Gen. J. M. Pina, commander the Sonora troops in this district, announced Gen. Francisco Urbalejo, with his Carranza force at Santa Rosalia, Chihuahua, had revolted and would take the field for the So-nora movement. Urbalejo was re-ported to have 400 Yaqui Indians un-der his command. Candidates and speakers from outside the state, beseeching Nebraska votes for one or the other of the non-Nebraskan candiates for president, have extelled the merits of themselves or of the candidate whose cause they champion. One candidate from California, the other from New Hampshire. We have even had a Californian telling us why we should not vote for the man from his home state.

Nebraskans: Be True to Nebraska

But, and here is the vital thing: Neither of these men has given any reason why a Nebraskan should not vote for a citizen of Nebraska.

Not a word of criticism has been uttered against John J. Pershing. His attainments and qualifications are not only unchallenged but have won the highest of admiration and praise.

To Nebraska voters he is commended with confidence because of his established ability in all things that go to make a leader of men and for which the people seek when choosing a president. In addition to this, he is a citiezn of this state.

Can anyone give a reason why a republican should vote for an outsider in preference to the man from home. Republican voters of Nebraska, men and women: Use your common sense; be loyal to your state; vote for John J. Pershing for president. "Stand up for Nebraska !"
