# LACK OF MONEY MAY BE RELIEVED BY CONTRACTORS

May Take Over Portion of City Bonds Issued to Cover Cost of Street and Sewer Work.

The present stalemate in regard o work on \$400,000 worth of sewer and street improvements may be relieved through contractors taking over a portion of the city bonds issued to cover cost of the work. City Commissioner Roy N. Towl said yesterday.

He and Finance Commissioner

Ure have been conferring with con-tractors on this plan, he said, and have received assurances from some of the contractors who express a willingness to take the bonds in order to prevent further delay in starting work.

Finance Commissioner Ure has been unable to find a market for this year's \$100,000 street intersection bond issue, the \$200,000 sewer bond issue and \$100,000 worth of city jail bonds. The financial market at pres-ent, he finds, offers opportunities which most investors consider more attractive than the 5 per cent municipal bonds.

Meanwhile, the contracts for

\$200,000 worth of street paving and \$200,000 worth of sewer construction are pigeonholed in Commissioner Ure's office. Under a ruling of the city legal department, he is not au-thorized to approve the contracts as in effect until funds are actually available to cover cost of all work performed under them. If contractors prove unwilling to

ake over a sufficient portion of the bonds to relieve the present delay. an appeal may be made to interest small investors, it was stated today. Commissioner Towl is preparing advertise next Friday for bids of approximately \$40,000 worth of adtional street improvement work. Work is being pushed on the new city jail with \$100,000 already available in the city treasury. When that amount is exhausted construction will have to stop, unless meanwhile a market can be found for the \$100,000 worth of jail bonds.

President Wilson has appointed Mrs. Josephus Daniels, wife of the secretary of the navy, to represent the United States in an official capacity.
