One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. How much easier it is for the Mothers of Today -than the Mothers of Yesterday

WAY BACK in the days of Mother's Bread, think of all the hardships Mother had to contend with in order to do her housework. There were no electric wash days, electric sweepers, irons, gas ranges, telephones or nearby grocery stores that sold everything for the table, ready to serve.

Mother did all the work herself, and, if you'll remember, she did it with a smile and a song, a cheerfulness that was hard to understand. But it did not matter to Mother how many hours she spent in the kitchen. Her every joy-her every happiness-came in doing things that made the days brighter for us kiddies.

Can't you see her now, standing over the old range or kitchen table, cutting out the doughnuts, cookies or fitting the pie crust to the pans? And remember how, on Bread Days, we used to hang around the kitchen just about baking time in order to get a "heel" covered with jam or brown sugar?

Gee, those were wonderful days-those kid days of long ago!

But today the mothers have been spared those long hours of toil. Today Mother can devote her thoughts to giving more time to the kiddies. She can spend her time seeing that the kiddies of today receive better education, and better care than we did, and her life has been made the sweeter.

In making Tip-Top and Hard Roll Breads, we try to equal those standards of bread-making that your Mother set for us. We want them to be so good that your enjoyment in them will be the greater, and, if possible, to bring back to you the memories of those good old days when you were kids.

Try a loaf today. Don't just say "A loaf of bread" to your grocer. Insist that you get the bread that has our "guarantee" and trademark on it, and then you'll be ready to thoroughly enjoy Mother's Breads all over again.
