

# UNIONS ATTACK INDUSTRIAL LAW IN KANSAS COURT

## Constitutionality of Tribunal Questioned as Result of Injunction Suit to Prevent Mine Tieup.

Pittsburg, Kan., April 27.—The law which created the Kansas court of industrial relations was put to a test in the Kansas judicial machinery today. Opponents of the law, centered around Alexander Howat, chief of the Kansas union miners, this morning attacked it as unconstitutional when the injunction hearing in the case instituted by the state to prevent the calling of a mine strike came up before Judge Andrew J. Curran in the Crawford county district court.

On March 30 Judge Curran granted an order restraining Howat and other union officials from calling a strike. The following week the industrial court convened to investigate the mining industry. Howat and other officials ignored subpoenas and the order of Judge Curran for them to appear as witnesses. Judge Curran found them guilty of contempt and sent Howat and three other officials to jail. After a week of confinement the officials gave bond and now are at liberty pending an appeal to the Kansas supreme court.

Counsel for the miners announced yesterday that they would make a complete attack on the new law alleging it is unconstitutional, so as to send the law to a test as speedily as possible. They deny allegations of a conspiracy made by the state.

The Kansas miners walked out when Howat was sent to jail and the production of coal for the period from April 10 to the present has been practically nothing. Yesterday four-fifths of the mines were reported working. Fewer mines are working today.

## HOW TO RAISE BABY CHICKS

Put Avicol in the drinking water.

Most people lose half of every hatch, and seem to expect it. Chick cholera or white diarrhea is the trouble. The U. S. Government states that over half the chicks hatched die from this cause. An Avicol tablet, placed in the drinking water, will positively keep the little chicks from all such diseases. Inside of 48 hours the sick ones will be as healthy as crickets. Avicol keeps them healthy and makes them grow and develop. Mrs. Vannie Thacker, R. F. D. 2, St. Paris, O., writes, "I had 99 chicks and they all died but 32. Then I commenced on Avicol and haven't lost any since. They have grown wonderfully." It costs nothing to try Avicol. If you don't find that it prevents and promptly cures white diarrhea, chick cholera and all bowel diseases of poultry, tell us and your money will be refunded by return mail. Avicol is sold by most druggists and poultry supply stores or you can send 25c or 50c today for a package by mail postpaid. Burrill-Dugger Co., 373 Columbia Bldg., Indianapolis, Ind.

"I believe we can reach our goal of 5,000 members in 1920 by July 1, instead of letting the drive drag all through the summer," he said.

## Mother! Teach the Children Their Daily Health Duty

You can't be too insistent!

FEW children find pleasure in the things most vital to their physical comfort and health, so it rests with the watchful mother to see that they are done. The child will be grateful in after years. Chief among the functions necessary to the upbuilding of the little body, so that it will not be a dyspeptic, constipated body when it matures, is elimination regularly every morning. If the mother will be insistent and allow nothing to interfere with it, it will soon become a habit, a daily routine that will not be forgotten throughout life. There are times, however, when nature will not operate unaided. Then give Dr. Caldwell's Syrup Pepsin, which is a combination of simple laxative herbs with pepsin, and the headaches, the biliousness, the torpor will quickly disappear. It acts gently and without griping, and as it contains no narcotics and is pleasant to the taste, it may be given to infants. Thousands of families have been regulated to healthy maturity with Dr. Caldwell's Syrup Pepsin. A bottle can be bought at any drug store. In a large family there is always someone who would feel better for a dose of a good medicine like Dr. Caldwell's Syrup Pepsin. In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington Street, Monticello, Illinois.
