

UNABLE TO WALK WITHOUT HELP FOR SIX MONTHS

Kas. City Woman Gains Eighteen Pounds and Can Do Own Housework Since Taking Tanlac.

The remarkable results being derived from Tanlac is further evidenced in the case of Mrs. Mamie Garica, a highly respected Missouri woman, residing at 506 Holmes street, Kansas City.

Mrs. Garica said: "For six months before I began taking Tanlac I had rheumatism so bad I wasn't able to walk without someone helping me or without holding onto a chair, but now I am doing my housework for the first time in years and have gained eighteen pounds in weight."

"It was three years ago that I began to suffer with rheumatism and I got so bad off I had to give up my housework, and I kept getting worse until finally I was almost helpless. My joints were stiff and swollen and it pained me every time I moved. I had pains all over my body, especially in my back, and sometimes I was in such agony I thought I would go distracted. I also suffered badly from constipation and often had severe headaches and at times I got so dizzy I had to lie down or sit down to keep from falling. My stomach became badly upset and at times what little I did eat made me so nauseated I could not retain a bit of it. My heart would palpitate terribly and I felt so choked-up and tight across the chest I had to gasp for breath. I lost weight until I went down to one hundred and ten pounds and finally, as I said, I got so bad off I couldn't walk without help and I was beginning to wonder where it was all going to end."

"That was my condition when I began taking Tanlac, and words just can't express how happy I was when the pains commenced to ease up and I felt a calm coming over me that I hadn't felt in years. Why, by the time I had finished my second bottle I was able to walk, and I continued to improve, until now I have taken up my housework again. The swelling and stiffness have left my joints and I hardly know what it is to have even so much as an ache. I can eat just anything I want, because my digestion is perfect, and I never suffer any bad effects at all. My constipation has been entirely relieved and I am free from headaches and dizziness. My sleep is sound and refreshing, and I now weigh one hundred and twenty-eight and my health is better than it has been for four years. I am simply overjoyed at my recovery, and I am happy to give this statement for the benefit of others."

Tanlac is sold in Omaha at all Sherman & McConnell Drug Company's stores, Harvard Pharmacy and West End Pharmacy. Also Forrest and Meany Drug Company in South Omaha and the leading druggist in each city and town throughout the state of Nebraska.—Adv.

Have You Given Up?

Are you one of the 85% of men over 65 years old who have given up, and are waiting for the end?

There is no reason for any man or woman to sit in a corner and give up the pleasures of life—the joy of living—the social and business activities that make life worth while.

In middle life and old age the cells of the body are not reconstructed as rapidly as in youth. The cell-salts so abundant in the rich red blood of youth are insufficient in the blood of older people. The heart action slows down, the circulation of the blood slackens, the blood lacks a sufficient supply of vitalizing oxygen and the organs of the body fail to function.

The body in youth possesses more heat than in middle life or old age. That's because there is an abundance of cell-salts in the blood when the body is young—and the blood is rich in oxygen which burns up and eliminates the waste tissues and worn out cells. In youth the quick hot blood urges to action and the body renews itself quickly.

As we grow older we slow down, sit in a sunny corner and give up. We fail to learn the lessons of life and weakly surrender to fear, worry and imaginary diseases that are merely Nature's cry for the natural cell-salts that she must have to keep the body strong and vigorous, and the life-giving oxygen that burns up the worn out cells and vitalizes the blood, making the entire body glow with health and energy.

REOLO has remarkable tonic and reconstructive qualities. It supplies to the thin, inactive, impoverished blood the natural cell-salts, iron and oxygen that the body must have to keep well and renew itself.

Try the systematic REOLO treatment for six weeks and you will be delighted with the steady improvement in your strength, energy and mental activity. The large package of 100 tablets sufficient for two weeks' treatment only costs \$1.

DIVORCE GIVEN AGNES LYNCH IN DISTRICT COURT

Alimony of \$1,500 Also Granted—Decree Ends Sensational Suit Against Former Commissioner.

A divorce and \$1,500 alimony were granted to Mrs. Agnes Lynch, wife of "Johnnie" Lynch, by a decision of District Judge Sears yesterday.

Mrs. Lynch testified at the hearings of the case last week, that her husband denied that they had been married. He said they did this by agreement because they had married contrary to the laws of the church. "Johnnie" having been divorced by his first wife who is now Mrs. Hugh Murphy.

"Johnnie" testified that he received at one time \$500 a week as his "cut" from local gambling houses. Lynch was ousted from the office of county commissioner of Douglas county several years ago. Later he served three months in the Dodge county jail after pleading guilty to violation of the Mann act.

His wife formerly held a position as private secretary to George Brandeis. She and Lynch were married in Idaho right after he served his sentence in the county jail.

MEAT CUTTERS STILL STRIKING; DEALERS FIRM

No Violence Reported Though Men in Walkout Continue Picketing Stores.

Union meat cutters in many Omaha stores continued on strike yesterday and, in a number of instances where it was declared strikers had been "locked out," silent pickets patrolled the streets wearing signs warning the public of alleged unfair practices on the part of retail meat dealers and grocers.

No violence of any kind had been reported to the police and none was anticipated. The Central and Washington markets in the downtown district were among those which were "picketed."

Nine union meat cutters are absent at the Central market and though patrons of the meat department were slightly inconvenienced, Manager J. H. Kulakofsky declared he was "getting along fairly well."

At Hayden Brothers it was said yesterday that two union meat cutters were working, but that "no body knew how long they would continue." There were no pickets in front of the store.

Nebraskan Returns With Pretty Tales of "Bonnie" Scotland

Ordinances which prohibit standing in street cars, and a general 1-cent fare throughout Scotland is the principal advantage of living in that country, in the opinion of David Rees, pioneer Norfolk grain man, who, with his wife, stopped in Omaha yesterday en route home from Aberdeen, Scotland.

This advantage is discounted by prevailing high prices in Scotland, however, according to Mr. Rees, who declared that eggs were selling in Aberdeen at 9 cents each, milk at 22 cents a quart, butter at 1.08 a pound and that sugar can be bought only in six-ounce portions.

Mr. and Mrs. Rees have been visiting their daughter, Mrs. Robert McDougall, for the past nine months in Aberdeen.

The head of the body was bald, and no marks of violence could be found. The man must have been between 35 and 40 years old, Coroner Cutler said. No man has been reported missing from Council Bluffs recently.

FAMILY SQUABBLE CAUSES BROTHER TO SUE BROTHER

William Lonergan Files Information Against Charles, And Son, for Assault.

A family feud which is said to have grown bitter because of the success of one of two brothers, culminated yesterday when William Lonergan filed an information in county court against his brother, David C. Lonergan, and the latter's son, Charles Lonergan, charging them with assault with intent to do great bodily injury.

William and David have lived for years on adjoining farms, four miles northwest of Florence.

David is a nationally famous purebred hog fancier. He is the owner of the celebrated "Designer," a hog valued at \$30,000.

Two weeks ago, David said yesterday at the court house, he and his son were driving along the country road when their automobile engine stalled. While they were stopping to fix it on a bridge William and his son, Hugh, drove up behind them.

"Thereupon a fight ensued between the two brothers and the two cousins, in which William and Hugh came off with second honors, it is said."

"I hadn't spoken to my brother for 10 years," said David today. "I knew that speaking just started trouble, so I kept away from him as much as possible. I could turn right around and file a similar complaint against Will and Hugh, but I don't want to do it. I'd like to see peace come some time. We just defended ourselves and we seem to have defeated ourselves mightily well. But I hate this business of squabbling all the time."

Many Are Expecting Dark Horse to Win Nomination

Johnson's Success in Michigan Sets Wiseacres to Speculating and Pershing Is Mentioned More Frequently As Man Likely to Be Final Winner.

Washington, April 8.—(Special.)—The very heavy vote cast for Senator Johnson in the Michigan primary yesterday, and to scores of politicians hereabout wholly unexpected, has set the wiseacres of the press speculating as to just what the Michigan vote means, and to many it indicates that a dark horse whose name is Pershing will win the nomination.

The Washington Times sizes up the situation as follows in its issue of today:

"Political observers at the capital today were busy analyzing the significance of Senator Johnson's sweeping victory in Michigan. They profess to see the G. O. P. situation at Chicago, 10 weeks from now, further complicated by the Californian's lead in the Michigan primaries, and also by the strong showing made by Herbert Hoover, who has apparently won third place, thereby polling a large spontaneous vote."

Five Leading Candidates.

"On the basis of this showing there are five leading candidates now in the republican race for the presidential nomination—General Wood, Senator Johnson, Governor Lowden, Herbert Hoover and Senator Harding. If the convention is tied up, as all returns now indicate, there will be a royal chance for a dark horse and a dark horse, politicians here point out, is not a man never heard of, but a man who has entered the convention with a few votes."

"There are two prominent instances—Garfield, who, in 1880, had a few votes on every ballot from the first to the 36th, and Horatio Seymour who, in 1868, was voted for in the democratic convention from the first and was predestined from the first to be the candidate to oppose General Grant."

Number of "Dark Horses."

"This year there are a number of candidates eligible to the place of dark horse. Gen. John J. Pershing heads the list with Governor Coolidge, Senator Borah, Governor Sproule and Senator Knox bringing up the rear. Each one of them will enter the convention with a respectable number of votes, and they will wait while the first ballots are recorded to see where their chance comes."

Members of congress who are paying close attention to the presidential fight do not place much weight to the booms of Dr. Nicholas Murray Butler or Senator Poincaré.

The consensus of opinion is that if the nomination is not made by the fourth ballot it will degenerate into a contest among the dark horses. Pat Harrison, state chairman of Wyoming, who arrived here yesterday, cheered supporters of General Pershing by asserting that the leader of the A. E. F. can have Wyoming's solid delegation if he gives the word.

OMAHA RAIL MEN RESTLESS OVER CHICAGO STRIKE

No Walkout in Yards Here, However—Live Stock Receipts Drop.

Possibilities of the switchmen's strike spreading to Omaha exists, railroad officials said yesterday. Unusual uneasiness among members of the local union of trainmen has developed, they report, and meetings have been held recently. No demands nor notice of contemplated action have been filed.

According to W. H. Guild, assistant general manager of the Union Pacific railroad, engineers and firemen at Omaha are not yet affected. "The switchmen have been 'milling around,' but nothing definite has developed as far as we know," Mr. Guild said.

According to George W. Holdredge, general manager of the Burlington railroad at Omaha, his office has no information of a spreading of the strike to local yards.

All Men At Work.

Officers of the chief yard masters' of railroads entering Omaha reported all men were at work yesterday and that no hint had come to them of agitation for a strike in sympathy with Chicago switchmen. Jack O'Donnell, secretary of the Omaha organization of trainmen, could not be reached yesterday. Switching operations in Omaha yards are handled by employees affiliated with the Brotherhood of Railway Trainmen.

It is understood that there will be a meeting of the brotherhood tonight.

Affects Live Stock.

A falling off in receipts and in demand for live stock has developed on the Omaha market, as a result of the Chicago tieup, local dealers said today.

The uncertainty of securing transportation forces farmers to keep their stock at home, traders explained, and a desire to wait for a settled market induces dealers to withhold buying.

Receipts for hogs in Omaha totals over 15,000 and for cattle about 6,000, with weak demand for both. Top price for hogs is \$14.75, which is 50 cents under the price early in the week.

Return From Funston

Maj. Henry C. White and Lieut. H. E. Neely of Fort Omaha returned Wednesday from a trip to Camp Funston, Kan., where vocational education methods were investigated. Specialized training along lines desired by the men is given at the fort, under the guidance of Major White.

A Good Example

Wednesday in Omaha, two women—vigorous pioneers in the cause of woman suffrage—overcame the difficulties of age and sickness in order to register.

It is safe to say that few women would be compelled to greater effort that they might exercise their right to vote.

One of these women was nearly 90 years old.

The other was 60 years old and had never left the house since she suffered a severe fall six weeks ago.

Such is the example set to women voters.

There are two days left for others to REGISTER.
