

REPUBLICANS ARE AGREED ON NEW PEACE PLAN

Members of Foreign Relations Committee to Present Resolution in Lieu of Measure Passed by House.

Chicago Tribune-Omaha Bee Leased Wire. Washington, April 28.—Republican members of the senate foreign relations committee were in practical agreement Tuesday on the form and substance of the new peace resolution to be presented in the senate in lieu of the house measure passed several weeks ago.

Senator Knox of Pennsylvania has prepared the new draft. It is said to meet with the approval of all the republican members of the committee except possibly Senator McCumber of North Dakota and is expected to command the support of at least one democratic member. The measure will be laid before the entire committee today and unless less prolonged debate ensues it probably will be reported within the next day or two.

The principal features of the new peace resolutions are:

First—It flatly repeals the joint

resolution passed by congress declaring war on Germany and then adopt the language of the house resolution declaring the war ended.

Second—It requests the president to open negotiations with Germany for the purpose of restoring friendly relations and commercial intercourse, although as a matter of fact, trade has already been resumed.

Third—It protects the claims of American nationals against Germany for damage suffered during the war by holding up all money accumulated by the alien property custodian or other agents of the government until such claims have been adjusted.

Fourth—It retains for the United States all property or rights obtained under the terms of the armistice and the treaty of Versailles until a satisfactory settlement is made between the United States and Germany.

Fifth—It repeals all wartime legislation in the language of the house resolution.

The committee will consider the advisability of including the declaration of war against Austria in the resolution, but it is generally believed that the two declarations will be dealt with in separate measures.

Senator Hitchcock, administration spokesman in foreign matters in the senate, and Senator Underwood, the newly elected leader, are lining up the democratic forces for a stubborn fight against the resolution. They propose to strike out all of the resolution except the repeal of wartime legislation and Senator Hitchcock is determined to offer the league of nations covenant as an amendment.

Democratic leaders expect the

resolutions to be passed, but confidently assert it will never be passed over the president's expected veto.

Detective Arrests Son For Alleged Robbery

New Orleans, April 28.—Zercastre Myer, a detective, accompanied by a city policeman, lay in wait early Tuesday for a suspected robber. The intruder soon appeared and was seized and then he was found to be the detective's son. Pleas for mercy were unavailing and the son was taken to the jail by his father.

Sues for Damages

Clarence Enquist, 8 years old, was injured Monday evening at Thirty-third and Cuming streets, when he ran in front of an automobile driven by R. W. McCasky and yesterday a \$50,000 damage suit was filed in district court by the boy through his father, John Enquist, against Mr. McCasky.

AWARD BOARD TO ACT "IN TIME" ON PLEA OF OMAHAN

"No More Than Usual Delay" Declares Public Health Officer Here.

The claim of ex-soldier Harry S. Pickard, 3611 Jones street, for compensation and war risk insurance on a basis of permanent total disability will be acted on "with no more than the usual delay in such cases," Dr. John F. Allen, Omaha representative of the United States public health service, explained yesterday.

Dr. Allen is in charge of physical examination of ex-service men of the Omaha district who present claims for compensation and insurance for war wounds and disease contracted in war service. His reports are forwarded to Washington, D. C., and become the basis on which a board of awards fixes final compensation and insurance payments to ex-service men.

"The chief difficulty in handling these claims," he said yesterday, "arises from the unavoidable delay resulting from the system of a centralized national board in Washington making all awards. Reports in hundreds of cases pile up and delays of several months often result from the fact the board is swamped with work. Requests often come from Washington for additional information, supplementary reports, etc., and these things cause further delay. The ex-service man, meanwhile, usually is receiving regular compensation payments, but in cases of total permanent disability he gets no insurance payments until the final award is made in his case. The payments are retroactive to the time the disability was incurred, but, of

course, the man usually wants them as quickly as possible."

The delay in getting final awards on claims has caused numerous complaints from ex-service men in the Omaha district, Dr. Allen says, but he explains he is powerless to rush the awards.

"Much of the delay is due to inefficiency and political management of the board of clerks employed at Washington," asserted E. K. Hammond, secretary of the Douglas county post, American Legion. "Legion officials have been contending much quicker results could be obtained through use of a smaller corps of clerks properly managed."

Bandits Get \$8,000.

First Trial of Murder Charge Based on Wood Alcohol Falls Flat

Chicago Tribune-Omaha Bee Leased Wire. Chicago, April 28.—The first trial in Illinois of a murder charge based on the sale of wood alcohol as a beverage fell flat in Judge Sabbath's court Tuesday after a squabble between prosecutors and police officials.

Joseph Weikus, owner of a saloon, and Tony Kertz, his bartender, were summoned to answer for the death of Frederick Boertz and six others from "coroners' cocktails" sold over Weikus' bar. When the men were arranged it was found there were no witnesses. The prosecutors blamed the police for not bringing in witnesses.

The police retorted that the witnesses refused to come into court, as

they had made many trips in and were disgusted with the delays. It was predicted that no witnesses could be brought in.

The court nolle prossed the indictments charging the defendants with the murder of Boertz and the six other cases were continued to the May term, which probably means nothing more will be done in the case.

Report of Mutiny on American Ship Denied

Boston, Mass., April 28.—Capt. John Kvistburg of the United States Shipping board steamer Lake Wilson, which arrived from Cuba, denied reports that a mutiny had occurred on board the vessel at Matanzas on the night of April 17, but said the trouble was occasioned by 15 negro stevedores whom he discovered removing sugar from the ship. They opened fire, according to the captain, wounding three of the crew.
