

Former Manager of Municipal Milk Co. Says It Uses Water

Allegations that the Midwest Milk Producers association is selling

watered milk to consumers at fire stations in the city were made by Robert H. Martin, former manager of the association's plant in Omaha, in a suit for \$2750 damages filed in district court yesterday. Martin says he was unjustly discharged from his position as manager. H. R. Avery and John Frazar, officials of the milk company, de-

clared Martin's charges false and said he had been discharged because of inefficiency. "It is a fight against municipal milk and was to be expected," said R. B. Howell, general manager of the Metropolitan water plant. "I know that the Midwest company is furnishing excellent milk."

Japan's Labor Federation Invited to Join With A. F. L.

Honolulu, T. H., April 14.—The Japanese federation of labor, which in January called a strike in the sugar cane fields of the Island of Oahu to force up wages, has been invited to make application for affiliation with the American Federation of Labor, according to officials of the Honolulu central labor council.

Anti-Saloon League Jubilant Over Bryan Victory in Nebraska

Washington, April 23.—The Anti-Saloon league is jubilant over the apparent come-back staged by William Jennings Bryan in Nebraska in his election as delegate-at-large to the democratic national convention. "Bryan's victory," says the league through its counsel, Wayne B. Wheeler, "is a body blow to the beer and wine advocates."

"The importance of it is doubly significant because the majority of democrats heretofore in Nebraska have been wet. It shows the change of sentiment and the influence of women's votes." "It verifies our contention that the people as well as the state legislatures and congress are against beer and wine exemptions, because it is simply a scheme to hamstring prohibition and continue the old beer saloon which was the most corrupting influence in the nation."

Oelrichs; Butter, secretary; Carl A. Silas; treasurer, C. J. Hulac, Norfolk. The principal speakers were U. D. White, John L. Kennedy and E. F. Fold, all of Omaha.

Jayhawk Demos Sending Women to San Francisco

Wichita, April 23.—Women had a large part in the state democratic convention here yesterday. Not only were a woman delegate and a woman alternate elected on the "big four" at-large, but two women were among the 40 delegates elected by the districts and confirmed by the convention and three were among the alternates.

Delegates to the national convention go unimpaired as to presidential candidates. The name of Wm. G. McAdoe was several times cheered and that of Bryan once. A letter from President Wilson to Louette Shouse, setting forth the league of nations as a campaign issue, was read to the convention.

Constitution Committee Holds Meeting in Lincoln

Lincoln, Neb., April 23.—(Special.)—Members of the committee appointed by the recent constitutional convention to prepare the matter regarding the constitutional amendments to go before the voters met in Lincoln today.

Because of the shortage of print paper it seems to be impossible to print sufficient pamphlets so that every voter can have a copy and the committee will probably have enough printed so that copies may be furnished county clerks, heads of societies and others so that those who are interested may examine them. There is about \$14,000 left of the appropriation.

The committee consists of President A. J. Weaver, Messrs. Norval of Seward, Mervin of Gage, Flansburg of Lancaster, Norton of Polk and Keete of Thurston, who is secretary.
