The Spring Rains Bring Grippe

This sort of weather brings colds and grippe. If it's just a common cold people say, "there's no danger in that!" But many a fatal sickness begins with a cold—with vitality weakened—the system is ready for the influenza germs. Begin early to ward off the attack. Purge the system of the toxins (poisons) by taking castor oil, or a vegetable laxative made of Mayapple, leaves of aloe, and jalap, rolled into sugar-coated pills and to be had at all drug stores as Dr. Pierce's Pleasant Pellets.

If the cold starts with a cough, and it persists then some local treatment for this condition should be taken. A well known alternative extract which has been on the market for a great many years, and which has been highly recommended by thousands of users, is Dr. Pierce's Golden Medical Discovery. This tonic compound is composed of an extract of roots and herbs without alcohol, and has a soothing effect upon the mucous membrane, allays the irritation and at the same time works in the proper and reasonable way, at the seat of the trouble—the stagnated or poisoned blood.

Race Between Pershing and Johnson, With Wood Third, In Nebraska, Says Writer

Radicalism Versus Americanism at Primaries Tomorrow, Writes Correspondent After Personal Survey of Political Conditions in State—Wood Supporters Misrepresent His Case in Advertisements—Pershing Safe in Lincoln and Omaha—Strong With Silent Voters.

Houston, Tex., April 19.—(Special.)—Following an extensive trip through Nebraska, to investigate political conditions, Bascom N. Timmons, Washington correspondent of the Houston Chronicle, writes the following survey based on his observations while in that state: "Nebraska tomorrow is the political center of America.

Moreover this great western agricultural state is on trial. It will cast its vote either for radicalism as represented by Hiram Johnson, or for 100 per cent Americanism as personified in John J. Pershing. "That is my opinion after talking to all elements in Nebraska. The third candidate before the Nebraska people is Leonard Wood, but his support has faded so rapidly in the last week that there is no real probability that he will be anywhere in the race.

Wood Gets Dodge County. "The last shifts have been made and the voters are waiting for the opening of the ballot boxes. It's a horse race between Pershing and Johnson right down to the stretch. If I were wagering on the result, my choice would be the colors of John J. Pershing.

"My intention is not to convey to Texas the idea that the Johnson stripe of radicalism nearly approximates the pure Americanism of Nebraska.

"The danger lies that Wood, hopelessly third, will draw enough votes from Pershing to give Johnson the state. There is the likelihood that many good, solid Americans have been deluded by the great advertising campaign of the Wood camp in the last few days, and will lose sight of the fact that the race is between Pershing and Johnson. "General Wood's entry into this state was unfortunate. If he is opposed to radicalism as he says he is, it is still more unfortunate that he remained in the race, to divide the

vote of the state's own candidate, and give Johnson a chance.

Omaha and Lincoln Safe. "The Wood camps, though to the neutral observers clearly outdistanced, have been making extravagant claims just as they did in his past campaigns in Illinois and Michigan.

"For instance, at Lincoln, where Wood appeared Saturday, his backers printed a full page advertisement asserting that 188 Wood delegates had already been elected.

"As a matter of fact, of more than 300 delegates already chosen, General Wood actually has 74, with the prospect that he will lose 17 from Georgia and 12 from Minnesota, where contests are on, leaving him 45.

"From sentiment as I have gathered it, Pershing will go out of Lancaster county, in which Lincoln, his home, is located, with a tremendous lead; will carry Omaha and Douglas county by a good plurality and will roll up a heavy majority in Cass, Cherry, Madison, Adams and Hall, all large counties.

Wood Gets Dodge County. "Johnson's vote will come chiefly from Custer, Valley, Webster, Platte, Cummins and Pierce counties. Pershing will run well in these counties and may take one or two of them.

"The chief Wood strength seems to be in Dodge county, of which Fremont is the principal city, but even here Johnson will give him a battle.

"Pershing is likely to run third in Dodge county, and this is the only county in which he does not figure to run first, or at least second. "In addition Pershing will run strong with the silent voters. It is what I said in an early paragraph, a horse race between Pershing and Johnson, with the danger that Wood will get just enough votes to give the victory to the radical from California.

WOMAN FARMER OF 1,000 ACRES FOR PERSHING

"Alfalfa Queen" Says She Is for Nebraska First and Pershing Next.

"I am for Nebraska first, and Pershing next," writes Mrs. Jessie Bacon in a letter to The Omaha Bee. Mrs. Bacon is owner of the "J. B." ranch near Gothenburg, Neb., and probably the most extensive grower of alfalfa among the women of Nebraska. She supervises all work on her farm of 1,000 acres and is known as the "Alfalfa Queen."

"Her letter is headed 'A Message to Nebraskans' and says: "Can it be that anyone who calls himself a Nebraskan is going to assist California or New Hampshire or any other state to outstrip Nebraska in a political race to Chicago? Forgive the candidates and for the present think only of your own state, your Nebraska.

"Do not, by your assistance to other states, give Nebraska a backward push. Onward! should be the motto of every true-hearted Nebraskan, so do your part as a true Nebraskan to push Nebraska along to Chicago, and later on, do all you can to push Nebraska on to Washington. You are not a Nebraskan if you do not support Nebraska in this campaign.

"Your duty is first to your state, since she has a candidate, and your second duty is to convert as many other states as you possibly can to support Nebraska's candidate.

"Be a Nebraskan first, last and all the time and blush for any delegate who registers in Chicago as a Nebraskan and at the same time repudiates her. You can show your devotion to your state, your Nebraska, in no better way than voting for John J. Pershing, and those delegates who have pledged themselves to support Nebraska's candidate."

Grand Island, Neb., April 19.—(Special.)—A sensational arrest was made here by the police department when John Phillips, 20, his brother, Ray, 19, and Robert Anderson, 17, were taken into custody charged with the theft of \$1,200 worth of cigars.

William Rhodes, taxi driver, was released when the boys testified that he knew nothing of the theft, though some of the goods were found in his car, ready for transport to Hastings, where they were to be sold to William Crosson, pool hall man.

Crosson is a brother of the Hastings chief and it was on a tip from the latter the discovery was made. The property was that of the Utry Talbert company, wholesalers. Anderson had but recently been employed by the company.

Fifteen cases, totalling 150,000 cigars, comprised the stolen goods. Nine cases had been disposed of at \$60, but it is not yet known to whom.
