"I don't need to remind you, my friend, that I hold your life in my hands. I have no business letting you go, but I have my own reasons for doing so, and as long as you go into some respectable licensed highway robbery like the renting of houses, for instance, you'll be safe from me. But take one step to the left, or give the wrong answers to these questions and you'll find yourself so deep in jail you'll never be able to dig yourself out."

Think what Labor owes to Him!

TNTIL His thirtieth year the Master was the Carpenter of Nazareth.

Could He possibly forget those carpenter years when the years of His ministry began? Could the men who labor with their hands ever be far from His thought and prayers?

To such men, oppressed and driven, men bent by toil, with hopeless hearts, He spoke a phrase that flamed with power.

"You are sons of God," He told them.

Sons of God-brothers of their rulers and employers; with an equal right to happiness, to comfort and opportunity. All the hopes of Labor in all the centuries had their beginning in that splendid thought

The Churches cooperating under the name of the Interchurch World Movement offer the program of the Master; and His Golden Rule

"Whatsoever ye would that men should do to you, do ye even so to them."

By that rule the industry of the future must be directed. Its products must be not merelgoods, but good; not merely wealth but happi ness and character and joy.

If you believe these things, you believe in one of the fundamental purposes of the Churches and of their agent, the Interchurch World Movement.

And you have this month your chance to help. Whether you labor with hand or brain, whether you are inside the Church or out, you are a sharer

in the benefits of the influence of Jesus Christ Help to make that influence the ruling spirit of the modern world. Help to make industry a spiritual enterprise, where men shall work together not in envy but in mutual respect-as brothers all, and "sons of God."
