

CHARGES OMAHA WOMAN STOLE HUSBAND'S LOVE

Wife of Dr. C. L. Kinney, Essex Dentist, Sues Mrs. Carrie Stickler for \$25,000.

Shenandoah, Ia., April 20.—(Special.)—A suit for \$25,000 has been filed by Mrs. Bessie W. Kinney, wife of Dr. C. L. Kinney, Essex dentist, who disappeared from his home, against Mrs. Carrie Stickler of Omaha, charging that Mrs. Stickler alienated the affections of the doctor. Dr. Kinney, young dentist with a

children that he would not return, large clientele at Essex, started the little city recently by disappearing after sending word to his wife and he later did come back and was a guest at an Essex hotel.

Mrs. Stickler, a wealthy woman, who lives at 419 El Beudor apartments in Omaha, formerly resided in Shenandoah. Her husband was a leading automobile dealer of southwestern Iowa.

Mrs. Kinney in her petition charges that something more than a year ago, the defendant, Carrie Stickler, began accepting and encouraging the affections of Dr. Kinney, inducing him to visit her frequently at her home in Omaha, sometimes staying for several days and nights at a time and that they were seen together at public places.

She further petitions that this causation and withdrawal of the companionship and affections of her husband and led him to completely neglect her. On or about February 5 of this year the husband finally left her and abandoned his children, Mrs. Kinney says. She asks dam-

ages to the amount of \$25,000.

The Kinneys have three children, the oldest, Charles Lynn, jr., being less than 13. Levi Mattox of Shenandoah, attorney, also administrator of the large Buck estate in which Mrs. Kinney will share, is one of the wife's lawyers.

Denies Allegations.

"I am the victim of circumstances," said Mrs. Stickler this morning at her apartment in the El Beudor. "There is no truth in the story that I 'vamped' Dr. Kinney, and I feel sure an airing of this whole affair in the courts will establish there is no foundation of this alienation suit."

SIX KNOWN DEAD IS TOLL TAKEN BY COLORADO STORM

Sunday and Monday Blizzard Causes Huge Loss Among Live Stock.

Denver, Colo., April 20.—At least six persons lost their lives in the blizzard which raged over Colorado from Saturday to Monday, and many others are reported missing. Three of the dead are sheep herders and their herds perished with them. Nineteen other herds are missing and their herders are believed to be lost also.

The three herders whose bodies were found were all killed southeast of Trinidad. One of them, John Sandvall, was frozen to death while standing upright against a small sapling, seeking the door protection from the storm offered by the tree.

The other two, Ramon Gallegos and Pedro Mendoza, apparently had jumped into drifts, hoping that the snow would protect them from freezing. When found they were in drifts 20 feet deep.

Robert A. Lewis, a 60-year-old negro evangelist, was found frozen to death under a bridge near Brighton, where he had sought shelter from the storm.

Lewis Brugger, 43 years old, a coal miner, was killed by stepping on a live wire at Lafayette, which had been blown down by the storm.

Conditions in Denver were nearly normal again. All of the downtown streets and many in the residence districts were cleared. Mail deliveries in the residence sections, however, will not be normal for a week, according to the postmaster.

Practically all railroads have been cleared and are again running on schedules. One or two isolated sections of mountain branch lines are still tied up, however.

PICKET LEADER SARCASTIC WITH BRITISH ENVOY

Ambassador Greeted With Warm Letter Upon Arrival in Washington.

Washington, April 20.—Sir Auckland Geddes, new British ambassador to the United States, who arrived here Tuesday, found awaiting him some evidence of the women pickets who have been stirring matting up here in the cause of Ireland. Although the women were not picketing the embassy, they say that they propose to do so again, but their presence was called to the new ambassador's attention in a sarcastic letter addressed to his excellency by Mrs. Mary Nash of New York, styling herself "Captain of American Women Pickets."

"At the close of your address to the American nation on your arrival in this country April 19," Mrs. Nash wrote, "you say proudly, 'I am of course, British, and am here not to ask favors, but to represent the interests of the many-nationed British empire.'

"You will not, therefore, I take it, ask the favor of an extension of the American loans to Great Britain of \$4,200,000,000 now past due, with interest payments lapsed amounting to \$211,000,000 additional. Instead, you will request those zealous friends of Great Britain's who have served notice in congress that they will ask that Britain's defaulted notes be condoned or changed into long-term obligations, together with a moratorium on interest payments that would virtually repudiate the debt, to desist their efforts. And you will announce it as the policy of the many-nationed British empire to pay its debt to America and make up for its interest lapses."

A European engineer has invented a machine for blasting rock with water where the use of explosives might be dangerous.

SENATORS UNABLE TO GET TOGETHER ON PEACE MATTER

Resolution to End War Finds Republicans Discordant—Democrats Sulking.

Washington, April 20.—After another futile effort to agree on the form of a peace resolution members of the senate foreign relations committee reported that they had made "fair progress."

Several meetings of the committee to consider the question have established clearly that the republicans need not hope for any democratic support in committee for their resolution, and that the republicans themselves are not entirely in accord.

Beyond this, nothing definite in the way of progress has been made. Republican members were confident, they said, that the resolution will take form rapidly. They said the plan is to take the Knox resolution as a basis, rather than the house resolution, and modify it considerably. They want the finished measure to be as simple as they can make it and still accomplish their purpose, republicans said.

Some members favored a resolution containing four provisions, namely, repeal of the war resolution, protection of American rights in German property held in this country, under the alien property act, protection of American rights in seized German shipping and validation of the United States claim to treatment from Germany as a favorable acceding to countries which have ratified the Versailles treaty.

Other would include in the measure a declaration favoring establishment of an international court of arbitration; some want a declaration of American foreign policy included.

Bird Wings on Shoes is Latest Paris Fashion

New York, April 20.—Warning that Paris may soon send another "latest fashion" to Fifth avenue was brought here by passengers arriving on La Touraine. They reported that "ultra" French women are placing multicolored bird wings on their shoes and that the boulevards are taking up the mercury-footed fad.

Decree Provides for Big Reduction in Italian Army

Rome, April 20.—A decree was issued Tuesday providing for the reduction of the Italian army to army corps. Reduction in the number of officers and the establishment of a uniform system of recruiting for eight months' service are provided for.

Democratic Governor Is Elected in Louisiana

New Orleans, April 20.—John M. Parker, democrat, was declared governor of Louisiana Tuesday. He will take office May 17, one week after the opening of the general assembly in which a big fight will be made for ratification of the suffrage amendment.

SEATTLE NURSE GIVES THE FACTS ABOUT TANLAC

Sixteen Years of Stomach Trouble Overcome and She Gains 20 Pounds.

Mrs. Alice Minnick, who has been a professional nurse for thirty-six years and resides at 1815 Twenty-third Ave., Seattle, Wash., adds her voice to the hundreds of others in this profession who have already indorsed Tanlac.

"Since I began taking Tanlac I have not only gained twenty pounds in weight, but for the first time in sixteen years I am free of pain and enjoying good health," stated Mrs. Minnick. "I constantly had cramping, gnawing pains in my stomach all these years, my appetite was extremely poor and the little I did eat caused me great distress. After every meal my food began to ferment and sour almost at once. I would bloat up with gas, and those terrible pains would get so bad I could hardly stand them. I became badly run-down, lost weight and strength, and felt so tired and worn-out all the time I could hardly get around. I had pains in every part of my body just about all the time, but they were especially bad in the small of my back. I also suffered with severe headaches and dizzy spells, and my nerves were so badly upset I could get but little sleep, often lying awake all night long."

"I had heard so much of the good Tanlac was doing others I decided to try it myself, and it proved to be the very thing I needed. I began to improve right away, it was only a few days before my appetite returned and I can now eat anything I want without having a particle of trouble afterwards. Those terrible gnawing pains that had troubled me so many years have entirely disappeared. I never have a headache or become dizzy, and the pains that were throughout my body have all gone. In fact, my whole system has been built up by Tanlac. I have regained my strength so I can do my work as a nurse, which keeps me on my feet for hours, day and night, without a particle of trouble. Several of my patients have taken Tanlac, and it has proven beneficial in every case. After what Tanlac has done for me I can never say enough for it."

Tanlac is sold in Omaha at all Sherman & McConnell Drug Company's stores, Harvard Pharmacy and West End Pharmacy. Also Forrest and Meany Drug Company in South Omaha and the leading druggist in each city and town throughout the state of Nebraska.—Adv.

DELaware GOVERNOR BEATEN AS REPUBLICAN DELEGATE

Dover, Del., April 20.—Gov. J. G. Townsend, jr., failed to election Tuesday as a delegate to the national convention at the hands of the Delaware republican state convention which named six uninstructed delegates, the state's full representation to Chicago.

The governor's defeat came in the Sussex county caucus. He lacked eight votes of a majority to win, and was urged by friends to carry the fight to the floor of the convention, but this the governor decided not to do.

The convention adopted a resolution favoring the ratification of the woman suffrage federal amendment recently defeated in the Delaware house of representatives.

EGZEMA MEETS FINAL ENEMY IN POSLAM

Advertisement for Poslam Soap.

If you have any idea that your eczema is too stubborn to respond to Poslam's healing influence, consider that this splendid remedy has made its record by mastering difficult and baffling cases of years standing. Pick out the hardest spot you have—where itching and smarting annoy most—and give Poslam an overnight chance to show improvement. Try the Poslam you have samples, acne, rash, scalp-eczema, herpes or any skin disorder. Sold everywhere. For free sample write to Emergency Laboratories, 248 West 47th St., New York City.

Urges your skin to become clearer, brighter, better by the daily use of Poslam Soap, medicated with Poslam.

Omaha Refining Company

First Mortgage 7% Sinking Fund Convertible Gold Bonds
Dated March 1, 1920. Due serially as shown below.

Redeemable at 105 and interest on any interest date as a whole, but not in part, on sixty days' published notice. Principal and semi-annual interest (March 1 and September 1) payable at First Trust and Savings Bank, Chicago, or Omaha National Bank, Omaha, Nebraska.

Omaha Safe Deposit Company, Trustee
Denominations \$1,000, \$500 and \$100

Interest payable without deduction for any normal Federal Income Taxes not in excess of 2%

CAPITALIZATION

First Mortgage, 7% Sinking Fund, Convertible Gold Bonds (this issue), closed mortgage	\$200,000
8% Cumulative Participating Preferred Stock, authorized, \$800,000, outstanding	400,000
Reserved for conversion from First Mortgage Bonds, as explained below	200,000
Common Stock, authorized \$200,000, outstanding	100,000

For information regarding these bonds, reference is made to the letter of L. V. Fox, President of the Company, which we summarize as follows:

Business—Established in 1918, the Company operates a complete refinery for distillation of gasoline, kerosene and other crude oil products. Present capacity, 1,000 barrels a day. Additions now building will provide refining capacity of over 2,000 barrels daily.

Located within City of Omaha. Plant covers 33 acres. Company operates 85 standard steel tank cars for transportation of its crude oil. Fleet of automobile trucks distribute product locally through 50 filling stations owned and operated by the company.

The business is favorably located, as Omaha is a central distribution point. The large oil companies have found it more economical to locate oil refineries at large distribution points, rather than at sources of crude oil production. The local demand in Omaha alone absorbs the Company's entire output. The machinery and equipment is of the latest type obtainable for the efficient and economical distillation and extraction of petroleum products.

Security—Actual cost of plant and equipment over \$525,000, or over 2 1/2 times amount of this mortgage. According to audit of J. P. Gilchrist, C. P. A., Omaha, Nebraska, the net assets of the Company exceed \$500,000—after deducting all liabilities, including this mortgage.

Trust agreement provides that Company must maintain current assets of 150% of current liabilities.

Profits—The Company's balance sheet for the last six months of 1919 shows surplus in excess of \$60,000. Earnings last year represent only profits from retail distribution of gasoline. Since the refinery has been placed in operation earnings have been at the rate of \$25,000 monthly. Earnings this year are conservatively estimated to exceed \$250,000.

Purpose of This Loan—The entire proceeds of this loan will be used for plant additions and extensions which will give the plant a refining capacity exceeding 2,000 barrels daily and storage capacity of 150,000 barrels.

Conversion Features—These bonds are exchangeable at the option of the holder for the 8% Cumulative Participating Preferred Stock of the Company at the rate of 100 and interest for the bonds and \$120 for the Preferred Stock, unless the bonds are called for redemption. Preferred Stock shares, equally with Common Stock in Net Earnings after allowing 8% Dividends.

The Aftermath of Flu

This is No. 1 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's Vapo-Rub may be of value in this condition.

Your doctor will impress upon you that following recovery from the active stage of influenza, there often remains an inflamed, congested condition of the air passages—throat, larynx, bronchial tubes and lungs.

Frequently the cough hangs on—soreness of the chest persists—you take cold easily and there may be obstinate catarrh. This condition is slow to clear up and if neglected may favor the development of pneumonia, or later on, serious disease of the lungs.

Such cases should continue under the care of their physician—should exercise moderately in the open air—eat plenty of wholesome food—avoid overwork and sudden chills.

Nightly applications of Vick's Vapo-Rub may help nature to complete the process of repair. Because Vick's acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vick's are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to the Vick Chemical Company, 231 Broad Street, Greensboro, N. C.

"Cure Your Rupture Like I Cured Mine"

Old Sea Captain Cured His Own Rupture After Doctors Said "Operate or Die."

His Remedy and Book Sent Free.

Captain Collins called the sea for many years; then he sustained a bad double rupture that soon forced him to get into a hospital, but kept him bedridden for years. He tried doctor after doctor and trust after trust. No results. Finally, he was assured that he must either submit to a dangerous and painful operation or die. He did neither. He cured himself instead.

"Follow Men and Women, You Don't Have To Be Cut Up, and You Don't Have To Be Tortured By Trusts."

Captain Collins made a study of himself—his condition—and at last he was rewarded by the finding of the method that so quickly made him a well, strong, vigorous and happy man.

Anyone can use the same method. It's simple, easy, safe and inexpensive. Every ruptured person in the world should have the Captain Collins Book, telling all about how he cured himself, and how anyone may follow the same treatment in their own home without any trouble. The book and medicine are FREE. They will be sent prepaid to any ruptured sufferer who will fill out the coupon. But send no money away—now before you put down this paper.
