## Camp Fire Girls

The Omaha Guardians' association held its council fire at the Y. W. C. A. Thursday evening. Mrs. S. McGill, Mrs. M. Shaefer, Mrs. Theodore Biales and Mrs. L. A. Hornburg took the desire. Mrs. L. B. Webster took her wood gatherers' rank and Miss Anne Erixson took her torchbearers' rank. Mrs. Fred Nisewanger acted as guardian, while Miss Anne Erixson, Miss Olga Jorgenson and Miss Mary Louise Guy lighter the candles of work, health and love. Mrs. W. E. Bolin gave a talk on the value of a study of first aid and home nursing to Camp Fire guardians.

The Guardians' association will have a hike to the summer home of Olga Jorgenson on Thursday, May 20. The trail will lead from the end of the Florence car line over the North River road. The Abanakee group held a council fire Monday at the home of Arlene Shamp. Jean Kane and Katherine Bullock took their desire to become Campfire Girls. The candles of work, health and love were lighted by Mildred Ayer, Agnes Bexton and Arlene Shamp. At this time they collected their French orphan pledge. The Wahwasti group, with Miss Mabel Rasmussen guardian, spent Saturday morning hiking through the woods near the end of the Albright line. The girls cooked their own breakfast, then spent the rest of the time studying flowers.

At the home of Betty Blackwell Miss Helen Regens' group met Wednesday and made plans for a council fire at their next meeting. Plans for camp were also discussed. The Nawakwa group met with Helen Baker and planned for a hike on Saturday afternoon. Two of the girls are working out the menu for the lunch and are going to try to make a campfire lunch at 10 cents per girl. The Oecoca group met at Omaha and had the first reading of the play they are to give. Parts were assigned at this meeting.

The Wit-a-Wentin group was formed Thursday and made plans for a council fire at their next meeting. The guardian is Mrs. S. H. Schaefer, with Miss Bernice Kulakofsky as assistant. The members are Mildred Miller, Kate Goldstein, Ruth Wilinsky, Harriet Lillis, Bessie Horn, Minnie Rabinowitz, Kate Goldstrom and Gertrude White. At the meeting Miss Guy, head of Campfire groups, told what was required of Campfire Girls. After choosing the name of the club election was held. The officers are: President, Mildred Miller; vice president, Kate Goldstein; secretary, Ruth Wilinsky; treasurer, Harriet Lillis; reporter, Gertrude White. After the election, refreshments were served and the club then adjourned to meet in two weeks at the home of Bessie Horn.

Last Tuesday evening the Campfire group, consisting of older girls of the Lutheran Church of Our Redeemer, met. The group has now decided on its name and will hereafter be known as the Lureokioyo. Part of the time was spent in selecting a name, symbol and headband for each girl. You may well guess that every name chosen is both pretty and well appropriate to the girl to which it belongs. Miss Guy was the guest of the evening and she told the group many interesting facts about the camp life during the summer. "Every one of the girls seemed very enthusiastic over it and no doubt the Lureokioyo will be well represented at the camp this summer. The Lureokioyo intend to do many helpful things and live up to its name in the church, home and the community in which they live. Watch the doings of the Lureokioyo.

# Mary Duffy a Bride

A bride of Wednesday is Mrs. Martin Harold Miller nee Miss Mary Duffy of Omaha. Her marriage took place in Notre Dame, Ind. ## Modes of the Moment

The serge frock which will alternate with the tailleur for street wear is rather military in its bodice aspect, with two rows of buttons running from the sides of the collar, slanting down to the bust line. The skirt may have plain sides with buttons, but it must have front and back pleated panels.  
Slip-on gingham frocks, adorable enough to wear anywhere, are to be all the rage this season. They are of imported check goods, in all the shades of the rainbow, and have the most fetching little coats and coats imaginable to wear with them. White linen, organdy or pique collars, cuffs, belts and pipings tone down their high coloring.  
Patterned pussy-willow silk is seen combined to advantage this season with plain dream crepe, one soft silken fabric accentuating the charm of the other.

**Can't enjoy this delightful recreation—if your feet hurt!**

A lot of fun if your shoes fit properly, but if they press or cramp, or do not support the arches—dancing becomes a TORTURE.

You will enjoy dancing to the fullest measure in a pair of JOHN KELLY shoes. They are built to fit your feet, without sacrifice of style and distinction. Consult our Surgeon-Chiropodist, in this store, Free of Charge.

# Mrs. Dietrich Writes From The East

Suffragists and anti-suffragists, which together include most everybody, are concerned in what Connecticut will do with the federal suffrage amendment. Will Governor Holcomb call a special session? That is the real question, for it seems evident that the legislature will ratify in case he does. Mrs. Charles Dietrich of Hastings is in the east now, using her influence along with that of women from all other states, to bring about the session.

A letter from Mrs. Dietrich gives a glimpse of the strenuous and fascinating campaign which is being waged in Connecticut along peaceful, constructive and optimistic lines. Mrs. Dietrich says from Farmington, May 8:

"We gathered in New York for a dinner as Mrs. Catt's guests at the McAlpin hotel last Sunday evening. A representative from every state. You have never seen a finer looking lot of women. Some of them are extremely interesting. We have three directors of the League of Women Voters, several state presidents of the Federation of Clubs, and Senator Helen Ring Robinson of Colorado. The New Orleans lady is a pilot, makes flights in her airplane every day; she was the only licensed woman pilot in France. She did remarkable war work and is considered an orator. Mary I. Wood is the New Hampshire representative.

"We all went to Hartford together Monday morning, were whisked from the station to a big luncheon at the Country club. There were just three speakers there, Mrs.

Dietrich was one of them. There we were divided into groups and sent to different cities for the evening rally. Fortunately my group went to New Haven where Mrs. Catt spoke as wonderfully and as convincingly as she always does. At all the meetings resolutions are introduced calling on the governor to call the special session. Today we go to East Hartford, tomorrow to Middletown and then back to Hartford for the final attack on the governor. In my group are Mrs. Perham of Montana, a member of the state central republican committee, and Mrs. Benjamin F. Saunders of Mississippi. Both of them are state federation presidents."

Mrs. Dietrich makes no prophecy as to the result of the campaign, but it is known that suffragists are sure of ratification by a 36th state, sooner or later, and to them it seems Connecticut will only lose an opportunity to get on the honor roll if it refuses to act favorably now.

## Memphis Woman Has Been Appointed as Judge.

Mrs. F. T. Kelly, Memphis club woman and leader of the Parent Teachers' association, has been appointed judge of the juvenile court of that city. The mother of several children and earnestly interested in child welfare, Mrs. Kelly is considered well qualified for the place. She is not a lawyer and has never been identified with women suffragists. Mrs. Kelly will not take her place on the bench until the possibility of legal obstacles have been investigated.

One of the most interesting French war heroines is Madame Renon, who in 1914, at the age of 71 years, joined the French army as a nurse. During the Franco-Prussian war she was a canteen keeper.

# ISKO

## Electrical Refrigeration

## Come and See ISKO the Electric Cold Maker

The day is not far distant when refrigeration by melting ice will be as rare in the modern home as kerosene lamps. Isko, The Electric Cold Maker, provides a dryer, cleaner, more constant cold and at the same time eliminates all the uncertainties and inconveniences of ice. It operates automatically; needs no watching.

Isko stops food waste. Its keen, dry cold protects meats, vegetables, milk and butter, keeping them fresh and palatable for long periods of time.

All the ice needed for table use Isko makes from pure drinking water in conveniently sized cubes.

We are making immediate installations of Isko. Remember you need not buy a new refrigerator. Isko may be attached to the one you now have, operated from any desired location.

Don't wait until warm weather to install Isko refrigeration. The longer you delay the greater will be the demand and the longer you must wait your turn.

Come in now and see Isko at work. To see it is to desire it.

Isko also comes in larger sizes for hotels, clubs, restaurants, markets and other commercial uses.

Our illustrated booklet, "Electric Refrigeration," tells the story of Isko. Sent upon request.
