Omaha for Chicago
Early This Morning**

W. I. Votaw, manager of the Omaha aerial mail station, announced late yesterday the two De Havilland planes which brought mail here from Chicago last Friday will leave on the return trip to Chicago at 7:30 this morning. The ships will be piloted by William De Wald, who brought one of them here last week, and by C. Ray Benedict, who

will be making his first flight as an aerial mail carrier.

Each plane will carry 200 pounds of Omaha mail, Manager Votaw announced. The two planes, according to present plans, will return to Omaha with Chicago mail Friday.

New Milk Stations.

Three new municipal milk stations, where the cash and carry plan is followed exclusively, were opened yesterday by the Midwest Milk Producers' association in the city fire stations located at Thirtieth and Spaulding streets, Twenty-fourth and Cuming streets and Twenty-seventh and Jones streets.

CORRECT APPAREL FOR MEN AND WOMEN

THE MAN, A MAN'S BOOK ON DRESS, IS READY.

Gov. Calvin Coolidge Says:

"STATUTES must appeal to more than material welfare. Wages won't satisfy, be they never so large. Nor houses; nor lands; nor coupons, though they fall thick as the leaves of autumn. Man has a spiritual nature. Touch it, and it must respond as the magnet responds to the pole. To that, not to selfishness, let the laws of the Commonwealth appeal."

The fourth large printing of Governor Coolidge's book,

"Have Faith In Massachusetts"

is ready. Independent, courageous, vigorous, these remarkable public utterances represent the kind of thinking that America needs most today.

**Tells Fat People
Perverted Craving**

For Wrong Foods Must Be Overcome.
Says Arbolone Tablets Does This and Reduces Weight, Too.

The person who is too fat is told to diet and the very things that a perverted appetite craves are the ones "you must not eat." Obesity is unnatural. It is like an endless chain. Eating wrong foods in the wrong way produces a perverted appetite. Then the appetite demands and craves the wrong foods and converts them into needless, embarrassing fat. Tablets Arbolone stops the perverted craving for the wrong foods, gives a normal appetite, eliminates the fat-forming elements through kidneys and bowels, dissolves the fatty surplus and sends it back through eliminative channels, causing improved health and strength. One or two tubes will convince any fat person that Arbolone is what they need to reduce safely and successfully. Sold by thirty thousand druggists in sealed tubes with full directions.

Entirely New Way to Banish Superfluous Hair
(Really Removes Roots and All)

Why should any woman continue to wear an ugly, humiliating growth of hair on her face, now that it is known this can be completely and quickly removed, roots and all, by the new phelactine process? The process is not to be compared at all with the depilatory, electrical or shaving methods. Phelactine is non-odoriferous, non-irritating, non-poisonous—no harmless—it could be eaten without any bad effect. Best of all, the hairs come out entire, even the roots, before one's very eyes! The skin is left as smooth and hair-free as a child's. Anyone who purchases a stick of phelactine from the druggist and follows the simple directions, is bound to be pleased and delighted.
