

## When the Wash Woman Sees the Name Pray --on Your Shirt

All fear of the results of laundering disappears. She knows that in all her years at the tub and boiler not one single shirt has gone wrong.

We buy shirts that we know will stand up—that will not fade, and that are not "loaded" to give appearance. We guarantee them to give "honest service" and look right every time you wear them.

Why take chances with shirts that are not guaranteed? It doesn't cost any more—the only difference is in the policy of the store you buy them from. We are here to serve you so well that you will never want to trade elsewhere.

## THREAT OF NEW STRIKE LOOMS ON RAILROADS

### Freight Handlers and Clerks at Chicago Will Vote Tonight On Quitting to Enforce Demands.

Chicago, Ill., April 19.—Threat of a new strike among railroad employees in the Chicago district today confronted claims of railroad managers and brotherhood officials that the "insurgent" women's strike had been broken and the situation rapidly was returning to normal.

Eight thousand freight handlers and 30,000 railroad clerks employed on all lines entering Chicago will take a strike vote tonight after a conference today with the railroad heads. George A. Worrell, chairman of the Chicago & Northwestern Railroad Clerks, announced. He said he had been empowered to speak for all the clerks and freight handlers.

Worrell did not announce demands to be presented, but said there "seemed little chance of compromise" and the men probably would strike Tuesday.

Strikers Return. In the switchmen's unauthorized strike continued improvement in traffic conditions throughout the central and far west was noted.

On the Pacific coast railways operated today for the first time since the strike without embargoes on perishable freight.

As a result of a new federal

descent on strike leaders at Chicago, 10 men were arrested. Nine were released on their own recognizance to appear today and make bonds of \$10,000 each, but Harold Reading, chairman of the board of directors of the United Enginemen's association, was sent to jail when he would not pledge himself to stay away from strike meetings.

Better in East.

New York, April 19.—Striking railroad employees continued to flock to work in New York and vicinity today, despite efforts of radicals, and railroad officials asserted conditions were approaching normal.

J. J. Mantell, spokesman for the General Managers' association, would not estimate the number of men working. The roads are filling permanently the places of strikers who failed to report up to yesterday noon, Mr. Mantell said.

All railroads in this section commenced to move freight from badly congested terminals today. Virtually normal passenger schedules were maintained.

The Hudson tubes, connecting Manhattan and New Jersey cities were still tied up.

The federal grand jury was convened at Newark, N. J., today to consider alleged radical activities among the strikers.

### Re-Elect Mrs. H. J. Bailey Science Head of Women

Mrs. H. J. Bailey was re-elected leader of the political and social science department of the Omaha Woman's club at the annual business meeting Tuesday afternoon in the Y. M. C. A. Mrs. W. H. Warwick was re-elected secretary and treasurer. The assistant leaders for the ensuing year will be appointed by Mrs. Bailey.

Following the business session Lyle Abbott spoke on the new state constitution.

## Rail Board Won't Meet "Outlaw" Strikers

(Continued From Page One.) promises not to attend meetings of the Chicago Yardmen's association, of which he is president, caused his arrest.

Grunau took the same stand as on the occasion of his first arrest and refused to arrange bonds. He was ordered taken to the county jail at Joliet, Ill.

Miller Also Held.

R. V. Miller, official and organizer of the United Enginemen's association, which is allied with the yardmen's organization, was also being held.

Both Grunau and Miller came to the federal building and surrendered themselves.

Later District Attorney Clyne ordered warrants issued for about 25 union men who succeeded to the offices vacated by the men arrested. Mr. Clyne warned the strikers last Saturday that any men who took the places of the striker leaders would be arrested.

Schools Remain Closed.

Coal shortage caused by the strike, made itself felt in Chicago today. Elevator service in the federal and postoffice building was temporarily curtailed when the reserve supply of coal gave out. More serious curtailment of the heat and light service of the building was averted by the timely arrival of a carload of coal.

School officials announced that even when the school engineers, who are now on strike, return it will be impossible for some of the schools to open because of the lack of coal.

Esty Is Indicted.

Eugene C. Esty, until 10 days ago a leader in the Chicago rail strike, was indicted by the state grand jury charged with "influencing others to injure railroad property." The offense is punishable with imprisonment for from one to 10 years, if convicted.

Esty was arrested several days ago after he was reported to have boasted at a union meeting that he procured J. W. W. assistance to wreck trains and blow up roundhouses and bridges during a railroad strike at Minneapolis and St. Paul during a rail strike in 1910.

Minneapolis officials denied Esty had had any part in the 1910 strike or that there had been any violence, as he is said to have claimed following his speech he was ejected from union meetings and reported ousted from the Chicago Yardmen's association, the "outlaw" union.

Return at Cleveland.

Cleveland, O., April 19.—Two hundred striking switchmen returned to work at the Nickel Plate, Baltimore & Ohio and Wheeling & Lake Erie yards at 10 o'clock this morning. The men are members of the J. M. Ferris lodge, Brotherhood of Railway Trainmen. Railroad officials expected that the remainder of the 600 lodge members would be back before night.

One hundred and thirty-five Pennsylvania railroad roadmen met this afternoon and voted to return to work Wednesday morning. At another meeting of 200 striking Pennsylvania employees, no vote was taken, but 150 yardmen attending decided to return to work tomorrow morning, according to those attending the meeting.

Take Away Charter.

Salt Lake City, April 19.—The charter of Salt Lake Local 859, Brotherhood of Railway Trainmen, whose members are on strike, has been revoked by W. G. Lee, president of the order, according to word received here late today from the east.

"Uninteresting" Clothes.

Compelled to Do Duty Owing to Cold Wave

Lowering weather saved the high cost of clothing from a severe jolt yesterday when members of the newly formed Overall club at the University of Omaha decided that blue denim and April showers would be a poor combination.

Ray Phelps, Loren Thompson and Jack Beacom, charter members of the club, had announced that they would appear for classes yesterday clad in the club's official uniform, overalls.

They even boasted of their intentions among the fair co-eds of the school, and it was with eager anticipation that the students assembled for classes.

There was great disappointment evinced among the students especially the co-eds when the three boys appeared in "just plain, uninteresting clothes," as one girl expressed it.

Man Accused of Shooting Bellboy Placed on Trial

Charged with firing the shot which killed Eugene Scott, negro bellboy at the Plaza hotel, September 5, 1919, Edgar Holman, special watchman, was placed on trial before a jury yesterday in District Judge Troup's court. Holman was passing a street corner when Scott came running out of the hotel pursued by Policeman George W. Brigham and George G. Armstrong. He said the officers called on him to shoot the fleeing bellboy.

Retail Credit Employees to Be Entertained at Dance

Managers and employees of credit departments of Omaha retail establishments will be entertained at a dance in Hotel Rome Friday night, as guests of the Associated Retailers of Omaha. Several entertainment features are being arranged. The committee in charge is Mrs. F. Daley, E. H. Ward and W. R. Berndt. About 250 are expected to attend.

Stump Orator Intoxicated, South Side Police Say

While trying to make a political speech at the corner of Twenty-fourth and N streets Sunday, Dennis Hennessey, 2708 D street, displayed signs of intoxication, police say.

He was taken into custody, and was fined \$10 yesterday in South Side police court.

Stop Serving Potatoes.

Rockford, Ill., April 19.—Potatoes will not be served in Rockford restaurants until the price is materially reduced.

# DO NOT FORGET

Do not forget that the presidential contest in Nebraska next Tuesday will be between Leonard Wood and Hiram Johnson.

Do not forget that in the final selection, regardless of how the Nebraska primaries go, the contest will narrow down to an issue between two sets of principles, those represented by Leonard Wood and Hiram Johnson.

Do not forget that the final selection of a candidate for president will not be influenced by personal preferences or appeals for favorite sons.

Do not forget that the final choice is being determined by two lines of thought and sentiment, one of these being homely Americanism and orthodox republicanism as exemplified by Leonard Wood, and the other being a glossed-over radicalism always and forever alien to the spirit of Americanism, as typified in Hiram Johnson.

Do not forget that the grist that comes from the Chicago convention will be ground between these two millstones, and that in all human probability the loaf that will come from that grist will be the "daily bread" of the people of this country for four years following the fourth of next March.

Do not forget that men are transient, but that principles are eternal, that political policies are for today, but that the spoken and acted truth is forever.

Do not forget that when you commence to acquire learning you begin with the primer, so also that when you begin to create manhood and develop citizenship your first primer lesson is at the primaries, where political organization finds early expression and the potent agencies of civil government are set in motion—hence the duty of every voting man and woman to reason conscientiously, act intelligently and decide deliberately in the voting booth with no other prompter or witness than their conscience and their God.

Do not forget that the professional politician and the political promoter have ways of their own that are past finding out, but that without variation their purpose is always the same, to place the candidate above the issue and the opportunity above the weal of the commonwealth.

Do not forget that in this state, where the principles of Roosevelt took miraculous hold upon the minds of the people, we cannot honor his memory by betraying his disciple, his lifelong friend and his greatest living exemplar, Leonard Wood.

Do not forget that John J. Pershing does not fit into any consistent political program for 1920, and that Hiram Johnson disqualified himself for even charitable consideration by his treachery of 1916, through which and whereby Charles E. Hughes was stricken down at the Johnson doorstep.

# DO NOT FORGET

# Do Not Forget

That it was

# PRESIDENT ROOSEVELT

Who wrote a message to Congress commending

# JOHN J. PERSHING

For his splendid work for his country in the Philippines

# DO NOT FORGET

That It Was

# ROOSEVELT

who later promoted Pershing from the rank of Captain to that of Brigadier General, IN DESERVED RECOGNITION OF MERITORIOUS SERVICE TO THE COUNTRY. Roosevelt dared and won a bitter fight in congress in order to STAND BY PERSHING.

## Real Satisfaction In Your Purchase

You cannot buy poor luggage in this store. Unless a piece of baggage measures up to the standard we set for value and service, it can find no place in our stock.

No matter how inexpensive a trunk or bag you find here, you may be certain that it is the best that can be obtained for the money. We test both material and workmanship, and both must pass our test before we allow a piece to reach our floors.

In addition we can give you real service after you purchase. We know how any repairs you may require should be made because we know every detail of manufacture.

Real satisfaction follows every purchase here.
