Mystery surrounds the shooting, but police said Haran was mistaken for an outsider and shot by Papst by mistake. Haran and Papst were with other armed men who crowded the Bulletin office in expectation of an attack following a mass meeting Wednesday night.

COMMITTEE AGREES ON FOUR FORMS OF TAXES

Kansas Republican Says Plan of Jeffersonians for Retroactive War Profits Levy Was Designed to "Catch Votes."

Washington, April 22.—The fight against levying a sales tax to raise part of the money for soldier relief legislation was taken today to the floor of the house.

Amid applause of the democrats, Representative Henry T. Rainey, democrat, Illinois, charged that republicans were attempting to "buy the soldier vote" with the promise of \$1.25 a day bonus.

Meanwhile, the republican members of the ways and means committee had agreed tentatively on four forms of taxes for raising \$1,500,000,000 in the next two years.

Added Opposition Develops. While the sales tax was accepted by these committees, added opposition to it was said to have developed, though republican leaders doubted whether it would be eliminated as a revenue getting scheme.

Final Action This Week. Final action on the revenue plans, committee men said, would be taken this week.

Representative Rainey, in bringing up in the house the fight over the means of obtaining the money, charged that "the republican millionaire steering committee" sought to "tenderly care" for those made immensely rich by the war.

Repeating to Mr. Campbell, Mr. Rainey said he would "state facts and let the country judge."

FORMER FRENCH PREMIER FOUND GUILTY BY COURT

Joseph Caillaux Convicted of Having Had Commerce With Enemy.

Paris, April 22.—Joseph Caillaux, former premier of France, this evening was found guilty of having had commerce with the enemy by the high court of the senate. The vote was 150 to 91.

Conviction on this count might entail imprisonment in a fortress for not more than five years or not less than one year, or banishment.

The court, by a vote of 128 to 110, found that there were extenuating circumstances in M. Caillaux's case. It then adjourned until tomorrow afternoon at 2:30, when the sentence will be read to M. Caillaux.

The crime of which M. Caillaux was convicted is covered by Article 78 of the military code, which calls for a sentence of banishment for a maximum of five years or a minimum of one year.

The followers of Caillaux sprung a surprise in the high court by raising the question of its sovereignty and its right to convict Caillaux of other offenses than those charged.

In the case of Louis J. Malvy, who was found guilty in 1918 of holding communications with the enemy and deserting from France, the court, after abandoning the accusation of treason, declared itself a sovereign body and found Malvy guilty of the lesser charge.

SUPREME COUNCIL DELAYS ACTION ON SMYRNA WEDGE

Withholds Allotment to Greece Due to Reservations Formulated in Wilson's Note.

Paris, April 22.—The allied supreme council continued its elaboration of the treaty with Turkey, which it is believed will be finished Thursday, according to the San Remo correspondent of the Havas agency.

In view of the fact that the importance of the Mohammedan element, especially since the war, has obliged many Greeks to quit the territory, a plebiscite will be held a few years hence to determine the final disposition of the region.

With regard to the protection of minorities, the correspondents' opinion is that the Ottoman government will be compelled to itself respect the different beliefs. Every act contrary to neutrality in this respect will be considered by the contracting powers as a violation of the treaty and may lead to military intervention. Representatives of the league of nations will meet in Constantinople to receive the complaints of the minorities, if there are any.

The receipt of the German note asking permission for the maintenance of an army of 200,000 minimum troops has produced a lively impression on the members of the council. In Italian and British circles, however, it did not seem to cause surprise and even appeared to be favorably regarded.

In a six months' drive which ended Feb. 1, \$19,051,000 in delinquent income and luxury taxes were collected, Commissioner Williams reported.

The amazingly large number of persons who did not respond to the government's appeal has caused treasury officials to consider the delinquent tax payment problem a grave one.

TURKS SAID TO BE PLANNING TO ATTACK FRENCH

Serious Trouble Again Threatening Cilicia—Armenians Declare There Is Danger of Another Massacre.

By JOHN STEELE

London, April 22.—It is reported in diplomatic circles in London but without details that serious trouble again is threatening in Cilicia.

The Turks are said to be planning another attack on the French, whose forces are small and are not likely to be able to put up an effective resistance. No steps have yet been taken toward arming the Armenians, who declare there is danger of another massacre.

The British government has evidence that the Russian bolsheviks indirectly are behind most of the unrest on the northwest frontier of India. The tribes causing the trouble are the Wazir and Mahsuds, and the India office says it has proof the tribes are being encouraged by red envoys.

It is certain, at least, that two Russian missions have arrived at Kabul, capital of Afghanistan, and are urging on the Ameer that bolshevist principles are the same as those of the Moslems, but it is uncertain how far the Ameer accepts this view or how far he is willing to accept any help against Great Britain.

The border tribes nominally are independent, occupying a neutral zone between British India and Afghanistan, partly covered by two spheres of influence.

The tribesmen might raise an army of 25,000 to 30,000 partly trained men, the training having been obtained from the British frontier police and the Indian army. The tribesmen are fairly well armed with rifles obtained from the factory at Kabul and from the Persian gulf gun runners before the great war.

Also they have a good supply of rifle ammunition, but they have no artillery, airplanes, nor other modern weapons.

WOOD WINS 2 DELEGATES IN PRIMARY

Carries Second District Over Johnson by Majority of Less Than 250 Votes by Virtue of Omaha Majority.

BRYAN-HITCHCOCK IN FAIRLY EVEN BREAK

Commoner Wins Eight Places From Senator, Who Has Seven—One Contest Still in Doubt.

Gen. Leonard Wood will receive the votes of two Nebraska delegates to the republican national convention despite Senator Hiram Johnson's sweeping victory for the stt's presidential preference unless official canvasses overturn the unofficial tabulations.

Unlike the democratic convention, the republicans have no unit rule, but may vote by congressional districts instead of as state units. While the state at large showed a preference for Johnson, the Second district, including Douglas, Washington and Sarpy counties, favored Wood by a narrow margin.

This will permit W. G. Ure and Gould Dietz to vote for Wood while the rest of the state delegation is in honor bound to support Johnson.

Wood's Margin Narrow. The vote in this district was:

Douglas Wood Johnson
Sarpy 7,125 6,429
Washington 194 267

If complete returns of Tuesday's primary election confirm the lead gained so far by J. J. Harrington over C. W. Stephens, a narrow delegate in the democratic national convention from the Sixth Nebraska district, the state's delegation will be evenly divided between adherents of Senator Hitchcock and W. J. Bryan.

Eight Bryan Men Win. The returns indicate the election of eight Bryan men—Bryan himself and Dan V. Stephens at large, Miles and Lord in the First district, Stahl in the Fourth, Hall and Sommerville in the Fifth and Taylor in the Sixth—and seven Hitchcock followers—former governors Shallenberger and Neville; at large, Piatti and Mithen in the First district, Carrig and Little in the Third, and Marvin in the Fourth. Harrington, Hitchcock's candidate, leads Beal by 100 votes in the Sixth, with many precincts to report.

Two Pershing Men Win. On the republican side, although Johnson and Wood received the bulk of the vote for presidential preference, two of the district delegates who personally favored Gen. (Continued on Page Two, Column Three.)
