

LOWDEN GETS 22 DELEGATES OF IOWA'S 26

Four Remaining Endorse Him, But Are Not Instructed—Wilson Administration Flayed by Cummins.

Des Moines, Ia., April 22.—(Special Telegram.)—Iowa's state republican convention here today instructed its delegates for Gov. Frank O. Lowden for president. In district caucuses held earlier in the day all of the 11 districts of the state instructed for Lowden except the Fourth and Fifth, which endorsed him. The Iowa delegation to Chicago will therefore be a Lowden delegation.

The instructions are to cast 22 of Iowa's 26 votes for Lowden. The resolutions adopted declared against socialism and communism in all of its forms, opposed government ownership of railroads and declared in favor of continuous and regular operation of railroads at all times.

Cummins Makes Talk.

President Wilson and the peace treaty were condemned and the railroad law commended by Senator Cummins, president pro tempore of the senate, in an address here today to the Iowa republican convention.

Predicting republican success next November, Senator Cummins said a republican president "should be chosen because it is high time that the president should be a right-minded man."

"For surely," he continued, "eight years of mystery, of uncertainty, of inconsistency, of abnormality, of inconceivable twisting and turning in the office of the chief executive are punishment enough for all the sins and blunders we may have committed, and we have earned our emancipation."

Says Treaty An Issue.

The treaty of Versailles will be a campaign issue, said Mr. Cummins, who asserted that it contained "unconstitutional and treasonable provisions."

The greatest problem now facing America, Mr. Cummins said, is "to readjust the disordered relation which has inevitably appeared between wages and compensation for personal services and the price of commodities." Increased production, he added, was the remedy.
