

## HORSE BREEDERS OF STATE TO HOLD MEETING IN CITY

Will Convene Saturday to Form Permanent Branch of Horse Association of America Here.

What promises to be one of the most important events in the history of the Omaha stock yards is the meeting of several hundred breeders of horses of western Iowa, Nebraska and South Dakota, who will gather at the Exchange building at the stock yards Saturday for the purpose of organizing a permanent branch of the Horse Association of America in the middle west.

A movement is on foot throughout the United States to increase the production and stimulate the demand for horses and mules bred to types most suited to perform the duties required of them. The Horse Association of America, whose main office is in Chicago, is behind the enterprise and a large majority of the leading men in the horse, mule and allied industries in the middle west will gather at the Exchange building Saturday.

**Prominent Men to Speak.** There will be a dinner at the Exchange building at noon, when Mayor Smith will deliver an address of welcome. Wayne Dinsmore, secretary of the Horse Association of America of Chicago will address the meeting and outline the large purposes of the organization. Prof. E. A. Burnett of the animal husbandry department of the State university, and M. K. Ronin of Fremont and others, will also make brief talks.

After the luncheon the visiting delegates will be entertained by the Omaha Driving club at the formal opening of the new Ak-Sar-Ben race track, and in the evening the convention will meet at the Fontenelle hotel for the election of officers of the local branch of the association.

**Peters Arranges Meeting.** A. D. Peters, 213 Grain Exchange building, officiated as local secretary in arranging for the meeting Saturday and announces having received responses from a large number of horsemen who have expressed their intention to join the local organization.

It is pointed out that it is becoming evident that horses and mules will always be a necessity for farm work and city traffic. The recent storms made work on farms impossible with a tractor, the ground being too soft and old Dobbin was called in to fill the breach. Horses and mules continue to do much of the work of spring farming in the fields.

**Purpose of Association.** The Horse Association of America, it is announced, was organized to educate the public as a whole to the value of horses and mules and not a sportsman's organization, but a movement of utility and a nonprofit association to aid in the education of city people as well as farmers and breeders. The scope of the association will include light delivery, driving and saddle horses.

Branches of the national organization are being formed throughout the United States and, according to Mr. Peters, every effort is being made to establish one of the largest branches in the country in Omaha.

## Mullen Woman Is Given Judgment Against Bank

Mullen, Neb., May 10.—(Special Telegram.)—Mrs. Etta Barackman was awarded a judgment of \$646 by Judge Westover today when Jack C. Bristow, cashier of the Citizens bank, was unable to produce checks to show that she had withdrawn \$500 from her account.

The bank contended that Clem L. Barackman, for whose death Mrs. Barackman served a term in the Lancaster penitentiary, had withdrawn the \$500 from her account. When Cashier Bristow was unable to produce an order or check admitting such a withdrawal, Judge Westover instructed the jury to return a verdict for the plaintiff.

## LAST OF CATTLE RUSTLERS SAID TO BE ARRESTED

Hooker County Rancher, Alleged to Be Leader, Caught—Charge Big Outfits Behind Thefts.

Mullen, Neb., May 10.—(Special Telegram.)—The end of an organized band of cattle rustlers, directed by a "genius higher up," who for years have stolen thousands of dollars worth of cattle in Nebraska, was seen today when Jess Ingram, who police say is a confessed member of the gang, was captured after a sensational chase which took his pursuers from Nebraska into Kansas, Texas, and finally to Gillette, Wyo.

Randolph Schmidt, alleged to be another member of the band and a neighbor of Ingram's, police say confessed to having aided the latter in driving two carloads of cattle to Hecla for shipment to a Kansas City commission firm.

Further sensational developments in the case, it was said, are likely to result in the arrest of several men who are believed to have directed the operations of the gang.

The formation and operation of the band, whose most recent depredations caused heavy losses to small ranch owners, is said to have been directed against small cattle producers many of whom directly charge an organized attempt to force

## How About Your Catarrh?

Do You Want Real Relief?

Then Throw Away Your Sprays and Other Makeshift Treatment.

First of all find out just what causes your Catarrh. If it was merely a local irritation and inflammation of the delicate linings of the nose, throat and air passages, then you might reasonably expect to be cured by the use of local remedies. But have you ever known of one single person to be freed from the slavery of Catarrh by any kind of local treatment?

Why? Simply because you have overlooked the cause of these symptoms, and all of your treatment has been misdirected. Remove the cause of the clogged-up accumulations that choke up your air passages, and they will naturally disappear for good. But no matter how many local applications you use to temporarily clear them away, they promptly reappear and will continue to do so until their cause is removed.

S. S. S., the fine old fifty-year-old blood remedy, is an antidote to the millions of tiny Catarrh germs with which your blood is infested. A thorough course of S. S. S. will cleanse your blood, and remove the disease germs which cause Catarrh.

them to sell their ranches to the larger outfits. A number of prominent cattlemen, it is alleged, may be involved in the scandal.

Suspicion was directed at Ingram through a secret checking up process, which revealed the fact that he had for some time been shipping more cattle than he was known to own. When losses to small owners recently became pronounced and stringent measures were taken to apprehend the band Ingram deserted his wife and family and left Hooker county, later being captured at Gillette.

## Lewis C. Holcomb Is Given 25 Years for Kirkpatrick Murder

Mullen, Neb., May 10.—(Special Telegram.)—Lewis C. Holcomb, found guilty of second degree murder for the shooting of Perry N. Kirkpatrick last fall, today was sentenced to 25 years imprisonment by Judge Westover in district court.

Judge Westover stated after a trial that he had not given Holcomb a life sentence because the jury had shown by its verdict that it did not believe the extreme penalty warranted, or else it would have returned a verdict of first degree murder.

Mrs. Holcomb declared that she would not appeal the case, but would later attempt to get a parole for her husband.
