

### Three Complaints of Sugar Hoarding Filed Against Omaha Men

Three complaints in connection with alleged hoarding of sugar in Omaha were filed yesterday by United States District Attorney Peterson.

Hymie Milder, South Side grocer, from whom 85,000 pounds of sugar were confiscated in raids last week, was charged with unlawful hoarding for the purpose of increasing the price. A similar charge was filed

against I. Nathan, grocer at 1625 Chicago street, with an additional complaint that he charged an unjust price in connection with the sale of 5,000 bags of sugar to the South Omaha Ice Cream company for 23 cents.

Note of the sugar seized by federal agents in Omaha will be returned until the pending cases have been disposed of and further investigations made by the Department of Justice officials. The accused men will be given a hearing Friday before United States Commissioner Neeley.

### Commissioners Decide Property Owners Must Buy Up Paving Bonds

Lack of buyers for municipal improvement bonds will force property owners desiring improvements to buy bonds sufficient to cover the cost of the work, the city commissioners decided yesterday. The action is regarded by the commissioners as the only solution of the problem and will mean, it is believed, an abandonment of a large part of the improvement program adopted

on demands of property owners in all parts of the city.

Offer of the Woodmen of the World to buy bonds at a price \$60 or on \$70 below par on a \$1,000 bond, Commissioner Ure said, could not be accepted because law prohibits sale of municipal bonds at a price below par. He suggests that property owners demanding improvements make up the difference of \$60 or \$70 on each \$1,000 bond and enter into negotiations with the Woodmen for their purchase.

On June 30, 1919, there were 67,424 factories, employing 1,384,888 persons, in New York state.

### Woodmen to Build Another Farnam Street Skyscraper

A 10 or 12-story building will be erected by the Woodmen of the World on the site just east of the present building on Farnam street. Announcement of the purchase of the site and plans for construction was made yesterday by W. A. Fraser, sovereign commander of the Woodmen. The lot purchased at \$111-13 Farnam street, has a frontage of 40 feet and the consideration was said to be \$90,000.

Construction work will begin as soon as labor and material conditions are more settled, Fraser said.

### Wild Automobile Crashes Into Downtown Windows

The building will be used largely for offices of Woodmen officials.

An automobile driven by Harry Joseph, 115 Twenty-ninth street, ran wild yesterday morning and crashed into the plate glass windows of the Roges cafe and the Freling & Steine Trunk store at 1803 Farnam street. Joseph, who says he lost control of the car, was arrested for reckless driving. He was not injured.

### Wandering Boy Is Found In Douglas County Jail

Mrs. Lander Bonitta, Gallup, N. M., knows where her wandering boy is tonight. And to this knowledge is added the assurance that he will continue to be there until July 15. Several days ago at the request of Mrs. Bonitta, The Bee printed a picture of her son, who has been missing since last Christmas. She was worried about him. Yesterday the wanderer, who is not now, strictly speaking, a wanderer at all, identified himself through bars in the county jail. He was sent up for robbery and can't go home but has

### Demand Armenia Withdraw From Disputed Territory

London, May 4.—Diplomatic advisers state that the government of Azerbaijan sent an ultimatum Saturday to the Armenian republic of Erivan, demanding that the latter withdraw from disputed frontier territory, failing which the Azerbaijan forces were crossing into Armenia.

Armenia refused to comply. No military action has thus far been reported, but the situation undoubtedly is serious.
