We carry every grade, every size, and every shade that PHOENIX makes, and when you come here for hose it is a pleasure for us to show you the different grades and then let you MAKE YOUR OWN SELECTION.

Did you ever go into a store, ask for a pair of hose, and have the salesman pull out his highest-priced pair to show you? And then, because you tell him the price is too strong, almost refuse to show you any other kind?

Omaha's Greatest Need A School For Motherhood

THOUSANDS of young women marry every year absolutely without knowledge of the great principles of child-bearing and rearing. Children suffer from malnutrition and become crippled and dwarfed and hampered through life because society has neglected the education of the mothers. Thousands of dollars are spent for charity that should be spent for education of mothers. Two hundred and fifty thousand children were sacrificed on the altar of ignorance in the United States last year. Omaha should have its "SCHOOL OF MOTHERHOOD" where young women could be trained in the proper care and feeding of the young. Omaha makes no provision in its educational system for this most important work in our national life. The greatest thing that the city of Omaha could do for its people would be to establish a School of Motherhood in connection with its educational system.

This is one of the subjects discussed by Miss Lutie E. Stearns in her lectures at the Alamito Dairy Company, Leavenworth and Twenty-sixth streets, every afternoon this month at 2:30 o'clock. All interested in this most vital subject of the day are cordially invited to hear her.

She will also discuss:

- "SHOULD WE TRIFLE WITH THE BABY'S DINNER?"
- "THE PROBLEM OF THE UNDER-NOURISHED CHILD."
- "WHO MARKS THE ROAD TO BETTER MILK?"
- "THE DELIVERY MAN—A NATIONAL NECESSITY."
- "HOW TO REDUCE THE HIGH COST OF LIVING."
- "A SCHOOL OF MOTHERHOOD—OMAHA'S GREATEST NEED."

Her talk will be preceded by an inspection of the plant and followed by a simple dairy luncheon of our own products.
