

# SEN. HITCHCOCK CONGRATULATED BY COLLEAGUES

Expresses Pleasure at Having "Endorsement of Democrats," But Doesn't Attempt to Clarify Result.

By E. C. SNYDER. Washington Correspondent Omaha Bee. Washington, April 22.—(Special Telegram.)—Senator Hitchcock was warmly received by his colleagues today when he appeared on the floor of the senate, after a very strenuous 10 days spent in Nebraska, trying to put the "kibosh" on William J. Bryan, which, it appears from the returns, he has not accomplished.

Mr. Hitchcock, who returned to Washington this morning, accompanied by his secretary, Earl B. Gaddis, speaking of the results of the primary in Nebraska, said: "I am not, perhaps, in as good a position to explain the Nebraska result or clarify it as someone on the ground. I was in the state only during the last week of the campaign, and I left before the voting had ended."

"I am gratified to have the endorsement of the democratic of my state for the democratic nomination, whether it results in anything or not. The returns are not complete enough to indicate definitely the result on national commitment. If Mr. Mullen is defeated, as seems possible, I shall greatly regret it, because his retirement from the national committee will be a serious loss."

"I can say this without disparaging Mr. Thompson in any degree. On the subject of the four delegates-at-large, there is apparently nothing definitely settled, except the election of Shallenberger and Neville, the figures, so far as I have received them, are not complete enough to indicate certainly whether the two other places will be filled by Bryan and Stephens, or Stephens and Berge."

Democratic Vote Small. "It is evident that the vote in the democratic primaries was unusually small. I suppose that is partly due to the fact that the nonpartisan organization decided to go into the republican primaries."

"I have not yet heard the result of the woman's vote, but the difference between the republican vote and the democratic vote would indicate that more women voted in the republican primaries than in the democratic primaries."

Senator Hitchcock said he would call a caucus of democratic senators for the purpose of electing a minority leader.

## Cocoonut Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Mulified cocoonut oil shampoo (which is pure and entirely greaseless) is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

## How to Have Red Lips!

The girl with red lips and pink cheeks may be thankful for both denote health, vigor, forceful, magnetic health, and while it may be impossible for some to attain owing to morbid states of health, yet a vast majority of seemingly healthy young women and men are almost colorless, because of a lack of red blood corpuscles. When the blood is improved and enriched with these red corpuscles, the weight increases rapidly, and a beautiful tint appears on the cheeks, while the lips assume a healthy red color. Many physicians and beauty doctors prescribe three-grain hysocyanide tablets which are said to invariably increase the red blood corpuscles after a course of treatment lasting several months. The nervous system and general health also improve rapidly. The best and healthiest shop supply this tablet in 2c and 5c packages.
