

PAPER SHORTAGE DUE TO INCREASE OF CONSUMPTION

Publisher of Baltimore Sun Tells Senators Producers Are to Blame More Than Publishers.

Washington, April 29.—Lack of satisfactory understanding between the publishers and print paper manufacturers was held to be responsible in part for the present paper shortage by Paul Patterson, one of the publishers of the Baltimore Sun, in testimony today before the senate manufacturers' committee investigating the paper situation. He explained that while there would be no increased production this year, production in 1921 would be 30,000 tons over that for 1920.

The present shortage, the witness said, resulted from increased consumption beyond the capacity of the paper mills. Saying that increased prices for paper were necessary about three years ago, he asserted that the producers failed to take the publishers into their confidence at that time, with the result that an agitation was started against increased prices and for public control of the paper industry. Also, the manufacturers, he said, failed to expand their plants due to the lack of understanding between them and the publishers.

As a result of this situation, Mr. Patterson said, when the publishers came to renew their paper contracts this year insufficient paper to meet demands was discovered, so that they entered 1920 with a "shortage of paper on every hand."

Mr. Patterson expressed the belief that the universal practice in the curtailment of paper, which he said was being observed by the news papers, would result in a "marked effect on the market by fall."

"But nothing effective can be accomplished unless there is a definite curtailment in the amount of advertisements," he said, "and the only way that can be done is to increase advertising rates—not for the purpose of increasing revenues, but to hold down the amount of advertising."

PRISONER MAKES AN UNSUCCESSFUL DASH FOR FREEDOM

Harry Miller Gets Out of County Jail But Is Soon Recaptured.

Harry Miller, 811 South Twentieth street, sentenced in South Side court yesterday to 60 days in jail for vagrancy, made a dash for freedom in the county jail at noon yesterday.

He was captured at Seventeenth and Jackson streets in an automobile truck after Policeman Earl Risk and Marshal Gleason had fired several shots at him.

None of the shots took effect. The prisoner had just stepped

from the police patrol in the basement driveway of the court house when he attempted the escape. He hid behind the patrol until the other prisoners were taken to the jail on the fifth floor of the court house.

Policeman Risk and Marshal Gleason at Seventeenth and Harney streets, saw Miller running from the court house driveway. They took after him and Miller leaped on a truck. The officers fired several shots in the air in an attempt to frighten Miller. The truck stopped at Seventeenth and Jackson streets and Miller jumped off, his hands in the air.

The officers took him back to the county jail.

Pedestrians were attracted to the scene by the shots.

AT SEVENTY SHE GAINS 20 POUNDS AND FEELS FINE

"Tanlac Has Brought Me Health and Happiness," Says Mrs. Mary Noble.

"I am now seventy years of age, but I have actually gained twenty pounds in weight in just a few weeks' time," declared Mrs. Mary Noble of 914 South Seventh street, West, Cedar Rapids, Iowa, while telling of her remarkable improvement since she began taking Tanlac.

"During the past ten years I have suffered all the misery that goes with stomach trouble and nervousness. I had to be extremely careful about what I ate for even the lightest kind of food, such as milk toast, sometimes made me so nauseated I was unable to keep it down. Often I became almost deathly sick and I could taste my food for hours afterwards. Gas would form on my stomach and press around my heart so that it palpitated terribly and I got so short of breath I often thought I would suffocate. At night I was afraid to go to bed for when I would lie down I felt like I was going to smother. My nerves were in a wretched condition and at night I would get so restless I could not lie in bed and would have to get up and walk the floor. As a result I began to lose in weight and I kept falling off until I lost about twenty pounds and was no more than a shadow of my former self. I was almost a wreck and the little household I could do was a drudgery and I became so discouraged I saw little pleasure in life.

"About two months ago I started taking Tanlac and it is just wonderful how it began to build me up right from the start. My appetite returned and my troubles gradually left me until today I have gained back all my lost weight and am once more enjoying splendid health. It makes no difference what I eat I can digest it properly and my heart action is normal and my breathing is free and easy. My nerves are steady, my sleep is sound and restful and every morning I get up feeling refreshed and with plenty of energy to attend to all my householdwork. Tanlac has given me health, strength and happiness and I know of no better way to show my gratitude than by telling others about it so that they may benefit by my experience."

Tanlac is sold in Omaha at all Sherman & McConnell Drug Company's stores, Harvard Pharmacy and West End Pharmacy. Also Forrest and Meany Drug Company in South Omaha and the leading druggist in each city and town throughout the state of Nebraska.

Traded Land Figures In Pottawattamie County Suit

A 10-acre tract of land on a farm in Iowa traded to F. N. Fauze is involved in a suit instituted in the district court by Pottawattamie county. Fauze was brought back from Chicago Wednesday by Sheriff Groneweg to face charges of conspiracy to defraud L. S. Smith, owner of the land. The 10-acre tract is to become part of the Lincoln Highway, eliminating the Honey Creek hill.

Throws Overcoat Over Bandit and Escapes

Emil Lumm, 1515 South Twentieth street, was taken by two men in an automobile to Creighton boulevard and Parker street where he was ordered from the car and told to take off his overcoat. He noticed that only one of the robbers was armed. Throwing the overcoat over this one's head, he struggled with him and then ran and made his escape, according to the story he later told police.

Denies He Slapped Girl In Face, But It Don't Go With Judge

Denying vigorously that he had slapped Gertie Burgess, 22 years old, 617 South Twenty-fifth street, Wednesday as she came from her work at the Terry Dressmaking college, 1920 1/2 Farnam street, Boyd Senter, 2522 Jones street, was fined \$15 in Central police court yesterday when John Robbins of the Robbins Motor company, 2054 Farnam street, testified against him.

Gertie did not appear against her assailant. She told police Wednesday that she did not blame him for losing his temper when she refused to go to dinner with him, because she had some shopping to do. Senter accused her of "trifling" with him and began to slap her, according to Robbins, who rushed out and held Senter for the police.

Are Easily Peeled Off Freckles and Blotches

If you are bothered with any cutaneous blemish, it's a poor plan to use paint, powder or anything else to cover it up. Too often this only emphasizes the defect. Besides, it's much easier to remove the discoloration with ordinary mercurized wax. Applied nightly, the wax will gradually remove freckles, pimples, moth patches, liver spots, sallowness, red blotches or any surface eruption. The affected cuticle is actually absorbed, a little each day, until the clear, soft, youthful and beautiful skin beneath is brought wholly to view.

Ask the druggist for one ounce of mercurized wax and use this like you use cold cream. Remove in the morning with soap and water. Many who have tried this simple, harmless treatment report astonishing results.
