

BOOSTERS OF BIG WATERWAY WILL MEET IN OMAHA

Canadian and U. S. Representatives Coming to Feel Out Nebraska Sentiment Toward Project.

The International joint commission, composed of six representatives of Canada and the United States and organized to boost the big \$150,000,000 waterway from the Great Lakes to the Atlantic ocean, will meet with business men, farmers and other interested citizens at a public hearing to be held in Omaha June 5 and 7.

E. E. Deem of Cleveland, special representative of the Great Lakes-St. Lawrence Tidewater association, was in Omaha yesterday conferring with business men and the Chamber of Commerce about the hearing.

Big Benefit to Omaha.
"The big waterway will be a great benefit to Omaha industry and the Nebraska farmer," said Mr. Deem. "The seaport will be brought closer home. With better and more efficient shipping facilities and commerce more evenly distributed freight rates will be slashed on all commodities shipped from the western states to be exported."

The men who are urging the government to spend the money on the waterway say it will increase the farmers' production and will enable them to co-operate more fairly with the world's market. Cost of the waterway, which engineers have estimated at \$150,000,000, will be borne half by the United States and half by Canada, which has already endorsed the project.

Probe General Feeling.
The men to represent Canada at the hearing are: A. McGrath, chairman; H. H. Powell and Sir William Hearst. The United States' representatives are Obadiah Gardner, former Gov. R. B. Glenn of North Carolina and former United States Senator C. D. Clark of Wyoming. These men will meet to learn of the general feeling of the people in this part of the country toward the waterway.

Among the men who have signified their willingness to attend this hearing are Governor McKelvie, Dean Burnett of the State agricultural school; Dr. Condra of Lincoln, and C. H. Gustafson of the farmers' union.

Go to Washington.
F. A. Brogan and J. David Larson, president and commissioner, respectively, of the Omaha Chamber of Commerce, will represent that body at a meeting to be held in Washington, May 3, for the purpose of impressing congress and the Interstate Commerce commission with the necessity of having sufficient rolling stock available to move the 1920 crop when it is harvested.
