Railroad Employes Omaha Send Delegates to Special Attitude Toward Walkout.

STRIKERS WEAKENING, SAYS UNION OFFICIAL

Number of Men Reported to Have Returned to Work-Tieup on Northwestern.

Omaha and Council Bluffs switchmen threaten to strike today in sympathy with the insurgent walkout of their craft in Chicago. The question of a walkout here

now rests with a committee of representatives of the employes from each railroad. Definite vote will be Denouncing the Brotherhood of Railway Trainmen, one of the "Big men's association Thursday night. sation First "Bomb" Thrown.

The first meeting of the new as-sociation was held yesterday behind closed doors in the Labor temple. The "strike" committee was appointed at this meeting. Names are withheld.

Sympathy for the insurgent strike of switchmen now prevalent in 17 other cities of the United States is given as the leading spirit in the formation of the new organization. The first "bomb" thrown into the meeting yesterday, which was a closed session, exploded when Temporary President Bert Parker read a telegram from A. F. Whitney, vice

president of the brotherhood. Brotherhood Issues Appeal.

The telegram was in the form of an appeal to the local switchmen "to do their duty toward the brotherhood."

The insurgent strike led by John Grunau of Chicago, was denounced as illegal, by the telegram, which stated that the strikers could get no increase in pay, or better workig conditions, in an unlawful way.

Local switchmen must submit their grievances to a labor board of arbitration, the telegram demanded. "All bunk!" cried a switchman, when Mr. Parker finished reading duty

A Personal Statement By Nelson B. Updike

A single purpose led me to buy The Bee. That was a desire to establish a newspaper whose object should be the advancement of Omaha and Nebraska. While a republican. I have occasionally voted for a democrat, but have always been a firm believer in the principles of the republican party. I think the people at large are in accord with those principles and expect The Bee to support them. It will do just that, with the earnest conviction also that General John J. Pershing should have Nebraska's solid, whole-hearted, enthusiastic support in the coming primary. It is a time for all of us, as Nebraskans, to stand for Nebraska's candidate, and thereby present to the country the best man our party can put forward.

Feeling strongly on this matter, I do not hesitate publicly and privately to ask and urge the people of Nebraska to support General Pershing in this campaign. I wish to say here and now that I am not and never expect to be a candidate for political office or favor.

I have never knowingly asked or advised anyone to do anything, political or otherwise, that I did not think was for his own best interest, and I am not doing so now when I urge that Nebraska give its primary endorsement to its own citizen.

The Bee seeks to promote in this campaign the highest welfare of Nebraska and the nation, and that alone. The republicans of Nebraska never have had such an opportunity for valuable and deserved advancement in party counsels as now.

Let's go to it, shoulder to shoulder-for Pershing and Nebraska!
