

OMAHA LAWYER IS DIVORCED ON CRUELTY CHARGE

Judge Vinsonhaler Makes No Defense to Wife's Allegations—Married in 1893—Son With Mother.

Isabel E. Vinsonhaler was granted divorce from Duncan M. Vinsonhaler, former Omaha attorney and once county judge, by District Judge Sears yesterday on allegations of cruelty.

A few months ago Judge Vinsonhaler surprised all his friends by giving up his law practice here and going to Missouri where he engaged in farming. A short time later his wife closed up the home at 3816 Harney street and on March 16 she filed suit in district court for divorce.

Judge Vinsonhaler promptly filed papers waiving any defense and the divorce decree was given to Mrs. Vinsonhaler by default.

Married in 1893. They were married in Kirksville, Mo., June 20, 1893, and lived in Omaha ever since that time.

Mrs. Vinsonhaler, in a deposition taken at 403 South Hill street, Los Angeles, Cal., where she now lives, and filed in the district court here said in answering a question as to Judge Vinsonhaler's conduct toward her:

"He has shown no affection or interest towards me for over a year and a half. He has refused to talk to me for days and weeks at a time; would leave the house in the morning without a word of goodbye, and would remain away sometimes until 8 or 9 in the evening, and sometimes until 11 or 12 and I would not know where he was.

Occupied Separate Room.

"He has refused to live with me as husband and wife for over a year and a half without any cause and has insisted upon occupying a separate room. Without consulting and advising with me he bought a farm in Missouri and then announced that on the first of the year he would close up the home and move to the farm; he did not ask me if I would like to go or if it would be possible for me to assume or perform the labor attached to farm life, or if I would consent to the breaking up of the home in Omaha.

"The defendant's daily conduct toward me during the past year and a half has so seriously affected my health and made me so miserably unhappy that it is no longer possible for me to live with him."

Elison Vinsonhaler, a son, who lives at the same address in Los Angeles, corroborated the evidence given by the mother.

Iowa Senator Scores Profiteers in Speech Boosting Johnson

Plainfield, N. J., April 21.—Senator Kenyon of Iowa, speaking at a meeting here in behalf of Senator Johnson's candidacy for the republican presidential nomination, declared "the greatest need today in the White House is a man who will smash the profiteers."

"The people are being robbed as they never before have been robbed in the history of this country," he added. "Every shoe bought today represents 40 per cent going to the profiteers, and yet people complain that there is unrest in the country. Unrest will continue until the profiteer is jailed."

The extent to which bonds have been issued by the government has contributed in part to the increased cost of living, he charged. "If there had been a fair tax on war profits," he said, "there would have been no need of issuing bonds to the extent to which we have."

Reveals Frightful Night Life Along the Strand

London, April 21.—Startling revelations regarding night conditions along the Strand are made by Miss Warry, who, as "Sister Thelma," has been engaged in rescue work. Four hundred undesirable women are known to frequent the Strand, which is less than a mile long, she declares. On a single evening she counted 240 of them, and half were under 17 years of age.

Restaurants where intoxicants are sold, she holds, are the beginning of the downfall. Where girls will not visit an ordinary bar or "pub," they have no objection to being taken to a restaurant.

The proviso that drinks are sold only with food Miss Warry brands as a subterfuge. In one restaurant she reports seeing a girl have a glass of beer, two port wines and four liquors with only one small cake.

Vatican and Germany Have Resumed Former Relations

Rome, April 21.—The German government has concluded the necessary negotiations for having all Germany represented diplomatically at the Holy See and shortly, therefore, Diego von Bergen will be appointed German ambassador to the Vatican. Almost simultaneously the Holy See will institute a nunciature of the first class in Berlin.

Dutch Negotiate for Home For the Former Crown Prince

Amsterdam, April 21.—Negotiations with the Reformed church at Wieringen for the purchase of a local presbytery "as a permanent residence for the former crown prince of Germany" have been begun by the Dutch government, according to the Wieringen correspondent of the Telegraaf.

Voters Go to Polls, But Find Blanks On Ballots

Vernon, S. D., April 21.—Voters went to the polls here Tuesday but no votes were cast. The election had been duly advertised but no nominees had entered the city campaign. The present officers will hold the chairs for the coming year.

Lighting Fixtures. Burgess-Granden.—Adv.

OLDEST WOMAN VOTER IN CITY IS GOOD LOSER

"It was all so easy that it made the old anti-suffrage argument—the one about the difficulties of casting the ballot—seem foolish," Mrs. Mary Rogers Kimball, 87 years old, and Omaha's oldest woman voter, said last night speaking of her first voting experience, which took place Tuesday.

Mrs. Kimball was accompanied by her daughter, Miss Arabelle Kimball. Both were perfectly sure for whom they wanted to vote, they went at a time when the polls were uncrowded and they declare the whole process only took a few minutes.

Mrs. Kimball voted for General Pershing, but is accepting the results of the primary philosophically.

Suffragists of Omaha yesterday were looking forward to the coming conventions of their several parties rather than back at the experience of voting.

A platform for the state convention was engrossing the attention of workers at republican headquarters.

Roumania's newest industry is the manufacture of chemicals from native raw materials, especially petroleum by-products.

United States Trade Balance for March Shows Big Increase

Washington, April 20.—Although imports in March reached a new high monthly record of \$484,000,000, the trade balance in favor of the United States increased \$336,000,000. Balances against the record imports were exports of \$820,000,000, or the second largest in the history of the country.

This total brought the exports for the nine months ending with March to \$6,051,000,000 and left a trade balance for the nine months of \$3,332,000,000.

While its trade balance increased in March, the country's gold and silver supply decreased, exports of gold totalling \$47,000,000, against imports of \$17,000,000 and exports of silver amounting to \$14,000,000, as against imports of \$9,000,000.

Palmer Wins Delegation In Primaries In Georgia

Atlanta, Ga., April 21.—Latest unofficial returns from yesterday's state democratic presidential preference primary gave Attorney General A. Mitchell Palmer 48 counties, with 140 votes, in the state convention; Thomas E. Watson, 50 counties, with 120 votes, and Senator Hoke Smith 42 counties, with 100 votes. There is a total of 384 convention votes in the 155 counties

of the state, leaving 15 counties with 24 votes yet to be reported. The democratic state convention, at which the county delegates will vote, will be held here May 18.

Lyons Marriage Party

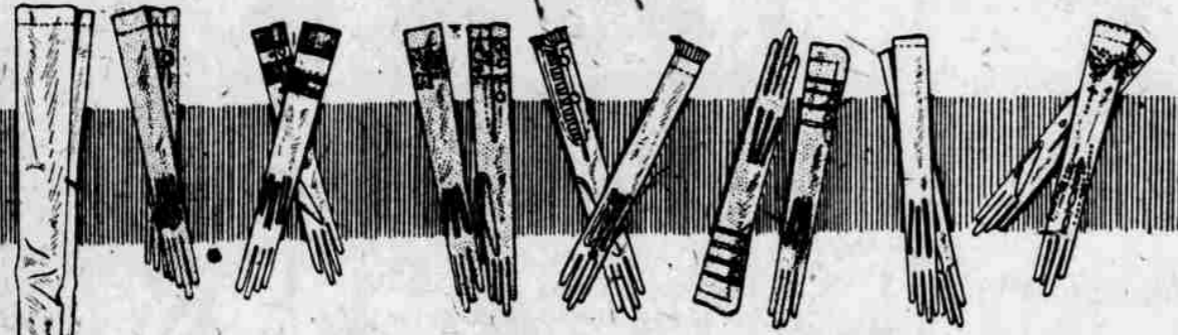

Miss Metta Kiefer and Henry G. Meyer were married by Rev. Charles W. Savidge Tuesday afternoon at his residence. Miss Lillian M. Myer and Ray S. Holmes accompanied them. The party was from Lyons, Neb.
