Among the Turks bath money forms an item in every marriage contract, the husband engaging to allow his wife a certain sum for bathing purposes. If it be withheld she has only to go before the cadi and turn her slipper upside down. If the complaint be not then redressed it is sufficient grounds for divorce.

Mrs. John Gerken will judge the saddle classes and ponies under saddle to be shown at the New York horse show this year.

Perfect Printing Plates

Requiring a large and very expensive equipment, the photo-engraving business is usually conducted independently of the printers. Perfect printing plates are, however, so very important to the production of the highest class printing that M. F. Shafer & Co., not satisfied with anything less than a "complete service" to the customer, installed one of the latest and most complete photo-engraving plants in the west, and placed it under the management of real experts, in our "business building factory" at Seventeenth and Webster streets. Anything from the simplest line etchings to the finest of process color plates are produced here. This addition to our large, modernly equipped plant, we consider the crowning achievement in our efforts to render a complete service. We now make, in our own factory, everything that goes into the printed product except the paper.

UGLY HAIRS GO QUICK BY THIS SIMPLE METHOD

Ugly and unsightly hairs—light fuzzy or heavy ones on neck, shoulders, arms and under arms, go quick by a simple method that just dissolves them. Get from your druggist a bottle of Fresca Hair Remover Lotion—apply a little of the lotion with a piece of cotton or finger tips to the hairs not wanted for a few minutes—then wash off. You'll wonder where the hairs have gone. The Fresca Hair Remover Lotion has just dissolved them. Shaving and removing hairs by other methods only stiffen the growth so they come in thicker and stronger than ever, while the Fresca Hair Remover Lotion dissolves them away below the skin and weakens the growth. It also leaves the skin soft and white just like a face lotion. If you are troubled with these unsightly blemishes you should certainly try this simple method.
