

CLAIMS KIN OF HUSBAND STOLE LOVE FROM HER

Wife of Stock Salesman Seeks Divorce, Alimony and \$25,000 Heart Balm in Court.

Frank Keller, jr., stock and bond salesman with an income of more than \$20,000 a year, according to the statement of his wife, Irene W. Keller, was sued for divorce by her in district court yesterday on grounds of extreme cruelty.

At the same time, Mrs. Keller filed suit against her husband's parents, Frank and Anna A. Keller, asking \$25,000 damages for alleged alienation of her husband's affections.

All Lived Together.

All the parties to the suits lived in the El Beudor apartments, Eighteenth and Dodge streets, until recently. Mrs. Irene Keller now lives at Hotel Fontenelle. Her husband is said to be in Chicago. The elder Kellers still live at the El Beudor.

Mrs. Keller says they were married at Selma, Kan., September 28, 1916, and they lived happily for several years. During the last year her husband's parents "wilfully and maliciously" have conspired to injure her, and with intent to injure her, have maliciously accused her of wrongful acts, she says in the alienation petition.

Charges Shameful Abuse.

During this last year, she alleges in the divorce petition, her husband has repeatedly assaulted and struck her. She says he struck and abused her shamefully last Sunday, and that she has become intolerable.

The charges that he has been guilty of misconduct and offers to set forth times and places of the alleged misconduct if he desires her to do so. Besides his income of "more than \$20,000 a year," she says her husband has property worth \$30,000. She asks for alimony.

Katleman and Neal Play Last Card to Keep Out of Prison

Morris Katleman and "Red" Neal played their "last card" yesterday in their effort to keep out of the penitentiary. Their attorney and County Attorney Shotwell argued Katleman's and Neal's complaint for a new trial before District Judge Redick, who heard the original trials more than a year ago, at which the two men were found guilty of aiding and abetting William McKenna and Lovell Jones in stealing automobiles.

The judge took the case under advisement and will give a decision in a few days.

Both the young men are wealthy. Katleman owns a haberdashery store at Sixteenth and Farnam streets. Neal belongs to a wealthy family. Both have been in the county jail since 10 days ago, when the supreme court refused to give them a rehearing. They are under sentence of one to seven years in the penitentiary.

Father Kidnaps Son; "Another Woman" Is Blamed by the Judge

Following an argument about a kitchen cabinet which is alleged to have been given "another woman" by her husband, Mrs. Lucille Coffman, fifty-six and Sprague streets, reported to police that her husband, Charles Coffman, had kidnapped their 5-year-old son, Clifford, and disappeared.

Charles is a paper hanger. His wife claims he came to their home Tuesday afternoon and took Clifford away from her, leaving her with no means of support and three small daughters, 6 weeks old, 21 months old and 3 years old.

Charles called her on the telephone this morning, she said, and told her to pack up her belongings and get ready to move to California. They were in California several years ago and found that the climate did not agree with her. For this reason, Mrs. Coffman believes, her husband made this offer, knowing that she would not go with him.

Police are searching the city for Charles and Clifford.

George Slips One Over On His Cellmate and Guardians of the Law

George Smith of Cedar Rapids, Ia., and George Messersmith, 3495 Meredith avenue, were cellmates at the city jail Monday night.

While Messersmith lay sleeping off his alleged intoxication his bondsman put up \$50 for his appearance at the police station and an officer was sent to the jail to get him.

When the officer arrived at the jail and called Messersmith's name Smith answered, walked from the cell, signed his cellmate's name at the station and received \$11 in cash, a watch and some papers which had been taken from Messersmith at the time of his arrest.

When the sleeping man's bondsman inquired concerning his release some time later officers learned of the error.

And now they are looking for George Smith.

Crop Outlook Is Bright In Spite of Backward Spring

In spite of one of the most unseasonable and backward spring seasons ever experienced throughout Nebraska, reports received yesterday by the Union Pacific indicate the crop outlook was never brighter.

Fall wheat has not been damaged and indications point to a bumper crop. Heavy losses to fruit growers which were feared following the Easter blizzard had not materialized, and it was conservatively estimated the damage would not be greater than 20 to 30 per cent. Probable future shortage of potatoes is in prospect through the reluctance of farmers in buying seed potatoes at present prices.

Washing Won't Rid Head of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight and by morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

ASKS BOARD TO PUT VALUATION ON ITS SUPPLIES

The Metropolitan Water board has been requested by Mayor Smith to indicate what materials and supplies it would wish the city to buy in connection with the purchase of the gas plant.

"I also asked the board if in assuming management of the plant July 1 I wish to take over the accounts receivable," the mayor stated. "When the board indicates its wishes the city will act accordingly."

The Water board will consider the matter at its regular meeting this afternoon.

The gas company claims that improvements made since June, 1918, with materials and supplies now on hand, will inventory about \$300,000 and would be a matter of consideration apart from the appraisal value of \$4,500,000.

It has been agreed that the gas company will operate the plant until July, accepting the net revenues in lieu of interest on the appraisal award. The city officials are preparing to formally take over the plant on July 1 and turn it over to the Metropolitan water board on that date, according to the provisions of legislative enactment of the subject.

FAMILY ROBBED BY MASKED MEN WHO TAKE \$1,000

While Fred W. Buell, 5210 Pine street, busied himself in the bath room in his home Tuesday night four armed and masked highwaymen lined his wife and their seven children against a wall and robbed the home of \$1,000 in cash and several checks.

Buell and his 18-year-old son are employed as ash haulers. Nine hundred dollars of the loot represented the hard earned savings of the son, which he was hiding in a suitcase behind a bureau.

Police are of the opinion that the robbers were well acquainted with the location of the money because of the short time which Buell said they took for the robbery. They escaped in an automobile.
