### Edison's Budget Plan.

—fits a New Edison into your income

ET us show you how it works, this real thrift idea, an idea approved by all common-sense Americans from Benjamin Franklin to Thomas A. Edison.

IT starts with the assump-tion that music is a necessity. From the ancient Greeks down to us, men have counted music essential to happiness and broadest mental development.

THEREFORE, you ought to provide for your New Edison as you provide for your other necessities, -your food, your clothing, your shelter. It should come out of your "happiness" allow. ance among your regular monthly expenditures, -

YOU know how much you can spend for "happiness" every month. Whatever the amount is, the Budget Plan makes it cover the payments for your New Edison .- and puts the instrument into your home now.

The Budget Plan is very logical, very helpful.
