed that one of the plaintiffs, W. M. Widener, holds what is known in the society as a pioneer certificate, of which there were outstanding at the time of the adoption of the new rates,

The value of the benefits called for by these certificates computed on the basis of the National Fraternal congress' table of mortality was, on December 19, 1919, \$2,664,962, while the present value of all future payments called for by the certificates deducting nothing for expenses, amounted to \$169,625, which was less than 7 per cent of the ben-efits called for by pioneer certi-

of necessity must have been collected from other members of the

society. It is further alleged by the de-
