

# FORCED OUT OF BUSINESS

Think what it means to a store having on hand a stock upward of \$150,000 to be confronted with an order to vacate with in a very short space of time. But one course remains open, and that is SACRIFICE.

During the Gigantic Forced Out of Business Sale in force now we have totally ignored the cost of the Merchandise and guided our actions with one object in mind, that of pricing the stock so that every dollar's worth of the merchandise would be disposed of in the allotted time. For Saturday we have instituted decidedly lower prices than have yet prevailed.

## for Saturday SUITS TAKE ANOTHER DROP IN PRICE

In face of the ridiculous low prices that have been in effect in our suit section we have materially reduced in price the majority of our suit stock for Saturday selling.

With the close approach of May 1st, when we are compelled to vacate this building, all merchandise has undergone further serious price reductions.
