"OTHER WOMAN" BLAMED BY WIFE IN ASSAULT CASE

Vindictiveness Marks Preliminary Hearing of Mrs. Pullen Who Shot Husband.

Vindictiveness marked the preliminary hearing of Mrs. W. E. Pullen in Council Bluffs police court yesterday. Mrs. Pullen is held on a charge of assault with intent to commit murder. She shot her husband three times two weeks ago after calling him to her home to discuss pending divorce action between them.

Pullen, who has been out of the hospital but a few days, where Dr. Donald Macrae, Jr., removed two bullets from his back, leaving the third lodged in his neck, was the only witness who took the stand. During his convalescence in the hospital and later in her own home Mrs. Pullen had nursed her husband lovingly and both had repeatedly made statements that the affair should be ended. Pullen stated that he would not appear against his wife.

Extreme Bitterness Shown. Yesterday, however, both displayed extreme bitterness toward each other, the wife accusing the husband of "running around with another woman," and the husband claiming that he would send his wife to the penitentiary if possible. Efforts to reveal the name of the "other woman" were blocked by attorneys.

While on the witness stand Pullen told the entire story of the shooting. His wife called him by telephone and asked him to come to her home to talk over the pending divorce suit, he said, on April 1.

While he was there she denounced him for paying attentions to another woman, he said.

Wanted Case Dismissed. "Dismiss the divorce suit," she demanded. "I won't," Pullen says he replied. "Well, if I can't have you, that's all right."

other woman won't," she cried, and rushed into her bedroom, according to Pullen.

Then the shooting occurred, Pullen testified, four shots being fired, one of which went wild, while three bullets struck him.

Pullen said he pulled a letter from his pocket and started to burn it, but that his wife snatched it from his hands.

This letter is purported to have been written by "the other woman" to Pullen and is now in the possession of John P. Tanley, attorney for Mrs. Pullen.

"Honeymoon Express" Here With Delivery of Paint

The airplane freighter from Kansas City, Mo., that arrived at Ak-Sar-Ben field at 4:30 Thursday afternoon with a delivery of paint for the C. R. Cook Paint company, 1416 Harney street, will fly to Mound City, Mo., today with a special order, J. R. Henrie, manager of the paint company in Omaha, said.

The plane is piloted by Samuel Pickard, former lieutenant in the aviation section of the United States army. Paul Brady, an official of the C. R. Cook company, Kansas City, will accompany Pickard.

The plane is known as the "Honeymoon Express," for in it Lieutenant Pickard was married to Miss Francke Homan of Kansas City, at a height of 3,000 feet over Sedalia, Mo., eight months ago.

From Mound City, Mo., the plane will be flown on an exhibition trip over Iowa.

High School Paper May Be Put Out of Business

The Central High Register, the school monthly magazine, may not publish its "annual" this year according to Principal J. G. Masters. Lack of money in the treasury is the reason.

The "annual" is the yearly graduating number and contains pictures of graduates and synopsis of school events. The records of the school in dramatics, organization, military and athletics are also features of the number.

"If everything is not O. K. in the immediate future," said Mr. Masters, "I don't think we can put out an annual. It will be a hard blow to the class of 1920."

Josephine Bilz who sued her husband, Hugo Bilz, for divorce last week, filed suit in district court yesterday to set aside a deed which she signed in 1911 transferring a piece of property to him.
