

MAY DELAY PASSAGE OF BONUS BILL

Announcement 75 Republican "Insurgents" Favor Retroactive "War Profits" Tax Indicates Upset of Program.

IOWA REPRESENTATIVE IS OPPOSED TO PLAN

Declares Excess Earnings of Individuals and Corporations During War Have Been Assessed Over 50 Per Cent.

Washington, April 27.—The fight over the method of raising about \$2,000,000,000 for soldier relief legislation precipitated an all-day debate in the house, during which republicans on one side and the combination of democrats and insurgent republicans on the other explained their proposals.

Representative Johnson, Republican, South Dakota, announced that 75 republican "insurgents" favored a retroactive "war profits" tax instead of a sales tax, proposed by republicans. His statement, if borne out later, would indicate an upset of the republican program to pass the bill Monday without permitting action on the "war profits" tax proposal.

Representative Garner of Texas, democratic whip, predicted that the result of the republican caucus Friday night would be to "whip" the insurgents into line. Green Opposes Plan. Mr. Johnson and Representative Henry Rainey, democrat, of Illinois, introduced today the "war profits" tax bill, which would place an 80 per cent levy on the increase of net income during the last four years over that of the prewar period. The plan was attacked by Representative Green of Iowa and Longworth, Ohio, republicans, who declared it would "levy taxes on taxes," and that the excess earnings of individuals and corporations during the war had already been taxed more than 50 per cent.

"To accept this plan means there will be no soldier legislation," declared Mr. Longworth, adding that it would "kill the soldiers' bill." Besides the levy on sales, which he said, "would not raise much," Mr. Longworth said all stock exchange transactions were to be taxed, while the existing levy on tobacco, comes and real estate sales were to be increased.

Want Bill Amended. Representative Clark, democratic leader, and Garner, demanded that opportunity be given to amend the bill. Mr. Clark recalled the parliamentary revolution of 1910, and gave a "gentle warning" that the republicans were "entering on the same kind of conduct that led to the upset of their machine then." Mr. Garner said the republicans were "playing politics" with the legislation and would not pass it until after election.

"Congress ought never pass a bill," declared Mr. Clark in this connection, "out of which more irritation than revenue is to come."

REBEL FORCES PLAN ADVANCE ON MEXICO CITY

Revolutionists From Sinaloa And Sonora to Join Guerrero Troops in Attack Against The Capital.

Agua Prieta, Sonora, April 27.—Rebel troops are preparing to march on Mexico City from the state of Guerrero, Gen. P. Elias Calles, commander-in-chief of the "liberal constitutionalist" army, announced here today.

The revolution in Guerrero, he said, was more serious for the Mexican federal government than the movement in Sinaloa where troops under Gen. Angel Flores continue to progress toward Mazatlan. The revolutionists from Sinaloa and Sonora plan to join with the rebels in Guerrero for the attack on Mexico City.

Capture of Mazatlan by the rebels they expect will easily lead to the subjection of the remainder of Sinaloa and rapid progress toward Nayarit, which is said to be sympathetic with the Sonora cause. In Jalisco, the next state south, revolutionary forces are said to be making headway, as is also the case in Colima and the port of Mazatlan are objectives of victorious rebel troops. Michoacan also was reported in revolt against Carranza.

Carranza Troops Revolt.

Reports from El Paso that a force of Carranza troops in Chihuahua City had revolted gave strength to the rebels' assertions that Carranza officials massing troops in western Chihuahua for an attack on Sonora were having difficulty in organizing their men for battle. Military headquarters here forecast that within two weeks communication by rail from the border of the United States to Mexico City would be completely cut off.

Sonora officials said they had been advised that Col. Felipe del Arce would revolt with his men at Chihuahua City. They said arrangements had been made whereby del Arce and commanders in two other important Carranza garrison cities in Chihuahua were to join the revolution at a prearranged time.

To Lead Federal Troops.

A bulletin issued at headquarters by General Calles today said Gen. Manuel M. Dizegu, who was named to lead the Carranza troops against Sonora through Sinaloa, had been recalled to Mexico City. Many of the Dizegu soldiers, the bulletin said, had deserted in Jalisco and joined rebel bands. Gen. Francisco Murguía in Tamaulipas also has lost several garrisons, which deserted to the revolutionary forces.

Colonel Yeldi, who was appointed commander of the revolutionary army by Gen. Jose Santos Godinez, is harassing federal troops under Gen. Francisco de Santiago, who has been attempting to go to the aid of Carranza troops in Sinaloa, the bulletin said.

There was no discussion of the building program for which appropriations were increased from \$48,000,000 to \$52,000,000 to expedite completion of the three year program authorized in 1916. As fast as the reading clerk could read, the senate voted its approval of items carrying millions of dollars, including an increase from the house appropriation of \$15,876,000 to \$25,000,000 for naval aviation and an initial appropriation of \$1,000,000 for a new naval base on San Francisco bay.
