

### IG DRIVE FOR CHURCH FUNDS STARTS TODAY

Eighty Churches in Omaha to Co-Operate in Effort to Pledge \$750,000 Here.

This week is "Interchurch World Movement" week in Omaha. Nearly 2,000 Omaha business men, including church men and non-church men, divided into more than 100 teams of six men each, will appeal for funds with which to carry the work of the 30 national religious organizations which have banded themselves together under the name of the Interchurch World Movement.

Eighty Omaha churches are in the movement and each of these will have several teams in the work.

Quota is \$750,000.

The quota for Omaha is nearly \$750,000. For the state the quota is nearly \$4,000,000. For the nation the quota is \$36,777,572. Of this amount \$175,448,349 is to be paid in 1920.

This is the largest financial goal ever proposed for volunteer giving, being more than twice that of the United War Work campaign.

W. A. Luke, of Lincoln is Nebraska state campaign chairman. David Cole of Omaha is chairman of the general committee in Omaha and Jay Burns is chairman of the executive committee.

The \$336,777,572 which is to be raised by the churches in the present campaign will be divided into a number of funds. To foreign missions will go \$107,000,000. Home missions will use \$109,000,000 of the funds. To American education has been allotted \$78,837,431. Religious education will demand \$6,000,000. Hospitals and homes need \$5,000,000. Ministerial relief and retirement funds are placed at \$20,000,000.

Nebraska Gets Share. Nebraska will get back a share of the expenditure for home missions, education and ministerial relief. A number of institutions in this state are on the list of organizations to which large sums have been allotted.

The campaign will open Sunday afternoon at 2 o'clock in every church of the co-operating organizations. At that hour the different teams and the church members will gather in their churches. There will be a short prayer and a short exhortation. Then the canvassing will begin.

By Tuesday evening the canvassing of church members will have been completed. The balance of the week will be devoted to canvassing the public which are not church members.

### "Pussyfoot" Johnson Gets Rousing Welcome On Return to His Home

Westerville, O., April 24.—William E. ("Pussyfoot") Johnson, the American Anti-Saloon league worker, who literally "gave an eye to make England dry," received a rousing welcome when he arrived at his home here today.

Johnson was met at Columbus by scores of his "home folks" and was escorted to the state house, where he delivered a short address, after which he was brought to Westerville by automobile.

Johnson's wife, a stenographer in the office of the state moving picture censor board at Columbus, was the first to greet him when he arrived there.

After a few days' rest Mr. Johnson will make a nation-wide speaking tour in behalf of strict and thorough enforcement of prohibition. He plans to return to England in September to continue his prohibition work there.

### CHICAGO'S TRIBE OF PLUMP WOMEN HEARING CHIMES

"Class in Reduction Get Marriage Offers From Men Who 'Love Fat Girls.'"

Chicago Tribune—Omaha Bee Leased Wire. Chicago, April 24.—There are other compensations for the "baby elephants" now undergoing a two-months rigid course of work and diet prescribed by the city health department, aside from their transformation from unwieldy creatures, hampered by many pounds of useless fat, to symmetrical creatures, who will not have all their clothes made to order.

It may be true that no one loves a fat man, but this does not go for fat women, judging from the numerous letters the plump entrants are already receiving from admirers. Hardly had the story of the "class in reduction" been published, together with pictures of the entrants "weighing in," than letters began to arrive, eight or 10 of them containing offers of marriage. The chief "baby elephant" who modestly tips, or rather upsets, the scales with her 323 pounds of avoirdupois, received an offer of marriage from a New York business man whose name she is carefully guarding. "I am extremely fond of fat girls," he wrote, "and the fatter they are the more I love them."

Another entrant received a letter which says in part: "If you call yourself fat, then I am not a good judge of a nice built young lady. If you are between 20 and 30 years of age I would be glad to meet you."

Enterprising motion picture men are also hot on the trail of the "baby elephants" anxious to immortalize their efforts to reduce on the screen. They propose a series of pictures during the entire two months, showing the girls when they begin the course, at work and play, and the results at the end of the period.

### Blames Soldier Divorces On Lack of Government Bonus

Cincinnati, O., April 24.—Most divorces in cases where American soldiers were bridegrooms are due to financial affairs of the husband as a result of a lack of proper consideration by the United States government during the period of reconstruction, said Judge Charles W. Hoffman, nationally known court judge of this city, in a statement issued here.

Judge Hoffman declared the government should have assisted these men to positions which would enable them to provide the comforts of life for their young wives. "I believe if Uncle Sam had placed his soldiers on their feet again so that the wife could see something besides a life struggle and poverty as her future, many of these domestic difficulties might have been avoided," he said.
